Preface..... v

About the Editor..... vi

List of Contributors..... vii

1. Basic Microbiology 1
Peter J. King

2. Preservatives and Preservation..... 15
Philip A. Geis

3. Natural Preservatives 31
Terry L. Amoroso

4. Multifunctional Ingredients 45
Steven F. Schnittger

5. Preservative Resistance 53
Donald J. English

6. Antimicrobial Preservative Efficacy and Microbial Content Testing 67
Scott V.W. Sutton with Philip A. Geis

7. Rapid Methods in Cosmetic Microbiology 95
Michael J. Miller

8. Prevention of Microbial Contamination during Manufacturing 113
Donald J. English

9. Microbial Monitoring of a Manufacturing Facility 143
Donald J. English

**10. Hazard Analysis and Critical Control Point (HACCP) Protocols in
Cosmetic Microbiology 157**
Laura M. Clemens and Harry L. Schubert

11. Manufacturing Microbiology—A View of the Future..... 165
Neil J. Lewis

12. Consumer Safety Considerations of Cosmetic Preservation 181
Corie A. Ellison, Alhaji U. N’jai, and Donald L. Bjerke

13. Global Regulation of Preservatives and Cosmetic Preservatives 195
David C. Steinberg
