

"This new edition of *Through the Lens of Anthropology* builds on a successful approach that brings accessible anthropology to a wide range of learners. The welcome updates on decolonizing anthropology, the Black Lives Matter movement, Indigenous issues, the #MeToo movement, gender issues, and even the COVID-19 pandemic keep the textbook at the forefront of anthropological innovation."

JASON ANTROSIO, HARTWICK COLLEGE

"The major strengths of this book are its affordability, accessibility, and relevance to students. The visuals and box features are excellent, particularly with the updates on COVID-19 research. Anthropology sets the bar high for quality materials, thanks to editions like this!"

ANNE E. PFISTER, UNIVERSITY OF NORTH FLORIDA

"*Through the Lens of Anthropology* provides students with core concepts and easily digested examples. The text is engaging, and the themes of food and sustainability provide flexibility for teaching. The updates in this new edition are very useful in keeping the text current and relevant."

ERIN HALSTAD MCGUIRE, UNIVERSITY OF VICTORIA

Through the Lens of Anthropology is a concise introduction to anthropology that uses the twin themes of food and sustainability to connect evolution, biology, archaeology, history, language, and culture. The third edition remains a highly readable text that encourages students to think about current events and issues through an anthropological lens.

Beautifully illustrated with over 100 full-color images and maps, along with detailed figures and boxes, this is an anthropology book with a fresh perspective and a lively narrative that is filled with popular topics. The new edition has been updated to reflect the most recent developments in anthropology and the contributions of marginalized scholars, while the use of gender-neutral language makes for a more inclusive text. New content offers anthropological insight into contemporary issues such as COVID-19, Black Lives Matter, and #MeToo.

Through the Lens of Anthropology continues to be an essential text for those interested in learning more about the relevance and value of anthropology. The third edition is supplemented by a full suite of updated instructor and student resources. For more information visit www.lensofanthropology.com.

ROBERT J. MUCKLE is a professor of anthropology and archaeology at Capilano University.

LAURA TUBELLE DE GONZÁLEZ is a professor of anthropology at San Diego Miramar College.

STACEY L. CAMP is an associate professor of anthropology and director of the Campus Archaeology Program at Michigan State University.

Chapter 1

INTRODUCTION: VIEWING THE WORLD THROUGH THE LENS OF ANTHROPOLOGY

Learning Objectives	I
Introduction	2
The Appeal of Anthropology	4
Defining Anthropology, Defining Human, and Defining Culture	7
The Four Fields and Applied Anthropology	10
The Anthropological Perspective	12
History of Anthropology, Mostly in North America	15
Anthropology, Colonialism, and Decolonization	21
Situating Anthropology	22

The Importance of Anthropology in an Increasingly Connected World	23
Summary	27
Review Questions	29
Discussion Questions	29

Chapter 2

WE ARE PRIMATES: THE PRIMATE BACKGROUND 31

Learning Objectives	31
Introduction	32
Primate Taxonomy	33
Primate Evolution	41
Primate Behavior	45
Primates in Crisis: Ecological Stability and Critical Thinking	51
Summary	53
Review Questions	56
Discussion Questions	56

Chapter 3

EVOLUTIONARY THOUGHT AND THEORY 57

Learning Objectives	57
Introduction	58
The Nature of Science	60
History of Evolutionary Thought and Theory	62
Modern Evolutionary Theory	70
Summary	76
Review Questions	78
Discussion Questions	78

Chapter 4

HUMAN BIOLOGICAL EVOLUTION 79

Learning Objectives	79
Introduction	80
Paleoanthropology – Methods, Concepts, and Issues	80
Defining Hominins	87

Becoming Bipedal	88
The First Hominins	93
The Genus <i>Homo</i>	94
Summary of Trends in Human Biological Evolution	100
The Concept of Race	102
Summary	104
Review Questions	105
Discussion Questions	105

Chapter 5

CULTURAL DIVERSITY FROM THREE MILLION TO 20,000 YEARS AGO

Learning Objectives	107
Introduction	108
The Archaeological Record	108
Problems of Archaeological Visibility, Bias, and Loaded Language	111
Speculating on Human Culture Prior to Two Million Years Ago	113
Overview of Cultural Change to 20,000 Years Ago	115
Expanding Territories	128
Summary	130
Review Questions	131
Discussion Questions	131

Chapter 6

CULTURAL DIVERSITY FROM 20,000 TO 5,000 YEARS AGO

Learning Objectives	133
Introduction	134
Principal Cultural Periods	135
Archaeology of North America from 20,000 to 5,000 Years Ago	137
The Transition to Food Production	144
Settlement and Technology	153
Changes in Social and Political Systems	154
Civilizations, Writing, and Art	156
Summary	157
Review Questions	159
Discussion Questions	159

Chapter 7

ARCHAEOLOGY OF THE LAST 5,000 YEARS

Learning Objectives	161
Introduction	162
Ancient Civilizations	162
Population Estimates, Continued Colonization, and Maintaining Diversity	166
The Last 5,000 Years in North America	170
Archaeology of Recent Times, Excluding Civilizations	173
World Heritage	175
Archaeology of the Contemporary World	177
Pseudoarchaeology	180
Summary	183
Review Questions	184
Discussion Questions	184

Chapter 8

STUDYING CULTURE

Learning Objectives	185
Introduction	186
The Culture Concept	187
Race and Ethnicity	192
Ethnocentrism and Cultural Relativism	200
Cultural Adaptation and Maladaptation	200
The Functions of Culture	201
Fieldwork Methods and Ethics	205
Applied Anthropology	210
Summary	211
Review Questions	212
Discussion Questions	212

Chapter 9

LANGUAGE AND CULTURE

Learning Objectives	213
Introduction	214
Language and Communication: Signs and Symbols	215

Language Origins	217
Studying Language through the Lens of Anthropology	219
Nonverbal Communication	220
Ethnolinguistics	224
Language in the Digital Age	231
Language Change and Loss	233
Summary	236
