Introduction to the <i>Research Handbook on the Law and Economics of Competition Enforcement</i>	1
<i>Ioannis Kokkoris</i>	
1 Data collaboratives, competition law and the governance of EU data spaces	8
<i>Nicolo Zingales</i>	
2 Price fixing: public and private enforcement	50
<i>Daniel L. Rubinfeld</i>	
3 Pricing algorithms: the risk of collusion and personalised pricing	64
<i>Antonio Gomes and Pedro Gonzaga</i>	
4 Competition enforcement: is the abuse toolbox adequate?	76
<i>Maurits Dolmans, Henry Mostyn and Patrick Todd</i>	
5 Market power and big data: mapping the role of data under Article 102 TFEU	122
<i>Massimiliano Kadar and Luca Manigrassi</i>	
6 Data-related competition concerns in a digital era: key challenges for economic assessment	150
<i>Yan Yu, Chris Whelan and Jack Mays</i>	
7 Power imbalances in online marketplaces: at the crossroads of competition law and regulation	170
<i>Despoina Mantzari</i>	
8 Normative goals in merger control: Why merger control should not attempt to achieve ‘better’ outcomes than competition	193
<i>Stefan Thomas</i>	
9 Addressing national security concerns in the merger context	217
<i>Kyriakos Fountoukakos, Veronica Roberts and Ruth Allen</i>	

10	Common ownership and merger control enforcement <i>José Azar and Anna Tzanaki</i>	243
11	The economics of merger control in a dynamic world: a focus on the relevant counterfactual <i>Matthew Johnson and Ilaria Fanton</i>	280
12	Killer acquisitions? Evidence and potential theories of harm <i>Pierre Régibeau</i>	300
13	The boundaries of public interest in merger control: taking into account non-competition issues including industrial policy and environmental protection <i>Antonio Capobianco and Gaetano Lapenta</i>	324
14	Perspectives on digital regulation <i>Liza Lovdahl Gormsen</i>	347
15	Digital agoraphobia: exploitative abuses in digital markets <i>Maria Ioannidou</i>	369
16	Antitrust enforcement in the digital markets: the forgotten role of the courts <i>Claudia Lemus</i>	390
17	Is consumer welfare still fit for purpose in the EU competition regime? <i>Ioannis Kokkoris and Athanassios Skourtis</i>	410
18	Competition enforcement and sustainability: the odd couple <i>Cristina Volpin</i>	448
	Conclusions <i>Ioannis Kokkoris</i>	472
