

7

Intro-
duction

/7

Already 20 years
moving forward

/8

20 years of FIT in
numbers

/10

Faculty grows,
values remain

14

We change
history

/16

As time went by

/18

If you want to found
a faculty, you need
a notebook.
Preferably a lined one

/22

Declaration of the
employees of the
Department of
Computer Science
and Engineering of
21 September 2000

24

We change
Královo
Pole

/26

Monastery,
brewery and a
supercomputer. FIT
managed to connect
the unconnectable

/30

First Mass
celebrated in
a lecture hall at FIT

/32

The FIT compound
– an object of
cultural heritage that
withstood wars and
imperial decrees

34

**We change
the ways of
thinking**

/36

We are not just giving out tips and tricks. We want students to be able to come up with them on their own

/40

Extracurricular activities for students

/42

<F>IT summer school for girls

/44

When knowledge is changing the world

48

**We are
changing
science**

/50

Science pushes us further. And we are pushing science forward

/55

Made in FIT

/56

Our milestones in research

/58

We want to close the gap between science and industrial applications

/62

FIT in media

64

**We are
changing the
boundaries**

/66

People are the greatest wealth. Internationalisation is our opportunity

/70

The experience of a lifetime? An internship in Africa

/74

From the Basque Country to Brno. Mireia Diez Sánchez came to FIT to teach computers to understand human speech

76

**We are
changing
the future**

/78

What will our industry look like in 10 years and what will we be researching?

/80

Campus in 2032
