

Contributors vi
Preface xii

Section I: ONCOLOGY

1. Evaluation of the Cancer Patient 2
Reshma A. Rangwala, Anjali N. Avadhani, and Weijing Sun
2. Principles of Chemotherapy 6
Lisa A. Thompson, Cindy L. O'Bryant, Jessica H. Duman, and Wells A. Messersmith
3. Principles of Locoregional Therapy: Intra-Arterial Therapies 15
Eleni Liapi and Jean-François H. Geschwind
4. Principles of Locoregional Therapy: Thermoablative Techniques 28
Muneeb Ahmed and S. Nahum Goldberg

Part A Organ Specific Cancers

Hepatocellular Carcinoma

5. Hepatocellular Carcinoma: Epidemiology, Staging, and Medical Management 44
Robert E. Roses and Jean-Nicolas Vauthey
6. Surgical Management of Hepatocellular Carcinoma: Resection and Transplantation 51
Janivette Alsina and Timothy M. Pawlik
7. Hepatocellular Carcinoma: Ablative Therapies, Intra-Arterial Therapies 61
Riccardo Lencioni, Eleni Liapi, and Jean-François H. Geschwind

Colorectal Metastases

8. Colorectal Metastases: Medical Management 87
Mary F. Mulcahy
9. Colorectal Metastases: Surgical Management 104
Mark G. van Vledder and Michael A. Choti
10. Colorectal Metastases: Ablative Techniques 114
Luigi A. Solbiati
11. Colorectal Metastases: Intra-Arterial Therapies
(Chemoembolization/Radioembolization) and Portal Vein Embolization 122
Khairuddin Memon, Ahsun Riaz, David C. Madoff, Robert J. Lewandowski, and Riad Salem

Neuroendocrine Tumors

12. Neuroendocrine Tumors: Medical and Surgical Management 131
Peter D. Peng, David Cosgrove, and Timothy M. Pawlik
13. Interventional Oncology in the Management of Neuroendocrine Tumor Metastases 140
Terence P. Gade and Michael C. Soulen

Biliary Tract Cancers

14. Biliary Tract Cancers: Intrahepatic Cholangiocarcinoma 152
Kelvin Hong
15. Biliary Tract Cancers: Extrahepatic Management 163
Tarun Sabharwal and Andreas Adam

Renal Cell Carcinoma

16. Renal Cell Carcinoma: Medical, Surgical, and Image-Guided Therapies 176
Ronald Rodriguez and Christos Georgiades

Lung Cancer

17. Lung Cancer: Epidemiology, Staging and Medical Therapy 186
Marjorie G. Zauderer, Alexander D. Drilon, and Lee M. Krug
18. Ablation of Primary and Secondary Lung Cancers 200
Bradley B. Pua and Stephen B. Solomon

Bone/Musculoskeletal Tumors

19. Bone/Musculoskeletal Tumors: Painful Metastases 209
A. Nicholas Kurup and Matthew R. Callstrom

Part B Specialized Interventional Techniques in Cancer Care

20. Vascular Access: Venous and Arterial Ports 220
Thierry de Baère and Eric Desruennes
21. Palliative Care and Symptom Management 230
Sean M. Marks, Drew A. Rosielle, and William S. Rilling

Section II: GYNECOLOGY AND MALE FERTILITY

22. Management Options for Uterine Fibroids. 239
Justin S. Lee and James B. Spies
23. Uterine Artery Embolization: Indications and Imaging. 246
Howard B. Chrisman, Sabeen Dhand, and Robert L. Vogelzang
24. Uterine Artery Embolization for Symptomatic Fibroids: Clinical Presentation, Techniques, and Management 256
Douglas B. Yim, Darren D. Kies, and Hyun S. Kim
25. Uterine Artery Embolization: Outcome from Therapy. 265
James B. Spies
26. Pelvic Congestion Syndrome. 278
R. Torrance Andrews
27. Postpartum Pelvic Hemorrhage 291
Khashayar Farsad and John A. Kaufman
28. Varicocele 298
Andrew S. Akman, Ali Albayati, and Anthony C. Venbrux

Section III: VASCULAR ANOMALIES: HEMANGIOMAS AND VASCULAR MALFORMATIONS

29. Classification/Terminology 307
Aylin Tekes and Sally E. Mitchell
30. Medical and Surgical Management. 316
Katherine B. Puttgen, Richard J. Redett, and Sally E. Mitchell
31. Interventional Techniques 324
Steven L. Hsu, Clifford R. Weiss, and Sally E. Mitchell

Section IV: LIVER DISEASES

32. Transjugular Intrahepatic Portosystemic Shunts. 338
Ziv J. Haskal and Bertrand Janne d'Othée
33. Transjugular Liver Biopsy 353
Steven J. Krohmer and Nik Bhagat
34. Retrograde Balloon Occlusion Variceal Ablation. 361
Keigo Osuga, Hiro Kiyosue, and Hiroshi Anai

