### Tables and Data

<b>Choosing good names for database objects</b>	<b>144</b>	How to do it...	149
Getting ready	144	How it works...	152
How to do it...	144	There's more...	152
There's more...	145		
<b>Handling objects with quoted names</b>	<b>146</b>	<b>Identifying and removing duplicates</b>	<b>154</b>
Getting ready	147	Getting ready	154
How to do it...	147	How to do it...	155
How it works...	148	How it works...	157
There's more...	148	There's more...	159
<b>Enforcing the same name and definition for columns</b>	<b>149</b>	<b>Preventing duplicate rows</b>	<b>159</b>
Getting ready	149	Getting ready	159
		How to do it...	160
		How it works...	162
		There's more...	163

<b>Finding a unique key for a set of data</b>	<b>165</b>	Getting ready	176
Getting ready	166	How to do it...	177
How to do it...	166	How it works...	179
How it works...	168	There's more...	179
<b>Generating test data</b>	<b>169</b>	<b>Loading data from flat files</b>	<b>179</b>
How to do it...	169	Getting ready	179
How it works...	172	How to do it...	180
There's more...	172	How it works...	182
See also	173	There's more...	183
<b>Randomly sampling data</b>	<b>173</b>	<b>Making bulk data changes using server-side procedures with transactions</b>	<b>184</b>
How to do it...	173	Getting ready	184
How it works...	174	How to do it...	185
<b>Loading data from a spreadsheet</b>	<b>176</b>	There's more...	186

## 6

### Security

<b>Overview of PostgreSQL security</b>	<b>190</b>	How it works...	198
Typical user roles	191	There's more...	199
<b>The PostgreSQL superuser</b>	<b>191</b>	<b>Granting user access to specific columns</b>	<b>199</b>
How to do it...	192	Getting ready	199
How it works...	192	How to do it...	199
There's more...	192	How it works...	200
See also	192	There's more...	200
<b>Revoking user access to a table</b>	<b>193</b>	<b>Granting user access to specific rows</b>	<b>201</b>
Getting ready	193	Getting ready	201
How to do it...	193	How to do it...	202
How it works...	195	How it works...	203
There's more...	195	There's more...	204
<b>Granting user access to a table</b>	<b>197</b>	<b>Creating a new user</b>	<b>204</b>
Getting ready	197	Getting ready	204
How to do it...	198		

How to do it...	204	How it works...	222
How it works...	205	There's more...	223
There's more...	205		
<b>Temporarily preventing a user from connecting</b>	<b>205</b>	<b>Integrating with LDAP</b>	<b>223</b>
Getting ready	206	Getting ready	223
How to do it...	206	How to do it...	224
How it works...	206	How it works...	224

## 12

### Replication and Upgrades

<b>Replication concepts</b>	<b>501</b>	<b>Replication best practices</b>	<b>507</b>
Topics	501	Getting ready	507
Basic concepts	502	How to do it...	508
History and scope	502	There's more...	509
Practical aspects	504		
Data loss	505	<b>Setting up streaming replication</b>	<b>510</b>
Single-master replication	505	Getting ready	510
Multinode architectures	506	How to do it...	510
Multi-master replication	506	How it works...	511
Other approaches to replication	507	There's more...	512

<b>Setting up streaming replication security</b>	<b>514</b>	<b>Performance and sync rep</b>	<b>533</b>
Getting ready	515	Getting ready	533
How to do it...	515	How to do it...	534
How it works...	515	How it works...	536
There's more...	516	There's more...	536
<b>Hot Standby and read scalability</b>	<b>516</b>	<b>Delaying, pausing, and synchronizing replication</b>	<b>537</b>
Getting ready	517	Getting ready	537
How to do it...	517	How to do it...	537
How it works...	520	There's more...	538
		See also	539
<b>Managing streaming replication</b>	<b>520</b>	<b>Logical replication</b>	<b>540</b>
Getting ready	520	Getting ready	541
How to do it...	520	How to do it...	541
There's more...	521	How it works...	543
See also	522	There's more...	544
<b>Using repmgr</b>	<b>523</b>	<b>BDR</b>	<b>545</b>
Getting ready	523	Getting ready	545
How to do it...	523	How to do it...	546
How it works...	525	How it works...	548
There's more...	525	There's more...	549
<b>Using replication slots</b>	<b>526</b>	<b>Archiving transaction log data</b>	<b>549</b>
Getting ready	526	Getting ready	549
How to do it...	527	How to do it...	550
There's more...	527	There's more...	551
See also	528	See also	552
<b>Monitoring replication</b>	<b>528</b>	<b>Upgrading minor releases</b>	<b>552</b>
Getting ready	528	Getting ready	552
How to do it...	529	How to do it...	552
There's more...	532	How it works...	553
		There's more...	553

<b>Major upgrades in-place</b>	<b>554</b>	<b>Major upgrades online</b>	<b>556</b>
Getting ready	554	How to do it...	556
How to do it...	555	How it works...	557
