Ethnocultural Variables and Stuttering	314
Definition and Measurement of Stuttering	316
Additional Features of Stuttering	327
Cluttering	334
Analysis and Integration of Assessment Results	336
Differential Diagnosis of Fluency Disorders	337
Postassessment Counseling	338
Chapter Summary	342
Study Questions	342
References	343
Chapter 10. Assessment of Fluency Disorders: Protocols	347
Note on Common Protocols	348
Note on Specific Protocols	348
Fluency Assessment Protocol 1: Interview Protocol	349
Fluency Assessment Protocol 2: Dysfluency Measurement Protocol	354
Fluency Assessment Protocol 3: Associated Motor Behaviors Assessment Protocol	355
Fluency Assessment Protocol 4: Avoidance Behaviors Assessment Protocol	356
Fluency Assessment Protocol 5: Cluttering Assessment Protocol	359
PART V. ASSESSMENT OF VOICE	361
Chapter 11. Assessment of Voice: Resources	363
Prevalence of Voice Disorders in Children	365
Children's Voice Disorders	366
Etiologic Factors Associated with Voice Disorders	372
The Need for Medical Evaluation	380
Assessment of Voice Production	381

Instrumental Evaluation	382
Laryngeal Imaging	384
Clinical Assessment of Voice	385
Stimulability of Voice Production	393
Assessment of Voice in Ethnoculturally Diverse Children	394
Analysis and Integration of Assessment Results	395
Differential Diagnosis of Voice Disorders	396
Postassessment Counseling	398
Chapter Summary	402
Study Questions	403
References	404
Chapter 12. Assessment of Voice: Protocols	411
Note on Common Protocols	412
Note on Specific Protocols	412
Voice Assessment Protocol 1: Interview Protocol	413
Voice Assessment Protocol 2: Vocal Abuse and Misuse Inventory	416
Voice Assessment Protocol 3: Child Voice Evaluation Protocol	418
Voice Assessment Protocol 4: Resonance and Velopharyngeal Function Assessment Protocol	422
Voice Assessment Protocol 5: Voice Stimulability Assessment Protocol	425
