Preface xiii

Part I Studying Development 1

● Chapter 1 Introduction: Studying Human Development 2

The Nature of Human Development 3

Three Domains of Development 4

One Individual's Development: Jodi 5

Why Study Development? 8

● **Perspectives:** *Wanted—A Child and Family Policy* 10

Past Understandings of Human Development 11

Early Precursors to Developmental Study 11

The Emergence of Modern Developmental Study 12

● **Working with Pamela Mitchell, Primary School Teacher:** *The Many Purposes of Play* 13

Basic Issues in Developmental Study 14

Continuity and Discontinuity 14

Nature and Nurture 14

Universal and Context-Specific Development 15

● **A Multicultural View:** *Street Children—Comparing Paraguay and North America* 16

Deficit and Difference 16

Perspective of This Book on Issues of Development 18

Methods of Studying Children and Adolescents 19

Scientific Methods 19

Variations in Time Frame 20

Variations in Control: Naturalistic and Experimental Studies 22

Variations in Sample Size 25

Ethical Constraints on Studying Development 26

Strengths and Limitations of Developmental Knowledge 28

● Chapter 2 Theories of Development 30

The Nature of Developmental Theories 32

What Is a Developmental Theory? 32

How Developmental Theories Differ on Four Developmental Issues 32

Psychodynamic Developmental Theories 34

Freudian Theory 34

Erickson's Psychosocial Theory 35

● **Perspectives:** *Erik Erikson's Identity Crisis—An Autobiographical Perspective* 37

Other Psychodynamic Approaches 39

Evaluation of Developmental Issues in Psychodynamic Approaches 40

Applications of Psychodynamic Development Theories to Everyday Life 41

● **Working with Jeffrey Friedman, Clinical Social Worker:** *The Value of Developmental Theory for Helping Children, Adolescents, and Their Families* 42

Behavioral Learning and Social Cognitive Learning Developmental Theories 42

Behavioral Learning Theories 43

Social Cognitive Learning Theory 45

Evaluation of Developmental Issues in Behavioral Learning and Social Cognitive Learning Approaches 46

Applications of Behavioral Learning and Social Cognitive Learning Developmental Theories to Everyday Life 47

Cognitive Developmental Theories 47

Piaget's Cognitive Theory 47

Neo-Piagetian Approaches 49

Information Processing Theories 50

Evaluation of Developmental Issues in Cognitive Approaches 52

Applications of Cognitive Developmental Theories to Everyday Life 52

Contextual Developmental Theories 53

● **A Multicultural View:** *Cultural Contexts and Cognitive Development* 54

Ethological Theory 55

Evaluation of Developmental Issues in Contextual Approaches	56
Applications of Contextual Developmental Theories to Everyday Life	56

Development Theories Compared and Their Implications for the Student 57

Part 2 Beginnings 60

Chapter 3 Genetics 62

Mechanisms of Genetic Transmission 63

The Role of DNA	63
Meiosis and Mitosis	64

Individual Genetic Expression 66

Genotype and Phenotype	66
Dominant and Recessive Genes	67
Transmission of Multiple Variations	67
Polygenic Transmission	68
The Determination of Sex	69

Genetic Abnormalities 71

Disorders Due to Abnormal Chromosomes	71
Disorders Due to Abnormal Genes	73

Genetic Counseling and Prenatal Diagnosis 76

- **A Multicultural View: Cultural Differences and Genetic Counseling** 78
- Prenatal Diagnostic Techniques 78
- **Working with Gail Gardner, Genetic Counselor: Advising Parents About Potential Problems** 81
- Implications of Genetic and Prenatal Testing 82

Relative Influence of Heredity and Environment 82

- Key Concepts of Behavior Genetics 82
- Adoption and Twin Studies 85
- Animal Studies 87
- **Perspectives: The Race and Intelligence Controversy: Social Policy Implications** 88
- Cautions and Conclusions About the Influence of Heredity and Environment 89

