<i>Preface</i>	ix
Introduction	1
1 The ultimate crisis of civilization: why turn to philosophy	9
<i>The crisis of philosophy and the humanities</i>	11
<i>The two cultures and the triumph of scientism</i>	14
<i>Continuing the struggle against nihilism</i>	20
<i>Castoriadis and the challenge of the radical enlightenment</i>	21
<i>Reconfiguring the history of philosophy after Kant</i>	26
<i>Speculative naturalism, the radical enlightenment and ecological civilization</i>	28
2 From analytic philosophy to speculative naturalism	33
<i>The eclipse of speculative philosophy: from Bolzano and Frege to Quine</i>	34
<i>Hintikka's critique of Quine</i>	44
<i>The 'continental' alternative to analytic philosophy: neo-Kantianism and idealism</i>	48
<i>Recovering the tradition of speculative naturalism: from Schelling to process metaphysics</i>	51
<i>From transcendental deductions to dialectics: from Kant to Hegel</i>	54
<i>Defending speculative naturalism through dialectics: from Hegel to Schelling</i>	59
3 Dialectics: from Marx to post-Marxism	64
<i>Marx's dialectics</i>	66
<i>Dialectics after Marx and Engels: Hegelian Marxism, existential phenomenology and Jean-Paul Sartre</i>	72
<i>The structuralist reaction to phenomenology</i>	76
<i>Genetic structuralism and dialectics</i>	81
<i>Pierre Bourdieu as genetic structuralist and dialectician</i>	86

	<i>Narratology and dialectics</i>	92
	<i>Synthesizing genetic structuralism and narratology to overcome Sartre's limitations</i>	95
	<i>The limitations of Marxist dialectics</i>	99
4	The dialectics of speculative naturalism	106
	<i>Extending dialectics into speculation: Collingwood, Peirce and Whitehead</i>	109
	<i>Dialectical thinking in post-positivist philosophy of science</i>	115
	<i>Speculative naturalism versus the naturalism of analytic philosophers</i>	120
	<i>Speculative naturalism and post-Newtonian science: the Schellingian tradition</i>	126
	<i>Speculative naturalism versus speculative materialism/realism: Alain Badiou or Robert Rosen</i>	134
5	Reviving the radical enlightenment through speculative naturalism	144
	<i>The triumph of techno-science over the humanities and its consequences</i>	146
	<i>The radical enlightenment and the struggle for democracy</i>	153
	<i>Speculative naturalism, philosophical anthropology and the humanities</i>	159
	<i>Naturalizing neo-Hegelian social philosophy: the radical spirit</i>	166
	<i>Objective and Absolute Spirit</i>	167
	<i>Subjective Spirit</i>	172
6	From the radical enlightenment to ecological civilization: creating the future	177
	<i>Ecology, eco-semiotics and human ecology</i>	179
	<i>The politics of eco-poiesis</i>	183
	<i>The ethics of eco-poiesis</i>	193
	<i>Human ecology, the human sciences and technology</i>	199
	<i>The dialogic grand narrative of ecological civilization</i>	208
	Conclusion: ecological civilization and 'Life, Liberty and the Pursuit of Happiness'	213
	<i>Bibliography</i>	220
	<i>Index</i>	246
