<b>Exam skills coverage</b>	page 37
<b>Waste is an international problem: it crosses political boundaries and remains in the environment throughout the world. An investigation to the international</b>	
1. <b>At the beginning of 2016, the UK's Department for Environment, Food and Rural Affairs (Defra) was carrying out a comprehensive review of waste policy. Since then, many results will be made available on Defra's website.</b>
