List of Tables and Figures xvii

Preface xxi

Chapter 1 Introductory Concepts 1

What Is Law and Economics? 1

 Positive and Normative Analysis 2

 Is Efficiency a Valid Norm for Evaluating Law? 3

Efficiency Concepts 4

 Pareto Efficiency 4

 Potential Pareto Efficiency, or Kaldor-Hicks Efficiency 5

 Consensual Versus Nonconsensual Exchange 6

The Coase Theorem 7

The Law in “Law and Economics” 10

 The Nature of the Common Law 10

 The Court System in the United States 11

Conclusion 12

Discussion Questions 12

Problems 13

Chapter 2 An Economic Model of Tort Law 15

What Is a Tort? 15

 The Social Function of Tort Law 16

 Elements of a Tort Claim 16

 Cause-in-Fact 17

 Proximate Cause 18

 Liability Rules 18

An Economic Model of Accidents: The Model of Precaution	19
The Unilateral Care Model	19
Social Optimum	20
Actual Care Choice by the Injurer	20
Comparison of Strict Liability and Negligence	22
Bilateral Care Model	23
No Liability and Strict Liability	24
Negligence	25
The Hand Rule	25
The Reasonable-Person Standard	28
Contributory Negligence	30
Negligence with Contributory Negligence	30
Strict Liability with Contributory Negligence	32
Further Topics	32
Sequential Care Accidents*	32
The Injurer Moves First	33
The Victim Moves First	33
Last Clear Chance	34
Comparative Negligence	34
Causation and Liability*	36
Cause-in-Fact	37
Proximate Cause	38
<i>Res Ipsa Loquitur</i>	41
Uncertainty over Causation	41
Activity Levels	43
Punitive Damages	46
The Judgment Proof Problem	48
The Impact of Liability Insurance	49
Litigation Costs	50
Legal Error*	51
The Statute of Limitations for Tort Suits	51
Intentional Torts	52
Valuing Human Life and Safety	53
Conclusion	54
Discussion Questions	55
Problems	56
Chapter 3 Applying the Economic Model of Tort Law	58
Products Liability	58
A Brief History of Products Liability Law	59
An Economic Model of Products Liability	62
Equilibrium Price and Output for a Dangerous Product	63

Care Choices by Manufacturers and Consumers	66
Consumer Perceptions of Risk	67
A Note on Custom as a Defense	69
Recent Trends	70
Evidence on the Impact of Products Liability Laws	71
Concluding Remarks	71
Workplace Accidents	72
Respondeat Superior	72
Accidents in Which the Victim Is an Employee	72
Workers' Compensation Laws	73
Liability for Environmental Damages	75
Characteristics of Environmental Accidents	75
Multiple Victims	75
Causal Uncertainty	76
Superfund	78
Case Study: Asbestos	80
Medical Malpractice	82
Customary Practice and Informed Consent	83
Do Physicians Practice Defensive Medicine?	84
Conclusion	84
Discussion Questions	85
Problems	85
Chapter 4 The Economics of Contract Law I:	
The Elements of a Valid Contract	88
Contracts and Efficient Exchange	88
The Elements of a Valid Contract	91
Reasons for Invalidating Contracts	92
Mental Incapacity or Incompetence	93
Coercion or Duress	93
Mistake and the Duty to Disclose Private Information	95
Purely Distributive Information	97
Socially Valuable Information	100
Casual Versus Deliberate Acquisition of Information	101
Disclosure of Unfavorable Information	102
Unconscionability	103
Conclusion	104
Discussion Questions	105
Problems	105

Chapter 5 The Economics of Contract Law II: Remedies for Breach	107
The Efficient Breach Model	108
Money Damages and Efficient Breach	109
Incentives for Efficient Reliance	112
Mitigation of Damages	117
Impossibility and Related Excuses	117
Efficient Risk Sharing	118
Commercial Impracticability	121
Specific Performance	123
Transaction Costs	124
Subjective Value and Efficient Breach	125
The Value of Consent	127
Self-Enforcement of Contracts	128
Liquidated Damage Clauses	128
Product Warranties*	130
Express Warranties	130
Implied Warranties	133
Long-Term Contracts*	134
Conclusion	137
Discussion Questions	137
Problems	138
Chapter 6 The Economics of Property Law: Fundamentals	140
The Nature and Function of Property Rights	141
The Definition of Property Rights	141
Property Rights and Incentives	142
The Emergence of Property Rights	143
Enforcement of Property Rights	145
Fundamentals of the Economics of Property Law	147
The Coase Theorem	147
The Assignment of Rights and the Distribution of Wealth	150
Examples of the Coase Theorem	151
The Role of Transaction Costs	154
Loss Aversion and the Endowment Effect	155
Enforcement Rules	155
Property Rules and Liability Rules	156
The Choice Between Property Rules and Liability Rules	157
Trespass and Nuisance	159
A Note on Inalienability of Property Rights	161
The General Transaction Structure	162