Section V: ARTERIAL OCCLUSIVE DISEASE

35. Epidemiology, Pathophysiology and Natural History of Atherosclerotic Peripheral Vascular Disease 371
Todd S. Perlstein and Mark A. Creager

Part A Diagnostic Noninvasive Evaluations

36. Diagnostic Noninvasive Evaluations: Ultrasound and Hemodynamic Studies. 388
Ido Weinberg and Michael R. Jaff
37. Diagnostic Noninvasive Evaluations: CT 402
Jonathan K. West, Patrick T. Norton, and Klaus D. Hagspiel
38. Diagnostic Noninvasive Evaluations: MRI 415
Moazzem Kazi and Martin R. Prince

- 39. Diagnostic Catheter-Based Evaluations** 426
John H. Rundback, Daniel Anghelescu, and Robert A. Lookstein
- 40. Medical Management of Peripheral Artery Disease** 433
Neil J. Wimmer and Joshua A. Beckman

Part B Endovascular Therapies

- 41. Endovascular Interventions: Upper Extremity** 442
Stephen T. Kee and John M. Moriarty
- 42. Endovascular Therapies: Proximal Great Vessels** 449
Andrew S. Ferrell and Tony P. Smith
- 43. Endovascular Therapies: Carotid Bifurcation** 470
William A. Gray
- 44. Diagnosis and Management of Mesenteric Ischemia** 488
James R. Stone, Ulku Cenk Turba, Saher S. Sabri, Wael E. Saad, John F. Angle, and Alan H. Matsumoto
- 45. Endovascular Therapies: Renal** 502
Louis G. Martin
- 46. Endovascular Therapies: Aortoiliac** 515
Sun Ho Ahn and Timothy P. Murphy
- 47. Endovascular Therapies: Femoropopliteal** 533
Gary M. Ansel and John A. Phillips
- 48. Endovascular Therapies: Tibial/Pedal** 544
Thomas Zeller, Aljoscha Rastan, and Andrej Schmidt
- 49. Endovascular Management of Multilevel Lower Extremity Disease** 575
Amardeep Johar and Bob R. Smouse
- 50. Management of Acute Thromboembolic Events in Lower Extremity Interventions** 588
Mahmood K. Razavi

Section VI: VASCULITIDES

- 51. Classification, Diagnosis, Natural History, and Medical Management of Vasculitides** 594
Kenneth J. Warrington, Tanaz A. Kermani, and Thom W. Rooke
- 52. Endovascular Management of Vasculitides** 606
Andrew Holden, Sanjiv Sharma, Brendan Buckley, Brigid N. Connor, and Priya Jagia

Section VII: ARTERIOPATHIES

- 53. Diagnosis and Role of Interventional Techniques** 621
Ryan M. Hickey and Albert A. Nemcek, Jr.

Section VIII: ANEURYSMAL DISEASE

- 54. Diagnostic Noninvasive Evaluations: CT** 638
Richard L. Hallett and Dominik D. Fleischmann
- 55. Magnetic Resonance Angiography of the Aorta** 657
Phillip M. Young and Robert J. Herfkens
- 56. Thoracic Aortic Aneurysms** 665
Joshua D. Adams and Alan H. Matsumoto
- 57. Abdominal Aortic Aneurysms** 677
Dai Yamanouchi and Jon S. Matsumura
- 58. Thoracoabdominal Aneurysms** 686
Tara M. Mastracci and Roy K. Greenberg
- 59. Renal Aneurysms** 697
Ulku Cenk Turba, Onur Sildiroglu, Leanne Doré Lessley, Michael D. Dake, and Alan H. Matsumoto
- 60. Mesenteric Aneurysms** 712
Sebastian Kos, David M. Liu, and Augustinus L. Jacob

- 61. Iliac Artery Aneurysms** 724
Adnan Z. Rizvi and Andrew H. Cragg
- 62. Popliteal Artery Aneurysms** 734
Heiko Uthoff and Barry T. Katzen

Section IX: OTHER AORTIC DISEASES AND ENDOVASCULAR MANAGEMENT

- 63. Aortic Dissection: Classification, Imaging Evaluation, Indications for Intervention** 746
Matthew D. Forrester and Michael D. Dake
- 64. Aortic Dissection: Principles of Endovascular Treatment** 758
David M. Williams, Himanshu J. Patel, and G. Michael Deeb
- 65. Acute Intramural Hematoma** 772
Cynthia E. Wagner and John F. Angle
- 66. Penetrating Atheromatous Aortic Ulcer: Diagnosis and Management** 777
Robert A. Lookstein, Kevin Herman, and John H. Rundback
- 67. Aortic Connective Tissue Disorders** 783
Chase R. Brown and Roy K. Greenberg
- 68. Aortic Inflammatory Disease (Mycotic Lesions, Fistulas, Anastomotic Disruptions)** 794
Saher S. Sabri and Margaret Clarke Tracci

