

CONTENTS

Acknowledgments	iv
Series Editor's Introduction	v
1. The Need for Multilevel Modeling	1
Theoretical Reasons for Multilevel Models	4
Statistical Reasons for Multilevel Models	6
Scope of Book	7
2. Basic Multilevel Modeling	9
The Basic Two-Level Multilevel Model	9
How to Build and Evaluate a Multilevel Model	15
3. Extending the Basic Multilevel Model	53
Using Generalized Multilevel Modeling	53
Three-Level Models	59
Longitudinal Data as Hierarchical: Time Nested Within Person	62
Appendices	72
Data sets and Other Support Materials	72
Software	72
Other Resources	75
References	75
About the Author	79
