

CONTENTS

ARTICLES

- Effects of temperature and genetic stress on life history and fluctuating wing asymmetry in *Culex pipiens* mosquitoes — M. MPHÓ, A. CALLAGHAN & G.J. HOLLOWAY 405
- Developmental changes in the ability to synthesize juvenile hormone in vitro by corpora allata from the Eri silk-worm, *Samia cynthia ricini* (Lepidoptera: Saturniidae) — S. LI, R.-J. JIANG & M.-X. CAO 413
- Thermoperiodic effects on diapause of *Sesamia nonagrioides* (Lepidoptera: Noctuidae) — A.A. FANTINOÚ, C. S. CHATZOGLÓU & E.A. KAGKÓU 421
- Interaction of exogenous factors (light and temperature) in their influence on the daily pattern of adult eclosion in *Trichogramma embryophagum* (Hymenoptera: Trichogrammatidae) — S.G. KARPOVA & S.YA. REZNIK 427
- Are differences in hydrocarbon profiles able to mediate strain recognition in German cockroaches (Dictyoptera: Blattellidae)? — C. RIVAUULT, A. CLOAREC & L. SRENG 437
- The role of plant odours in the leafminer *Liriomyza sativae* (Diptera: Agromyzidae) and its parasitoid *Diglyphus isaea* (Hymenoptera: Eulophidae): Orientation towards the host habitat — Y.X. ZHAO & L. KANG 445
- Mating behaviour of *Aphidius ervi* (Hymenoptera: Braconidae): The role of antennae — D. BATTAGLIA, N. ISIDORO, R. ROMANI, F. BIN & F. PENNACCHIO 451
- Impact of the arrival of *Harmonia axyridis* on adults of *Coccinella septempunctata* and *Coleomegilla maculata* (Coleoptera : Coccinellidae) — É. LUCAS, I. GAGNÉ & D. CODERRE 457
- The reproductive behaviour of an aphidophagous ladybeetle, *Coccinella septempunctata* (Coleoptera: Coccinellidae) — OMKAR & S. SRIVASTAVA 465
- Persistence of deterrent larval tracks in *Coccinella septempunctata*, *Cycloneda limbifer* and *Semiadalia undecimnotata* (Coleoptera: Coccinellidae) — Z. RŮŽIČKA 471
- Spatial and ecological isolation in cicadas: First data from *Tibicina* (Hemiptera: Cicadoidea) in France — J. SUEUR & S. PUISSANT 477
- A new libelluloid dragonfly from late Paleocene deposits in Argentina (Odonata: Italoansida) — J.F. PETRULEVIČIUS & A. NEL 485
- Stored product psocids (Psocoptera): External morphology of eggs — Z. KUČEROVÁ 491
- Revision of the genera *Nemadiopsis* and *Falkonemadus* (Coleoptera: Leiodidae: Cholevinae) — J.M^A SALGADO COSTAS 505
- Description of the first-instar larva of *Geocharidius* (Coleoptera: Carabidae: Trechitae) with a discussion of the phylogeny of the subtribe Anillina — V.V. GREBENNIKOV 523
- Taxonomic changes in the genus *Dyscia* (Lepidoptera: Geometridae: Ennominae) — R. TRUSCH & S. ERLACHER .. 529
- The Cixiidae (Hemiptera: Fulgoromorpha) of the Mascarenes islands and Madagascar. Endemism and description of new taxa from Réunion with notes on their host plants — M. ATTÍÉ, T. BOURGOIN & J. BONFILS 543

NOTES

- Quantitative changes in protein, glycogen and fat content in the eggs of the locusts, *Locusta migratoria migratorioides* and *Schistocerca gregaria* (Orthoptera), during embryogenesis — V. NĚMEC 557
- Influence of prey host plant on a generalist aphidophagous predator: *Episyrphus balteatus* (Diptera: Syrphidae) — N. VANHAELEN, C. GASPAR & F. FRANCIS 561
- The ant-associations and diet of the ladybird *Coccinella magnifica* (Coleoptera: Coccinellidae) — J.J. SLOGGET, W. VÖLKL, W. SCHULZE, J.H. G.V.D. SCHULENBURG & M.E.N. MAJERUS 565

- Book reviews 426, 464, 476, 490, 528, 560, 569
- Announcement: 3rd edition of Insect Clocks 420
- List of referees 2002 571
- Contents of Volume 99 573
