

INTRODUCTION.....	1
1 SIGNIFICANCE OF PERFORMANCE MANAGEMENT.....	3
1.1 Approachs to performance management.....	4
2 PERFORMANCE MEASUREMENT OF THE SLOVAK MARKET	10
2.1 Analysis of performance in Slovakia in various type of industry	12
3 INVETORY VALUATION METHODS	22
3.1 Significance of inventory methods and their using	22
3.2 Analysis of inventory methods.....	25
4 PARETO ANALYSIS IN MAINTENANCE PROCESS	31
4.1 Significance of proactive maintenance.....	32
4.2 Description of the current state of the vehicle fleet.....	34
4.3 Pareto analyse and her significance for vehicle fleet	35
4.4 Economic analyses of the vehicle fleet	36
4.5 Evaluation of vehicle fleet and improvement.....	40
5 LOGISTIC CONTROLLING	42
5.1 Using of economic analyses in logistic controlling.....	45
5.2 Using economic analyses in the selected company.....	48
6 USING QUANTITATIVE METHODS	55
6.1 Characteristic of EOQ model	60
6.2 Using EOQ model for biomass boiler	61
6.3 Model of operation capability control of the machines.....	65
6.4 Characteristic of Model capability control	66
6.5 Results of research in mining company	69
