

CONTENTS

ARTICLES

- Correlation between metabolic depression and ecdysteroid peak during embryogenesis of the desert locust, *Schistocerca gregaria* (Orthoptera: Acrididae) — K. SLÁMA 141
- Cold hardiness of *Pyrrhocoris apterus* (Heteroptera: Pyrrhocoridae) from central and southern Europe — P. KALUSHKOV & O. NEDVĚD 149
- Olfactory orientation of the seven-spot ladybird beetle, *Coccinella septempunctata* (Coleoptera: Coccinellidae): Attraction of adults to plants and conspecific females — M. SCHALLER & W. NENTWIG 155
- Adaptive preferential selection of young coccinellid hosts by the parasitoid wasp *Dinocampus coccinellae* (Hymenoptera: Braconidae) — M.E.N. MAJERUS, I.E. GEOGHEGAN & T.M.O. MAJERUS 161
- Development of ovaries, allometry of reproductive traits and fecundity of *Episyrphus balteatus* (Diptera: Syrphidae) — E. BRANQUART & J.-L. HEMPTINNE 165
- Male calling, mating and oviposition in *Isoperla curtata* (Plecoptera: Perlodidae) — J.M. TIerno DE FIGUEROA, J.M. LUZÓN-ORTEGA & A. SÁNCHEZ-ORTEGA 171
- Fecundity and survival of *Anagyrus kamali* (Hymenoptera: Encyrtidae) under different feeding and storage temperature conditions — L.A. SAGARRA, C. VINCENT & R.K. STEWART 177
- Ecological comparisons across geographical distributions: The thistle gall fly *Urophora cardui* (Diptera: Tephritidae) on two different *Cirsium* hosts — M. FRENZEL, S. EBER, S. KLOTZ & R. BRANDL 183
- Evaluation of population densities of the common wolf spider *Pardosa agrestis* (Araneae: Lycosidae) in Hungarian alfalfa fields using mark-recapture — B. KISS & F. SAMU 191
- A south east Asian pest species newly recorded from Europe: *Thrips parvispinus* (Thysanoptera: Thripidae), its confused identity and potential quarantine significance — L.A. MOUND & D.W. COLLINS 197
- Revision of the Oriental genus *Idiotrephes* (Heteroptera: Nepomorpha: Helotrephidae) — M. PAPÁČEK & H. ZETTEL 201
- Dorso-abdominal scent glands and metathoracic evaporatoria in adults of central European Rhopalidae (Hemiptera: Heteroptera), with a discussion of phylogeny and higher systematics — J. DAVIDOVÁ-VILÍMOVÁ, M. NEJEDLÁ & C.W. SCHAEFER 213
- Larvae of Bembidiini (Coleoptera: Carabidae): Subtribes Tachyina and Xystosomina — V.V. GREBENNIKOV & D.R. MADDISON 223
- Galaicodytes caurelensis* gen. n., sp. n., the first troglobitic species of Platynini (Coleoptera: Carabidae: Pterostichinae) from the western Palaearctic region — V.M. ORTÚÑO & J.M. SALGADO 241
- Cladistic systematics of the genus *Amphimallon* (Coleoptera: Scarabaeidae: Melolonthinae) — O. MONTREUIL ... 253
- Revision of the genus *Wakarumbia* (Coleoptera: Lycidae) — L. BOČÁK 271

NOTES

- Feeding site location in birch aphids (Sternorrhyncha: Aphididae): The simplicity and reliability of cues — G.W. HOPKINS & A.F.G. DIXON 279
- Giant sperm in a Neotropical moth *Xenosoma geometrina* (Lepidoptera: Arctiidae) — E.H. MORROW 281