Genetics and Developmental Psychology 90

Chapter 4 Prenatal Development and Birth 92

Stages of Prenatal Development 93

Conception	93
The Germinal Stage (First Two Weeks)	95
The Embryonic Stage (Third Through Eighth Weeks)	95
The Fetal Stage (Ninth Week to Birth)	96

- **A Multicultural View: Reasons for Having Children in the United States and Eight Other Countries** 98

The Experience of Pregnancy 98

Decisions and Issues 101

- **Perspectives: Technological Alternatives to Normal Conception** 103

Prenatal Influences on the Child 105

- Harmful Substances, Diseases, and Environmental Hazards 105
- Maternal Age and Teen Pregnancy 114
- Domestic Violence 114
- Prenatal Health Care 115
- **Working with Katie Glover, OB-GYN Nurse Practitioner: Preparing for Childbirth** 116

Birth 118

- Stages of Labor 119
- Childbirth Settings and Methods 120
- Problems During Labor and Delivery 126
- Childbearing with a Disability 128
- Low-Birth-Weight Infants 129
- Birth and the Family 130

From Biological to Psychological Development 130

Part 3 The First Two Years 133

Chapter 5 Physical Development in the First Two Years 134

Appearance of the Young Infant 136

- The First Few Hours 136
- Is the Baby All Right? The Apgar Scale 136
- Newborn Weight 137
- Size and Bodily Proportions 137

Development of the Nervous System 139

- Growth and the Brain 139
- States of Sleep and Arousal 140
- **Perspectives: Sudden Infant Death Syndrome** 142

Sensory Development 144

- Visual Acuity 144
- Auditory Acuity 145
- Taste, Smell, and Touch 145
- **Working with Helen Turman, Pediatric Nurse: Continuity and Change in Infants' Behavior** 146

Motor Development 147

- Early Reflexes 147
- The First Motor Skills 148
- Variations in Motor Skill Development 151

Nutrition During the First Two Years 152

- Breast Milk Versus Formula 153

● A Multicultural View: Breast Feeding Among the Gusii	154
Malnutrition in North America	155
Overnutrition	155
Impairments to Infant Growth	157
Low Birth Weight	157
Failure to Thrive	159
Infant Mortality	159
Infancy: The Real End of Birth	160
● Chapter 6: Cognitive Development in the First Two Years	162
Ways of Studying Perception and Cognition in Infants	164
Arousal and Infants' Heart Rates	164
Recognition, Memory, and Infant Habituation	165
Infant Perception and Cognition	166
Visual Thinking in Infancy	166
Auditory Thinking in Infancy	170
Categorical Thought: The Reversal Shift	171
Cognitive Change During Infancy: Piaget's Stage Theory	173
Stages of Sensorimotor Intelligence	173
Baby Jill's Intelligence: An Example	179
Assessment of Piaget's Theory of Infant Cognition	180
Behavioral Learning in Infancy	183
Classical Conditioning	183
Operant Conditioning	184
● Working with Gillian Luppiwiski, Infant Care Provider: Fostering Infants' Thinking	185
Imitation	186
Language Acquisition	187
● Perspectives: Extremes in Language Acquisition—What Do They Mean?	188
Phonology	189
Semantics and First Words	191
Influencing Language Acquisition	192
● A Multicultural View: Cognitive Effects of Talking to Infants—A Cross-Cultural Perspective	194
The End of Infancy	196
● Chapter 7 Psychosocial Development During the First Two Years	198
Early Social Relationships	200
Transition to Parenthood	200
● Working with Rachelle Turner, Infant Day Care Coordinator: Understanding Infant Social Development	202
Caregiver-Infant Synchrony	203
Social Interactions with Other Family Members	204
Interactions with Nonfamily Caregivers	205
Interactions with Peers	208
Emotions and Temperament in Infancy	210
Emotions in Infancy	210
Temperament	211
● A Talk with Jennifer, Age Eight Months, and Her Parents	213
Attachment Formation	214
Phases of Attachment Formation	216
Assessing Attachment: The "Strange Situation"	216
● A Multicultural View: Cross-Cultural Variations in Attachment	218
Consequences of Different Attachment Patterns	218
Influences on Attachment Formation	220
● Perspectives: Family-Leave Policies in the United States and Europe	222
Long-Term Effects of Attachment	224
Toddlerhood and the Emergence of Autonomy	226
Sources of Autonomy	227
Development of Self	228
Development of Competence and Self-esteem	229
The Competent Toddler	231
.....	
Part 4 Early Childhood	233
● Chapter 8 Physical Development in Early Childhood	234
Influences on Normal Physical Development	235
Genetic Background	237
Disease	237
● A Multicultural View: Cultural Influences on Children's Sleep	238
Nutritional Needs During the Preschool Years	240
The Connection Between Health and Poverty	240
Poverty as a Health Problem	241
Responding to Child Poverty	241
● Perspectives: Reforming Children's Health Care	242
Brain Development	243
Organization of the Brain	243
Hemispheric Lateralization	244
Lateralized Behaviors	244
Other Bodily Changes	245
Preschool Sensory Development	245
Bladder Control	246

