1.	Population and its movement	7
1.1	Trend of the number of inhabitants	8
	graph Population by age to 1.7.....	8
1.2	Population by age	9
1.3	Trend of demographic indices.....	10
	graph Trend of basic demographic indices.....	12
	graph Trend of live births by age of mother.....	12
1.4	Trend of life expectancy.....	13
	graph Trend of life expectancy at birth.....	13
1.5	Basic demographic indices in districts	14
	graph Structure of standardized mortality rate - males, females	17
1.6	Deaths and mortality rates by causes of death.....	18
	map Number of legally induced abortions per 1 000 women at fertile age.....	20
	map Infant mortality rate 2008–2012.....	20
1.7	Trend of using contraception and of abortion rate.....	21
2.	Health status	22
2.1	Incidence of selected malignant neoplasms in districts - year 2010.....	23
	graph Trend of standard. incidence of malignant neoplasms (C00–C97, D00–D09) and standard. mortality of malignant neoplasms (C00–C97).....	27
	graph Malignant neoplasms of bronchus and lung, malignant neoplasms of prostate and malignant neoplasms of breast - incidence and mortality	27
2.2	Trend of incidence of selected infectious and venereal diseases	28
	graph Incidence of tuberculosis by age	30
	graph Trend of the number of diabetics under treatment by type of diabetes mellitus.....	30
2.3	Trend of the number of diabetics under treatment	31
2.4	Newly notified occupational diseases	32
	graph Trend of newly notified occupational diseases by chapters of the list of occupational diseases per 100 000 sickness insured.....	32
2.5	Diseases followed up in children and adolescents.....	33
2.6	Congenital malformations	34
2.7	Trend of notified cases of incapacity for work	35
	graph Trend of mean percentage of incapacity for work.....	35
2.8	Mean percentage of incapacity for work in districts.....	36
	map Mean percentage of incapacity for work.....	39
	graph Structure of the number of terminated cases of incapacity for work by chapters of ICD-10	39
2.9	Terminated cases of incapacity for work.....	40
2.10	Hospitalized persons in hospitals by cause of hospitalization.....	42
2.11	Trend of the number of transplantations of organs and of cardiosurgeries	44
2.12	Trend of the number of performed dialyses and of dialysis beds.....	44
2.13	Out-patient care in out-patient and in-patient establishments	45
3.	Health establishments	46
3.1.1	General survey of health establishments.....	48
3.1.2	Survey of health establishments in regions.....	49
	graph Structure of physicians by type of establishment.....	53

3.2	Trend of the number of beds	54
3.3	Trend of utilization of hospital beds	55
	graph Bed occupancy and average duration of stay by type of hospital	55
3.4	Bed care in hospitals by departments	56
3.5	Trend of the number of physicians	58
3.6	Number of physicians and beds in regions	59
	map Survey of hospitals to 31.12.2012	60
	map Survey of specialized therapeutic institutes to 31.12.2012	60
3.7.1	Trend of the number of physicians - physical persons	61
	graph Age structure of physicians (excl. dentists)	61
3.7.2	Physicians - physical persons by branch of activity	62
3.8.1	Trend of the number of dentists - physical persons	64
3.8.2	Dentists - physical persons by branch of activity	64
	graph Age structure of dentists	65
	graph Age structure of pharmacists	65
3.9.1	Trend of the number of pharmacists - physical persons	66
3.9.2	Pharmacists - physical persons by branch of activity	66
3.10.1	Health personnel by categories	67
3.10.2	Number of health personnel in regions	70
	graph Structure of health personnel by categories	74
	graph Structure of health personnel by type of establishment	74
3.11	Medical apparatus in health establishments	75
4.	Expenditures on health services	78
4.1	Trend of total expenditures on health services	79
4.2	Trend of public expenditures on health services	79
	graph Trend of expenditures on health services	80
4.3	Trend of the number of pharmacies and medical goods dispensaries	80
4.4	Trend of the volume of distributed medicaments	81
	graph Trend of the volume of distributed medicaments	81
5.	International comparison	82
	graph Age structure of population (in %)	83
5.1	Population age structure, live births and total fertility rate in selected European countries	84
5.2	Mortality rate in selected European countries	85
	graph Infant mortality rate by age in days	86
	graph Life expectancy at birth	87
5.3	Life expectancy in selected European countries	88
5.4	Standardized mortality rate in selected European countries	90
	graph Standardized mortality rate - males	92
	graph Standardized mortality rate - females	93
	Definitions of terms	94
	Symbols in the tables	96
	Abbreviations	96
