

Disconcerted and enchanted, *Slowness* takes place on a midsummer's night in which two tales of seduction, separated by more than 200 years, interweave and oscillate between the sublime and the comic. Underlying this libertine fantasy is a profound meditation on contemporary life: about the secret bond between slowness and memory, about the connection between our era's desire to forget and the way we have given ourselves over to the demon of speed.

Milan Kundera's lightest novel, *Slowness* is also the first of this author's fictional works to have been written in French

Richmond Hoxie is a stage, television and film actor, and an accomplished audiobook narrator. He reads all of Milan Kundera's works of fiction for audio.