Motor Skill Development	247
Fundamental Motor Skills	247
● Working with Abigail Appleton, Private Family Day Care Provider: <i>Providing Full-Time Child Care in the Home</i>	248
Can Motor Skills Be Taught?	250
Fine Motor Coordination: The Case of Drawing Skills	250
Sex and Gender Differences in Physical Development	252
Individual Variations in Motor Skill Development	252
Effects of Children's Physical Growth	255
Changes in Facial Features	255
Changes in Size and Motor Skill	256
The Growing Child	258
● Chapter 9 Cognitive Development in Early Childhood	260
Thinking in Preschoolers	261
Piaget's Preoperational Stage	262
Symbolic Thought	263
Egocentrism in Preschool Children	263
Children's Theories of Mind	264
The Appearance-Reality Distinction	265
Other Aspects of Children's Conceptual Development	266
Distinguishing Natural Kinds and Artifacts	268
Cognition as Social Activity	269
Neosstructuralist Theories of Cognitive Development	271
Language Acquisition in Early Childhood	272
The Nature of Syntax	272
Beyond First Words: Semantic and Syntactic Relations	273
Mechanisms of Language Acquisition	276
Innate Predisposition to Acquire Language: LAD	277
Parent-Child Interactions	278
● A Talk with Audrey, Age Four: <i>Cognitive Development in the Preschool Years</i>	279
Language Variations	280
Gender Differences in Language	281
Socioeconomic Differences in Language	281
● Working with Carolyn Eaton, Preschool Teacher: <i>Introducing Sign Language to Young Children</i>	282
Language of Deaf and Hearing-Impaired Children	283
Language Deficits or Language Differences?	284
Relationships Between Language and Thought	284
Piaget: Action as the Basis for Both Language and Thought	285
Vygotsky: The Gradual Integration of Language and Thought	285
● Perspectives: Christopher, the Multilingual Savant: <i>Speaking Without Understanding</i>	286

