CONTENTS

Introduction 1

Part I: THE SIMPLIFIED WORLD 7

1 The Intelligence Error 9

2 Turing at Bletchley 19

3 The Superintelligence Error 33

4 The Singularity, Then and Now 44

5 Natural Language Understanding 50

6 AI as Technological Kitsch 60

7 Simplifications and Mysteries 68

Part II: THE PROBLEM OF INFERENCE 87

8 Don't Calculate, Analyze 89

9 The Puzzle of Peirce (and Peirce's Puzzle) 95

10 Problems with Deduction and Induction 106

11 Machine Learning and Big Data 133

12 Abductive Inference 157

13 Inference and Language I 191

14 Inference and Language II 204

Part III: THE FUTURE OF THE MYTH 235

15 Myths and Heroes 237

16 AI Mythology Invades Neuroscience 245

17 Neocortical Theories of Human Intelligence 263

18 The End of Science? 269
