PROGRAM	3
----------------------	---

ABSTRAKTA

Úvodní přednášky	16
------------------------	----

Astma v dětství a dospělosti.....	16
-----------------------------------	----

Autoimunitní choroby	20
----------------------------	----

Imunopatologie horních cest dýchacích.....	23
--	----

Laboratorní metodiky v imunologii	26
---	----

Sekce sester	27
--------------------	----

Mezioborová spolupráce I.....	31
-------------------------------	----

Sekce laborantů	31
-----------------------	----

Alergenová imunoterapie	34
-------------------------------	----

Mezioborová spolupráce II.....	36
--------------------------------	----

Diagnostika v alergologii	38
---------------------------------	----

Imunodeficiency	41
-----------------------	----

Akutní stavy v alergologii	44
----------------------------------	----

Genetika v alergologii a imunologii.....	46
--	----

Imunologie reprodukce	48
-----------------------------	----

Léková alergie	51
----------------------	----

Imunologická diagnostika a léčba v onkologii.....	53
---	----

Imunologická problematika transplantací	55
---	----

Potravinová alergie.....	57
--------------------------	----

Imunomodulační léčba	60
----------------------------	----

Fórum mladých alergologů a imunologů	62
--	----

POSTERY	67
----------------------	----

REJSTŘÍK AUTORŮ	89
------------------------------	----

POKYNY AUTORŮM	92
-----------------------------	----