Consensual Transfers of Property	166
The Legal Protection of Ownership	166
Should the Law Protect the Possessor or the Claimant? An Analysis of Land Title Systems*	167
Land Title Systems: Recording Versus Registration	167
Land Title Systems in the United States	170
Title Protection and Economic Development	171
Limited and Divided Ownership	172
Leasing	173
The Lease: A Contract or Conveyance?	173
Mitigation in Leases	174
The Law of Waste	175
Sharecropping	176
Private Versus Group Ownership	177
The Optimal Scale of Ownership	177
Public Goods	179
The Anticommons Problem and the Right to Partition*	179
Intellectual Property	180
Patents	180
Trade Secrets	183
Copyrights	183
Trademarks	184
Remedies	185
Conclusion	185
Discussion Questions	186
Problems	187

Chapter 7 Involuntary Transfers and Regulation of Property 189

Involuntary Transfers and Restrictions on Transfers Between Private Parties	190
Adverse Possession	190
The Mistaken Improver Problem*	192
Inheritance Rules	195
Primogeniture	195
The Rule Against Perpetuities	196
Government Acquisition of Property Under Eminent Domain	196
The Eminent Domain Clause	197
Public Use and the Scope of the Takings Power	197
The Meaning of Just Compensation	202
Case Study on the Determination of Just Compensation: "The Assassin's Bequest"	204

Eminent Domain and Land Use Incentives	204
The No-Compensation Result	205
Arguments Against the No-Compensation Result	206
Government Regulation of Property	208
The Compensation Question	208
Tests for Compensation	209
An Economic Model of Regulatory Takings	212
Implications of the Efficient Compensation Rule	215
Investment-Backed Expectations: Does the Market Eliminate the Need for Compensation?*	216
Compensation and the Timing of Development*	218
Regulation Versus the Common Law	219
Conclusion	222
Discussion Questions	222
Problems	223

Chapter 8 The Economics of Dispute Resolution 226

The Litigation Process	227
Why Do Trials Occur?	229
The Differing Perceptions, or Optimism Model	230
The Asymmetric Information Model	233
The Social Versus Private Incentive to Sue	234
Procedural Rules and Litigation Costs	236
Discovery	236
The English Versus American Rule	237
The English Rule and Settlement	238
The English Rule and the Incentive to File Suit	239
Evidence on the Impact of the English Rule	240
Rule 68*	241
Contingent Fees*	243
The Benefits of Contingent Fees	243
Contingent Fees and Settlement	245
Do Contingent Fees Promote Frivolous Suits?	246
Frivolous Suits	246
Court Delay*	248
Alternative Dispute Resolution	249
Evolution of the Law	251
Selection of Disputes for Trial	251
Is the Common Law Efficient?	252
Empirical Evidence on Legal Change	254

Judicial Decision Making and Legal Change	255
Decision by Precedent	255
An Economic Model of Precedent	256
Precedents as a Stock of Knowledge	258
Procedural Responses to Legal Errors*	259
The Standard of Proof	259
Appeals as a Means of Error Correction	260
What Do Judges Maximize?	261
Judicial Self-Interest and the Law	262
The Optimal Level of Judicial Independence	263
Pragmatism and the Economic Approach to Law	264
Conclusion	265
Discussion Questions	265
Problems	266

Chapter 9 The Economics of Crime 268

Distinguishing Crimes and Torts	269
Crimes Are Intentional	269
Other Reasons for Public Enforcement	270
Examples of Private Enforcement	271
Property Rules, Liability Rules, and Criminal Sanctions	272
The Economic Model of Crime	273
The Offender's Decision to Commit a Crime and the Supply of Offenses	274
Optimal Punishment	275
The Optimal Fine	276
Gain Versus Harm-Based Fines	276
Fines and Imprisonment	278
Prison, Probation, and Parole	279
The Probability of Apprehension Is Variable	280
Why Are Fines Not Equal to Offenders' Wealth?	282
Repeat Offenders	286
Incapacitation	287
Empirical Evidence on the Economic Model of Crime	288
The Death Penalty	289
Economics of the Death Penalty	289
Constitutional Issues	291
Judicial Discretion in Sentencing	291
The Bail System*	292
Private Protection*	294

Plea Bargaining	295
Economic Models of Plea Bargaining	296
Plea Bargaining and Deterrence	298
A Comparative Perspective	299
Topics	300
Crime and the Business Cycle*	301
Gun Laws and Crime	302
Primitive Law Enforcement	304
Some Constitutional Issues	305
Free Speech	305
The Rule Against Self-Incrimination	307
The Right of Privacy	309
Conclusion	311
Discussion Questions	311
Problems	312

Chapter 10 The Economics of Antitrust Law 315

Perfect Competition Versus Monopoly	316
Competitive Markets and Welfare	316
Monopoly	317
Cartels	318
Antitrust Law	320
Enforcement and Remedies	321
The Per Se Rule Versus the Rule of Reason	321
Optimal Fines	322
The “New” Antitrust Law and Economics	324
Contestable Markets	324
Transaction Cost Economics	325
Network Effects	327
Imperfect Information	328
Natural Monopoly	330
Price Regulation	331
Public Enterprise	332
Conclusion	332
Discussion Questions	333
Problems	333

Answers to In-Chapter Exercises	335
Notes	345
Works Cited	363
Index	385
