<i>Introduction</i>	xiii

PART I: THEORETICAL CLARIFICATION: BODY SCHEMA AND BODY IMAGE

1. What is the body schema? <i>Frédérique de Vignemont, Victor Pitron, and Adrian J. T. Alsmith</i>	3
2. The space of the body schema: putting the schema in movement <i>David Morris</i>	18
3. Body schema dynamics in Merleau-Ponty <i>Jan Halák</i>	33
4. A radical phenomenology of the body: subjectivity and sensations in body image and body schema <i>Helena De Preester</i>	52
5. Body schema and body image in motor learning: refining Merleau-Ponty's notion of body schema <i>Shogo Tanaka</i>	69
6. Reimagining the body image <i>Shaun Gallagher</i>	85
7. The body in the German neurology of the early twentieth century <i>Andreas Kalckert</i>	99

PART II: BRAIN, BODY, AND SELF

8. Plasticity and tool use in the body schema <i>Daniele Romano and Angelo Maravita</i>	117
9. Triadic body representations in the human cerebral cortex and peripheral nerves <i>Noriaki Kanayama and Kentaro Hiromitsu</i>	133
10. Body models in humans, animals, and robots: mechanisms and plasticity <i>Matej Hoffmann</i>	152

11. From implicit to explicit body awareness in the first two years of life <i>Philippe Rochat and Sara Valencia Botto</i>	181
12. Cross-referenced body and action for the unified self: empirical, developmental, and clinical perspectives <i>Shu Imaizumi, Tomohisa Asai, and Michiko Miyazaki</i>	194
13. Growing up a self: on the relation between body image and the experience of the interoceptive body <i>Rosie Drysdale and Manos Tsakiris</i>	210

PART III: DISORDERS, ANOMALIES, AND THERAPIES

14. The embodied and social self: insights on body image and body schema from neurological conditions <i>Jonathan Cole</i>	229
15. Unilateral body neglect: schemas versus images? <i>Laurence Havé, Anne-Emmanuelle Priot, Laure Pisella, Gilles Rode, and Yves Rossetti</i>	244
16. Neural underpinnings of body image and body schema disturbances <i>Jasmine Ho and Bigna Lenggenhager</i>	267
17. Body schema and body image disturbances in individuals with multiple sclerosis <i>Britt Normann</i>	285
18. Body schema and pain <i>Katsunori Miyahara</i>	301
19. Feeling of a presence and anomalous body perception <i>Masayuki Hara, Olaf Blanke, and Noriaki Kanayama</i>	316
20. The body image–body schema/ownership–agency model for pathologies: four case studies <i>Aviya Ben David and Yochai Ataria</i>	328