Section X: TRAUMATIC ARTERIAL INJURIES

- 69. Aortic Injuries** 806
Naveed U. Saqib, Rabih A. Chaer, and Michel S. Makaroun
- 70. Traumatic Arterial Injuries: Arch Vessels** 818
John R. Gaughen, Jr. and Mary E. Jensen
- 71. Abdominal Trauma** 829
Kei Yamada, Shaun Loh, and David M. Hovsepian
- 72. Angiographic Management of Hemorrhage in Pelvic Fractures** 841
Khashayar Farsad, John A. Kaufman, and Arthur C. Waltman
- 73. Peripheral Trauma** 852
Rehan Hussain, Shawn Sarin, and Anthony C. Venbrux

Section XI: HEMORRHAGE

- 74. Gastrointestinal Hemorrhage** 862
Frederick S. Keller and Josef Rösch
- 75. Renal Hemorrhage** 874
Siddharth A. Padia and Karim Valji
- 76. Nasopharyngeal Hemorrhage** 886
Ricardo D. Garcia-Monaco

Section XII: EMBOLOGENIC ARTERIAL LESIONS

- 77. Aortic Sources of Emboli** 903
Andrew D. McBride, Ripal Gandhi, Heiko Uthoff, and James F. Benenati
- 78. Peripheral Sources of Distal Embolic Disease** 912
Francisco J. Contreras and Alex Powell

Section XIII: TRANSPLANT-RELATED VASCULAR DISEASES

- 79. Vascular Complications after Solid Organ Transplantation: Part 1: Liver Transplantation** 924
Wael E. Saad
- 80. Vascular Complications after Solid Organ Transplantation: Part 2: Renal and Pancreatic Transplantation** 952
Wael E. Saad

Section XIV: ARTERIAL ACCESS CLOSURE

- 81. Device-Mediated Access Closure: Indications, Techniques, and Complications** 964
David Lee

Section XV: VENOUS DISEASE AND ENDOVASCULAR MANAGEMENT**Part A Thrombo-Embolic Obstruction**

- 82. Acute Lower Extremity Deep Vein Thrombosis: Classification, Imaging Evaluation, Indications for Intervention.** 971
Haraldur Bjarnason, Phillip M. Young, and James C. McEachen
- 83. Acute Lower Extremity Deep Venous Thrombosis: Technical Strategies and the Roles of Regional Thrombolytic Infusions, Mechanical Thrombectomy, and Other Catheter-Based Therapies** 981
Suresh Vedantham
- 84. Pulmonary Embolism: IVC Filters—Indications and Technical Considerations** 990
Matthew S. Johnson, Francis E. Marshall, and Christian N. Johnson
- 85. Endovascular Therapy for Acute Pulmonary Embolism** 998
William T. Kuo
- 86. Chronic Lower Extremity Venous Occlusive Disease: Medical Management and Interventional Strategies** 1014
Gloria L. Hwang
- 87. Mesenteric Venous Thrombosis: Diagnosis, Natural History, and Interventional Strategies** 1028
Ramona Gupta and Robert K. Ryu

Part B Dialysis Access Disease

- 88. End-Stage Renal Disease and Dialysis Access: Epidemiology, Natural History, and Diagnostic Monitoring** 1037
Bart L. Dolmatch, Miguel A. Vazquez, and Ingemar J. Davidson
- 89. Interventional Management Strategies for the Failing or Failed Dialysis Access** 1048
Mark Otto Baerlocher and Anne C. Roberts

Part C Vena Cava Obstruction

- 90. Superior Vena Cava—Malignant Lesions** 1064
Narendra B. Gutta and Stephen B. Solomon
- 91. Benign Disease of the Superior Vena Cava and Innominate Veins.** 1074
Andrew Misselt and Jafar Golzarian
- 92. Inferior Vena Cava Obstruction** 1079
Kenneth J. Kolbeck and John A. Kaufman

Part D Venous Entrapment Conditions

- 93. Venous Compression Syndromes.** 1087
Daniel Y. Sze

Part E Budd-Chiari Lesions

- 94. Budd-Chiari Lesions.** 1103
Robert K. Kerlan, Jr. and Jeanne M. LaBerge

Part F Varicose Veins

- 95. Pathophysiologic Basis and Hemodynamic Effects.** 1115
Bertrand Janne d'Othée and Ziv J. Haskal
- 96. Chronic Venous Insufficiency and Varicose Veins: Imaging Evaluation and Indications for Intervention.** 1124
Bertrand Janne d'Othée and Ziv J. Haskal
- 97. Technical Strategies and Management of Varicose Veins.** 1133
Michael Darcy

Section XVI: PHARMACOLOGIC THERAPIES

- 98. Anticoagulation in Endovascular and Interventional Procedures.** 1143
Bradley B. Pua and David W. Trost
- 99. Principles of Thrombolytic Agents for Catheter-Directed Therapy** 1156
Charles P. Semba
- 100. Antirestenosis Agents and Attempts to Limit Intimal Hyperplasia** 1166
Lindsay Machan
