

# LIST OF CONTENTS

## VOLUME I

	Page
Foreword . . . . .	1
List of participants . . . . .	5
Opening address by F. Běhounek . . . . .	13
1st session:	
PHYSICAL STAGE OF RADIOLYSIS: PRIMARY ACTIVATIONS AND TRACK STRUCTURE	
J. W. Boag: Approaches to track structure . . . . .	19
Discussion . . . . .	41
I. Santar: Current state of a priori yield predictions . . . . .	51
Discussion . . . . .	91
2nd session:	
ELECTRONS, IONS, AND EXCITED SPECIES IN EARLY STAGES OF LIQUID-PHASE RADIOLYSIS	
R. Voltz: Comments on the activated species in irradiated organic media . . . . .	139
Discussion . . . . .	187
R. Schiller: Some problems of ion-electron recombination . . . . .	221
Discussion . . . . .	241

## VOLUME II

	Page
3rd session:	
ELECTRONS IN SOLID PHASE	
B. G. Ershov: Nature and properties of trapped electrons in polar substances . . . . .	261
Discussion . . . . .	285
F. S. Dainton: Recent experiments on steady state and pulse radiolysis of alkaline aqueous systems . . . . .	295
Discussion . . . . .	325
A. C. Albrecht: Electrons in non-polar solids . . . . .	331
Discussion . . . . .	353
4th session:	
HYDROGEN ATOMS IN SOLID PHASE	
K. Vacek: Hydrogen atoms as studied by ESR . . . . .	367
Discussion . . . . .	391
5th session:	
LUMINESCENCE PHENOMENA IN SOLID PHASE	
M. Magat: Postluminescence of organic solid solutions . . . . .	423
Discussion . . . . .	443

VOLUME III

	Page
6th session:	
MECHANISMS IN RADIATION CHEMISTRY OF ORGANIC COMPOUNDS	
G. R. Freeman: Progress and problems in the radiolysis of alcohols . . . . .	479
Discussion . . . . .	503
J. Kroh: Role of ions in the radiolysis of hydrocarbons . . . . .	523
Discussion . . . . .	557
7th session:	
MECHANISMS IN RADIATION CHEMISTRY OF AQUEOUS SOLUTIONS OF ORGANIC COMPOUNDS	
E. J. Hart: Reactions of the hydrated electron with organic compounds . . . . .	601
Discussion . . . . .	633
E. J. Hart: Photodissociation of an $e_{aq}$ complex in $H_2$ saturated alkaline solutions . . . . .	637
Discussion . . . . .	643
A. Henglein: Pulse radiolysis of organic compounds in aqueous solutions . . . . .	674
Discussion . . . . .	692
Closing address by M. Haïssinsky . . . . .	693