Early Childhood Education	287
Early Education and Cognitive Theories of Development	288
Effectiveness of Early Childhood Education	288
Cultural Diversity and Best Practice in Early Education	288
● A Multicultural View: <i>Parents' Beliefs About Intelligence: A Cross-cultural Perspective</i>	290
From Preschooler to Child	291
● Chapter 10 Psychosocial Development in Early Childhood	294
Relationships with Family	295
Relationships with Parents	295
● Perspectives: <i>Extended Family Supports for Childrearing</i>	296
Patterns of Parental Authority	298
Relationships with Siblings	301
Relationships in an Expanding Social World	303
Empathy and Prosocial Behavior	303
Conflict and Aggression	305
Responding to Aggressive Behavior	308
The Effects of Television on Preschoolers' Development	310
Play in Early Childhood	313
The Nature of Play	313
Theories of Play	314
Cognitive Levels of Play: Developmental Trends	315
Social Levels of Play	317
Play and Friendship in Early Childhood	318
● Working with Javier Hernandez, Preschool Program Coordinator: <i>Play and Friendships Among Preschoolers</i>	320
Other Influences on Play and Friendship	322
● A Talk with Larry, Age Four: <i>Play and Friendship in Early Childhood</i>	323
Gender Development	324
Learning Gender Schemata	324
Influences on Gender Development	325
Androgyny	327
Child Maltreatment	327
Causes	327
Consequences	329
Treatment and Prevention	329
● A Multicultural View: <i>The Cultural Context of Child Abuse and Neglect</i>	330
The End of Early Childhood	330
.....	
Part 5 Middle Childhood	333
● Chapter 11 Physical Development in Middle Childhood	334

Trends and Variations in Height and Weight	335	Perspectives: Gifted Students—Victims or Elite?	383
Height Variations Due to Puberty	336	School Influences	384
Excess Weight and Obesity	337	Participation Structures and Classroom Discourse	384
● A Multicultural View: Dieting in Cross-Cultural Perspective	338	Social Biases That Affect Learning	385
Motor Development and Athletics in Middle Childhood	339	The Impact of Assessment	386
Physical Effects of Early Athletics	340	Cognition and Social Development	388
Psychological Effects of Early Athletics	340	● Chapter 13 Psychosocial Development in Middle Childhood	390
● Working with Katherine Patterson, Pediatric Occupational Therapist: Diagnosing Children's Coordination Difficulties	341	Psychosocial Challenges of Middle Childhood	392
● A Talk with John, Age Eleven: Growing Older	343	The Sense of Self	393
Gender and Early Athletics	344	The Development of Self in Childhood	393
Health and Illness in Middle Childhood	344	Processes in Constructing a Self	394
Death Rates and Accidents Among Schoolchildren	345	The Age of Industry and Achievement	395
● Perspectives: How Children Understand Death	346	Latency and the Crisis of Industry Versus Inferiority	395
Illnesses	347	Achievement Motivation	396
AIDS and the School-age Child	349	● A Multicultural View: Parental Expectations and Academic Achievement	398
Attention Deficit Hyperactivity Disorder	350	Family Relationships	399
Effects of Growth on Thinking and Feeling	353	The Quality of Parent-Child Relationships in Middle Childhood	400
● Chapter 12 Cognitive Development in Middle Childhood	355	The Changing Nature of Modern Families	401
Piaget's Theory: Concrete Operational Skills	355	● Perspectives: The Quality of Parenting and Family Life During Middle Childhood	402
Conservation in Middle Childhood	357	Divorce and Its Effects on Children	402
Conservation Training	359	The Effects of Work on Families	408
Other Concrete Operational Skills	359	Other Sources of Social Support	410
Piaget's Influence on Education	359	Peer Relationships	412
Information-Processing Skills	361	What Theorists Say About Peer Relationships	412
Memory Capacity	361	The Functions of Friends	413
Influences on Memory Development	363	The Functions of Other Peers	414
Metacognition and Learning Strategies	365	Influences on Peer Group Membership	415
● A Multicultural View: Cultural Differences in Learning Mathematics	366	● Working with Lisa Truong, Fourth Grade Teacher: Reducing Gender-Role Stereotyping in Play	418
Difficulties with Information Processing:		Popularity and Rejection	420
Learning Disabilities	369	Conformity to Peers	423
● Working with Terry Wharton, Special Education Teacher: Giving Children a Second Chance to Learn	370	School Influences on Peer Relationships	423
Language Development in Middle Childhood	372	Death, Loss, and Grieving During the School Years	425
Understanding Metaphor	373	The Process of Grieving for a Childhood Loss	425
Bilingualism and Its Effects	374	Children's Understanding of Death	426
Black English	375	Beyond Childhood	427
Defining and Measuring Intelligence	376		
Issues Regarding Intelligence	376		
Psychometric Approaches to Intelligence	377		
Information-Processing Approaches to Intelligence	379		
Sociocultural Approaches to Intelligence	382		

