

## **PAPERS**

- 87 **From A. Tondl's Dutch contacts to Neimark-Sacker-bifurcation**  
Bakri T., Verhulst F.
- 101 **Fracture behavior of prestressed ductile target subjected to high velocity impact – Numerical study**  
Jasra Y., Saxena R. K.
- 119 **Comparison of implicit time-discretization schemes for hybridized discontinuous Galerkin methods**  
Levý T., May G.
- 135 **Validation of two-fluid model for water hammer in elastic pipes**  
Ouzi M., Tamani M., Samri H., Bahrar B.
- 151 **The analytical and numerical stress analysis of various domes for composite pressure vessels**  
Padovec Z., Vondráček D., Mareš T.
