

CONTENTS

1.	Introduction	9
2.	Comments on the Historical, Methodological and Methodical Framework of the Research	13
3.	Research Objectives and Methodology	17
3.1	Research Aims	17
3.2	Research Methodology	18
4.	Theoretical Models of Economic and Social Relations Between the Great Moravian Agglomerations and the Nearby Settlements	21
5.	Archaeological Research at the Mikulčice-Trapíkov Site (Chronological Overview, Methodology of Field Research, Basic Records and Publication of Archaeological Data)	25
6.	Excavation Results, Archaeological Contexts	33
7.	Results of Fieldwork and Portable Finds: Artefacts and Ecofacts	45
7.1	Methods of Description, Analysis and Synthesis of Archaeological Data	45
7.1.1	Intra-Site Spatial Analyses	45
7.1.2	Artefacts: Ceramics	46
7.1.3	Ecofacts	48
7.2	Results of the Analysis and Synthesis of Archaeological Data	50
7.2.1	Spatial Relationships of Contexts and Spatial Distribution of Artefacts and Ecofacts at the Settlement - Intra-Site Analyses	51
7.2.2	Artefacts - Pottery	62
7.2.3	Ecofacts	86
8.	Archaeological Model of the Trapíkov Settlement and the Hinterland of the Mikulčice-Valy Agglomeration	111
8.1	Chronology	111
8.2	Economic Strategy, the Hierarchy of Settlements, the Impact of the Centre and the Use of Land	112

9.	Rural Economy and Centres in the Context of the Organisational and Functional Principles of Great Moravia	119
9.1	Landscape, Settlements and Rural Economy in Great Moravia	119
9.1.1	Cultural Landscape	120
9.1.2	Food Production	121
9.1.3	Agricultural Production, Innovation and the Centres	124
9.1.4	Spatial Distribution of the Settlements in the Mikulčice Hinterland - Dwellings, Farm and Production Buildings, Storage Pits and the Organisation of Craft Production	128
9.2	Economic Status of Great Moravian Centres - Modelling Great Moravian Settlement Hierarchy	134
9.3	Social Diversity, Diet and Workload in the Great Moravian Population (Elites, Free People and Slaves)	137
10.	Conclusion	143
11.	References	147
12.	Environmental Analyses	157
12.1	Archaeozoological Analysis of the Remains of Animal Bones from Mikulčice-Trapíkov (Gabriela Dreslerová)	157
12.2	Anthropological Analysis of the Skeletal Remains from Mikulčice-Trapíkov (Petra Brukner Havelková)	160
12.3	Isotopic Analysis of the Botanical Macroremains from Mikulčice-Trapíkov (Rastislav Milovský)	163
12.4	Analysis of Radiocarbon Dates Measured on Samples from Mikulčice-Trapíkov (Peter Barta, Marek Hladík)	165
13.	List of Dwellings, Cultural Layer, Features and Graves	169
14.	Resumé	173
15.	Tables	179
16.	List of Contributors	221
