# CONTENTS

## **PART ONE** ORIENTATION TO THE ROLE OF THE NURSE

### **UNIT I** SUCCEEDING AS A STUDENT NURSE, 3

- 1** Beginning a nursing career, 5
- 2** Developing healthful personal habits, 13
- 3** Learning effectively, 20
- 4** Communicating effectively, 24

### **UNIT II** USING SCIENTIFIC/MEDICAL INFORMATION AND VOCABULARY IN NURSING, 29

- 5** Describing the general plan of the human body, 31
- 6** Solving measurement and mathematical problems, 46
- 7** Using scientific/medical vocabulary, 55
- 8** Using patients' charts, 60
- 9** Transcribing physician's orders, 70

### **UNIT III** PROVIDING A THERAPEUTIC MILIEU, 79

- 10** Recognizing emotional needs of patients, 81
- 11** Using the nursing process, 92

### **UNIT IV** PROVIDING A SAFE PHYSICAL ENVIRONMENT, 105

- 12** Practicing medical and surgical asepsis, 107
- 13** Describing body defenses and reactions to invasion, 118
- 14** Making hospital beds, 124
- 15** Guidelines for patient care, 135

## **PART TWO** BASIC NEEDS OF PATIENTS

### **UNIT V** ASSESSING VITAL SIGNS, 141

- 16** Measuring body temperature, 143
- 17** Assessing pulse and measuring blood pressure, 147
- 18** Assessing respiration, 155

**UNIT VI** ASSISTING PATIENTS WITH HYGIENIC NEEDS, 159

- 19** The skin and its relationship to health, 161
- 20** Assisting with patients' baths, 164
- 21** Assisting patients with care of skin accessories, 172
- 22** Assisting patients with oral hygiene, 176
- 23** Assisting with elimination of body waste, 180

**UNIT VII** ADMITTING, TRANSFERRING, AND DISCHARGING PATIENTS, 189

- 24** Admitting patients to the hospital, 191
- 25** Assisting with a physical examination, 196
- 26** Moving, positioning, and transporting patients, 204
- 27** Transferring and discharging patients, 215

**UNIT VIII** ASSISTING PATIENTS WITH NUTRITIONAL NEEDS, 219

- 28** Describing the digestive system, 221
- 29** Describing essential nutrients, 225
- 30** Describing vitamins, 228
- 31** Explaining minerals, water, and cellulose, 236
- 32** Explaining digestion, absorption, and metabolism, 239
- 33** Assisting patients with meals, 242

**UNIT IX** ADMINISTERING MEDICATIONS, 247

- 34** Carrying out nursing responsibilities for administration of medications, 249
- 35** Administering oral and topical medications, 258
- 36** Administering medication by injection, 263

**UNIT X** ADMINISTERING BASIC NURSING INTERVENTIONS, 273

- 37** Caring for dependent patients, 275
- 38** Caring for surgical patients, 288
- 39** Caring for patients with wounds, 298
- 40** Using heat and cold therapeutically, 304
- 41** Caring for patients with communicable diseases, 309

**PART THREE** CARE OF PATIENTS WITH DEVIATIONS FROM HEALTH

**UNIT XI** DESCRIBING DISORDERS OF THE SKIN, 319

- 42** Reviewing structure and function of the skin, 321
- 43** Caring for patients with disorders of the skin, 322

