

Friday 17 September 2021

Invited Lecture I

Long term outcomes of face transplantation
Pomahac B.

Invited V4 Lecture I

Beauty in reconstructive microsurgery – facts or myths? Current state of art
Drozdowski P.

Shifting paradigm and approach in reconstructive plastic surgery
Loderer Z.

Anatomical Subunit Approximation Technique in Unilateral Cleft Lip Repair
Palenčar D.

Dermal suspension mastopexy for control lower pole projection and medial stability of the breast. Advantages and disadvantages
Zálešák B.

Head and neck, trunk and extremity reconstructions

Remarks on cranio-maxillo-facial surgery page 17
Kobus K.

Extreme plastic reconstructive surgery practices page 17
Ozkan O. – on-line

Complex reconstructive after sarcoma resection page 17
Cigna E.

Surgical therapy of lymphedema in the last 5 years at the Department of Plastic and Aesthetic Surgery, St. Anne's Faculty Hospital Brno page 18
Veselý J., Hubová M., Hýža P., Kubek T., Bajus A., Streit L., Svobodová K., Kubát M., Dvořák Z.

Reconstruction of spastic upper limb supination – Can we improve something? page 18
Fialova L., Horackova D., Fajtova K., Borges I.

Postbariatric surgery

Our experience with post-bariatric plastic surgery page 21
Brychta P., Adlerová T., Hokynková A., Jelínková Z., Černoch F.

NovoNordisk - Aesthetic, plastic surgery and obesity - important and interesting data
Marik V.

NovoNordisk - Current trends in obesity treatment
Hálová Karoliová K.

Invited Lecture II

Periareolar mammoplasty: from pexy to reshaping and reduction- a new philosophy in breast surgery

Berrino P.

Rhinoplasty + Facial Aesthetics

Surgery of the nasal septum from ENT perspective

Rottenberg J., Gal B.

page 25

Aesthetic rhinoplasty: My approach

Kufa R.

Management of the thick nose

Niechajev I.

page 25

Open rhinoplasty with multiple cartilage grafts

Drazan L., Bayezid C.

page 25

Lower Blepharoplasty: applications of Tissue-Preserving Philosophy

Berrino V., Berrino P.

page 26

Calf augmentation and reconstruction

Niechajev I.

Allergan - Mini facelift without surgery

Molnár M.

Allergan - Injectables - a brisk manual for plastic surgeons

Kalinová L.

Lower extremity reconstructions

Limb salvage with acellular dermal matrix template after persistent pseudomonas infection in a burn patient

Gladysz M., März V., Vogt P.M., Krezdorn N.

page 28

Reconstruction of large femoral defects using vascularised bone grafts

Šedivý O., Kempny T.

page 28

Major haematological complications following hemipelvectomy for chondrosarcoma and free flap surgery – two cases report

Šuk P., Christodoulou P.

page 29

Multidisciplinary approach of sacral chordoma: From oncological treatment to reconstructive surgery (Case report)

Polák P., Christodoulou P., Lesenký J.

page 29

Free fillet lower leg flap for reconstruction after hemipelvectomy – Case report

Kubát M., Dvořák Z., Tomáš T., Apostolopoulos V.

page 30

Case reports + Overviews

Pyoderma gangrenosum - a rare complication of reduction mammoplasty - a case report page 32
Hasenöhrlová L., Šíroká M., Kiss K., Fibír A.

Low and average-quality studies favor the use of adipose-derived stem cells (ADSCs) and stromal vascular fraction (SVF) in skin scar treatment – a systematic review of clinical studies
Stachura A., Paskal W., Pawlik W., Mazurek M. J., Jaworowski J. page 32

Amniotic Band Syndrome in adult - case report page 33
Kolenda M., Kolasiński J.

Thromboembolic Complications in Plastic and Aesthetic Surgery: Pre-operative risk assessment and prophylactic
Kolenda M.

An overview of donor nerve selection in segmental gracilis transfer. Cross-face nerve graft, motor nerve to masseter and the dual innervation concept page 33
Bayezid C., Streit L., Joukal M., Macek J.

Saturday 18 September 2021

Fat grafting

Acta chirurgiae plasticae
Dvořák Z., Fibír A.

Management of hypertrophic scars page 35
Klosová H., Zálešák B.

Fat grafting combined with internal tissue expansion – a new option for breast reconstruction after total mastectomy page 35
Kolasinski J., Pyka P.

Immediate breast reconstruction with fat grafting: Quality of life and patient satisfaction page 36
Abukhovich K., Streit L., Kubek T., Dražan L., Bajus A., Novák P.

Single Staged Mastopexy With Fat Grafting: Autologous Alternative to Augmentation Mastopexy page 36
Streit L., Schneiderova M., Abukhovich K., Bajus A., Berkeš A.

Cytotoxic Effects of Local Antibiotics on Adipose Tissue in Fat Grafting – an in-vitro Study page 37
Wang Y., Diehm Y., Schulte M., Gazyakan E., Kotsougiani-Fischer D., Kneser U., Fischer S.

Invited V4 Lectures II

Complications after breast augmentations with Aquagel page 39
Červeň D., Žikla, Zelenák J.

Mastopexy augmentation - right decision more important than the surgery page 39
Charytonowicz M.

Cooperation between plastic surgery and other specialities at University of Pecs
Pavlovics G.

