## BRIEF CONTENTS

SPOTLIGHT 4.1

Preface xiii	cobulary 128 Answers 128	
PARTI	Management Science	
Chapter 1	Urban Services 2	
Chapter 2	Business Efficiency 31	
Chapter 3	Planning and Scheduling 69	
Chapter 4	Mathematics in Your Daily Life: Linear Programn	ning 106
PART II	Statistics: The Science of Data	041 Prest Urban Services Promote 140
Chapter 5	Exploring Data: Distributions 142	Using Technology to Calculate Constations 1963 F.F.
Chapter 6	Exploring Data: Relationships 190	Regression Toward the Mean 205! THOLITORS
Chapter 7	Data for Decisions 230	Ce leina pueuloen
Chapter 8	Probability: The Mathematics of Chance 272	EPOTLIGHT Aspect of Problem Selvingh 6 J T 9 a
DADTIII	Valina and Carial Ohaias	
PART III	Voting and Social Choice	323
Chapter 9	Social Choice 324	
Chapter 10	Weighted Voting Systems 361	
Chapter 11	From Primaries to Presidency 398	Meter-Reading Task 17 at 2 valudation weiver
PART IV	Fairness and Game Theory	427
Chapter 12	Fair Division 428	Self Check Answers 19 Set sespons a rangerio
Chapter 13	Apportionment 453	Extended Projects - 225 - SS - sesionex3 - 1919sn3 - N
Chapter 14	Game Theory: The Mathematics of Competition	497
PART V	On Size and Growth	539
Chapter 15	Growth and Form 540	
Chapter 16	Cylinitically distall detection of t	Chapter 2 Business Efficiency guidenss
Chapter 17	Tilings 614	
	# Extended Projects 104	2.2 Traveling Salesman Problem 38 Travellar Content of the content
PART VI	Your Money and the World's Resource	es genteeles philevent phique 650
Chapter 18	Money Over Time 651	
Chapter 19	Loan Models 685	
Chapter 20 The Economics of Resources 715		
ALCEDDA	REVIEW	Ethics in Experiments 248 SatotaeonA nominoo AR-1
ALGEBRA	Relationshipsor primms gong 190	Inference: From Sample to Penolistic priving
	4.2 Linear Programming and Mixture Pro