- UNIT XII** DESCRIBING DISORDERS OF BLOOD AND LYMPH, 327
- 44** Describing blood and lymph, 329
  - 45** Caring for patients with disorders of blood and lymph, 334
- UNIT XIII** DESCRIBING DISORDERS OF THE ENDOCRINE SYSTEM, 343
- 46** Describing the endocrine system, 345
  - 47** Caring for patients with disorders of the endocrine system, 351
- UNIT XIV** DESCRIBING DISORDERS OF THE REPRODUCTIVE SYSTEM, 365
- 48** Describing the male reproductive system, 367
  - 49** Caring for patients with disorders of the male reproductive system, 370
  - 50** Describing the female reproductive system, 375
  - 51** Caring for patients with disorders of the female reproductive system, 379
- UNIT XV** DESCRIBING DISORDERS OF THE URINARY SYSTEM, 391
- 52** Describing the urinary system, 393
  - 53** Explaining diagnostic procedures for urinary system disorders, 396
  - 54** Caring for patients with disorders of the urinary system, 402
- UNIT XVI** DESCRIBING DISORDERS OF THE GASTROINTESTINAL SYSTEM, 411
- 55** Reviewing structure and function of the gastrointestinal system and the digestive process, 413
  - 56** Explaining diagnostic procedures for gastrointestinal system disorders, 414
  - 57** Caring for patients with disorders of the upper gastrointestinal tract, 421
  - 58** Caring for patients with disorders of the lower gastrointestinal tract, 429
  - 59** Caring for patients with disorders of the accessory organs of digestion, 440
- UNIT XVII** DESCRIBING DISORDERS OF THE MUSCULOSKELETAL SYSTEM, 445
- 60** Describing the musculoskeletal system, 447
  - 61** Caring for patients with disorders of the musculoskeletal system, 459
- UNIT XVIII** DESCRIBING DISORDERS OF THE NERVOUS SYSTEM, 473
- 62** Describing the nervous system, 475
  - 63** Explaining diagnostic procedures for nervous system disorders, 483
  - 64** Caring for patients with disorders of the nervous system, 490
- UNIT XIX** DESCRIBING DISORDERS OF THE EYES, EARS, NOSE, AND THROAT, 501
- 65** Describing the eyes and ears, 503
  - 66** Caring for patients with disorders of the eyes, 508

- 67** Caring for patients with disorders of the ears, 514
- 68** Caring for patients with disorders of the nose and throat, 517

**UNIT XX** DESCRIBING DISORDERS OF THE RESPIRATORY SYSTEM, 521

- 69** Describing the respiratory system, 523
- 70** Caring for patients with disorders of the respiratory system, 524

**UNIT XXI** DESCRIBING DISORDERS OF THE CARDIOVASCULAR SYSTEM, 541

- 71** Describing the cardiovascular system, 543
- 72** Explaining diagnostic procedures for cardiovascular disorders, 544
- 73** Caring for patients with disorders of blood vessels, 550
- 74** Caring for patients with disorders of the heart, 557

**UNIT XXII** CARING FOR PATIENTS WITH SPECIAL NEEDS, 571

- 75** Caring for patients with problems of homeostasis, 573
- 76** Caring for patients with chronic illness, 586
- 77** Caring for patients with cancer, 593
- 78** Caring for patients who need rehabilitation, 600
- 79** Caring for dying patients, 607

**UNIT XXIII** CARING FOR PATIENTS WITH MENTAL OR EMOTIONAL PROBLEMS, 617

- 80** Explaining mental health, 619
- 81** Caring for patients with mental illness, 626

**PART FOUR** CARE OF PATIENTS ACROSS THE LIFE SPAN

**UNIT XXIV** CARING FOR MATERNITY PATIENTS AND NEWBORN INFANTS, 633

- 82** Explaining the adult stage of life, 635
- 83** Describing the antepartal period, 639
- 84** Caring for patients during the natal period, 667
- 85** Caring for patients during the postnatal period, 682

**UNIT XXV** CARING FOR INFANTS, CHILDREN, AND ADOLESCENTS, 699

- 86** Describing human growth and development, 701
- 87** Caring for sick children, 717

**UNIT XXVI** CARING FOR ELDERLY PATIENTS, 753

- 88** Caring for elderly patients, 755

**PART FIVE** PLANNING FOR PROFESSIONAL GROWTH AND CAREER DEVELOPMENT

**UNIT XXVII** PASSING FROM ROLE OF STUDENT TO ROLE OF LICENSED  
PRACTITIONER, 771

**89** Adapting to the role of graduate nurse, 773

**90** Planning for professional growth, 783

**Bibliography**, 787

**Appendix**, 790