Part 6 Adolescence 429

● Chapter 14 Physical Development in Adolescence 430

The Concept of Adolescence 431

Adolescence; From Idea to Social Fact 432

Theoretical Views of Adolescence 432

Growth in Height and Weight 434

- **Working with Barbara Donohue, Nutritionist:** *Treating Nutritional Problems and Eating Disorders During Adolescence* 436

The Secular Trend 436

- **A Talk with Jason, Age Fourteen:** *Physical Development at Age Fourteen* 438

Puberty 439

The Development of Primary Sex Characteristics 439

The Development of Secondary Sex Characteristics 440

Hormonal Changes: Physical and Social Consequences 441

Psychological Effects of Physical Growth in Adolescence 442

Timing of Puberty 442

- **A Multicultural View:** *How Do Ethnic Differences in Physical Appearance Affect Social Development During Adolescence?* 444

Body Image and Self-esteem 444

Health in Adolescence 446

Continuity with Health in Childhood 447

Causes of Death Among Adolescents 448

Health-Compromising Behaviors 448

- **Perspectives:** *Female Athletes and Eating Disorders* 456

Finally Young Adults? 458

● Chapter 15 Cognitive Development in Adolescence 460

General Features of Adolescent Thought 462

Beyond Concrete Operational Thinking 462

Possibilities Versus Realities 463

Scientific Reasoning 463

Logical Combination of Ideas 464

Concrete Versus Formal Thought: Reasoning About Bending Rods 464

Cognitive Development Beyond Formal Thought 465

Implications of the Cognitive Developmental Viewpoint 466

Moral Development: Beliefs About Justice and Care 467

Kohlberg's Six Stages of Moral Judgment 467

- **Working with Jerry Acton, Math and Science Teacher:** *Blending the Social and Emotional with the Cognitive* 469

- **Perspectives:** *What Creates a Life of Moral Commitment?* 470

Issues in the Development of Moral Beliefs About Justice 471

Gilligan's Ethics of Care 472

The Ethics of Care During Adolescence 474

The Development of Social Cognition 475

Egocentrism During Adolescence 475

The Development of Political Ideas 477

Religious Beliefs and Orientation 478

Information-Processing Features of Adolescent Thought 480

Improved Capacity to Process Information 480

Expertise in Specific Domains of Knowledge 481

Implications of the Information-Processing Viewpoint 482

- **A Talk with Joan, Age 15:** *Thinking in Adolescence* 483

- **A Multicultural View:** *Cross-cultural Misunderstandings in the Classroom* 484

The Influence of School 484

Cognitive Effects of Schooling 484

The Nature of Critical Thinking 485

Social Effects of Schooling 487

Dropping Out of High School 488

● Chapter 16 Psychosocial Development in Adolescence 490

Theories of Identity Development 491

Ruthellen Josselson: Individuation and Identity Development 492

Erik Erikson: The Crisis of Identity Versus Role Confusion 493

Family Relationships During Adolescence 497

Relationships with Parents 498

Divorce, Remarriage, and Single Parenthood 504

- **A Talk with Don, Age Eighteen:** *Social Relationships Among Adolescents* 506

Social Relationships During Adolescence 507

Friendship 507

Peer Groups 510

Adolescents in the World of Work 513

- **Perspectives:** *Can Parents Influence Their Adolescent's Choice of Group?* 514

Sexuality During Adolescence 515

Sexual Fantasies and Masturbation 516

Sexual Experience 516

Sexual Orientations 519

Sex and Everyday Life 520