My approach to external browpey during upper blepharoplasty page 39
Marik V., Kurial P.

Invited Lectures III

My innovation journey

Hong J. P.

Breast I

The anatomic breast conserving surgery - ready for the sick lobe specific surgery page 42

Mátrai Z., Petneházy O., Gödény M., Sávolt Á., Újhelyi M. – on-line

Bilateral prophylactic nipple-sparing mastectomy: Analysis of the risk-reducing effect in BRCA1/2 mutation carriers page 42

Mestak O., Staněk K., Molitor M., Šuk P., Jonáš F., Zimovjanová M.

Clinicopathological correlations of areola-sparing mastectomies versus nipple-sparing mastectomies: Analysis of the oncological and cosmetic importance of the components of the nipple-areola complex. page 43

Domján S., Dorogi B., Újhelyi M., Kenessey I., Ivády G., Mátrai Z.

Effectiveness of prophylactic mastectomy page 43

Barkeš A., Streit L., Dražan L., Veselý J., Kubek T., Hýža P., Šín P., Bajus A., Kanuščák K., Feiková K., Strmiska O., Bohušová M.

Adyton - JOY - A completely new Breast Augmentation Experience

Kališová J.

Head and Neck

A Contemporary Approach to Facial Reanimation page 46

Streit L., Dubovská N., Bayezid C., Kubek T., Bajus A., Joukal M., Veselý J., Macek J., Bradáčová M., Nečasová B., Nosavcovová E.

Individualised anaesthesiology care in orofacial cleft patients page 47

Richtrová M., Košková O., Janků M., Musilová T.

Alveolar bone defect in patients with unilateral cleft lip and palate: Evaluation by CT with 3D reconstruction page 47

Večeřová M., Leamerová E., Borovec J., Kořová M., Weichet J.

Life quality assessment of patients suffering facial nerve paralysis after facial reanimation surgery page 48

Dubovská N., Streit L., Bayezid C., Macek J.

The frontal branch of the n.VII in relation to face-lift and lateral brow-lift approaches

Kurial P., Marik V., Polak P.

Surgical treatment of oral tumors with primary free flap reconstruction – our experience page 49

Třešková I., Hauer L., Andrlé P., Pošta P., Hrušák D., Skalický A., Woznica V., Podešvová J., Žídková A.

Evaluation of the results of ipsilateral and contralateral submental falps from the oncological and reconstructive point of view page 50

Pink R., Dvořák Z., Heinz P., Tvrđý P., Michl P., Beneš P., Mozoľa M.

Presenting Autor: Dvořák Z.

Reconstruction of the mandible - A maxillofacial surgeon's perspective

Blahák J., Daněk Z., Kempný T., Holoubek J., Šín P., Hokynková A., Bulík O.

Microsurgery

M. pronator quadratus free flap – anatomy, indication, clinical cases page 52

Kempny T., Knoz M., Holoubek J., Lipovy B., Musilová Z., Joukal M.

Implementation of surgeon conducted CCDU diep flap perforator mapping to practice: The learning curve page 52

Bajus A., Streit L., Dražan L., Kubek T., Veselý J., Berkeš A., Novák A.

Variability of use serratus anterior muscle free flap page 53

Šín P., Hokynková A., Pejčoch R., Mišurová N., Nártová L., Rotschein P.

Aptos - Thread lifting - non-invasive corrections of the face and body

Kalinová L.

Breast II

Comparison of Autologous Corial Flap and Absorbable Breast Mesh in Risk-Reducing Subcutaneous Mastectomy with Immediate Reconstruction page 55

Patzelt M., Zarubova L., Barta J., Vecerova M., Sukop A.

Evaluation of the central pedicled, modified Wise-pattern technique as a standard level II oncoplastic breast-conserving surgery: A retrospective clinicopathological study of 190 breast cancer patients page 55

Kelemen P., Pukancsik D., Újhelyi M., Kovács E., Stamatiou A.,

Ivány G., Kenessey I., Kovács T., Smanykó V., Rubovszky G., Mátrai Z.

Evaluation of the medially pedicled skin-reducing nipple-sparing mastectomy as a standard mastectomy technique for large and ptotic breasts page 56

Ping O., Sávolt Á., Fülöp R., Mészáros N., Mátrai Z.

Long-Term Dynamic Changes in Cosmetic Outcomes and Patient Satisfaction after Implant-Based Postmastectomy Breast page 56

Reconstruction and Contralateral Mastopexy with or without an

Ultrapro Mesh Sling Used for the Inner Bra Technique

Újhelyi M., Ping O., Domján S., Fülöp R., Ivády G., Rachel T., Rubovszky G.,

Mészáros N., Kenessey I., József Zs., Mátrai Z.

Bottoming out and its solution page 56

Doležal T.

Assessing the needs of Hungarian breast cancer patients for modern oncoplastic breast surgical treatment. Questionnaire study of 500 patients page 57

Huszar O., Dorogi B., Mátrai T., Újhelyi M., Kenessey I.,

Kelemen P., Sávolt Á., Ping O., Pukancsik D., Mátrai Z.

Proper selection of the size of the implants before breast augmentation reduces the risk of dissatisfaction of the operated patients page 57

Kolenda M.

Bilateral latissimus dorsi flap for breast reconstruction in one stage

Dražan L., Knoz M., Streit L., Cheimaris A.
