

# CONTENTS

## PART 1 INTRODUCTION AND BASIC CONCEPTS 17

### 1 Definition and Characteristics of Applied Behavior Analysis 18

Science: Basic Characteristics and a Definition 18

A Brief History of Behavior Analysis 22

Characteristics of Applied Behavior Analysis 31

A Definition of Applied Behavior Analysis 34

Summary 38

### 2 Basic Concepts and Principles 43

Behavior 43

Environment 44

Respondent Behavior 47

Operant Behavior 49

Recognizing the Complexity of Human Behavior 58

Summary 60

## PART 2 SELECTING, DEFINING, AND MEASURING BEHAVIOR 67

### 3 Selecting and Defining Target Behaviors 68

Role of Assessment in Applied Behavior Analysis 68

Assessment Methods Used by Behavior Analysts 70

Assessing the Social Significance of Potential Target Behaviors 78

Prioritizing Target Behaviors 84

Defining Target Behaviors 86

Setting Criteria for Behavior Change 89

Summary 90

### 4 Measuring Behavior 94

Definition and Functions of Measurement in Applied Behavior Analysis 94

Measurable Dimensions of Behavior 96

Methods for Measuring Behavior 104

Measuring Behavior by Permanent Products 113

Measurement Tools 117

Selecting a Measurement Method 118

Summary 119

### 5 Improving and Assessing the Quality of Behavioral Measurement 123

Indicators of Trustworthy Measurement 123

Threats to Valid Measurement 125

Threats to Accurate and Reliable Measurement 127

Assessing the Accuracy and Reliability of Behavioral Measurement 130

Using Interobserver Agreement to Assess Behavioral Measurement 132

Summary 141

## PART 3 EVALUATING AND ANALYZING BEHAVIOR CHANGE 147

### 6 Constructing and Interpreting Graphic Displays of Behavioral Data 148

Purpose and Benefits of Graphic Displays of Behavioral Data 149

Graphs Used by Applied Behavior Analysts 150

Constructing Line Graphs 164

Interpreting Graphically Displayed Behavioral Data 168

Summary 175

### 7 Analyzing Behavior Change: Basic Assumptions and Strategies 181

Concepts and Assumptions Underlying the Analysis of Behavior 181

Components of Applied Behavior Analysis Experiments 184

Steady State Strategy and Baseline Logic 187

Summary 193

### 8 Reversal and Multielement Designs 199

Reversal Design 199

Multielement Design 207

Summary 219

### 9 Multiple Baseline and Changing Criterion Designs 223

Multiple Baseline Design 223

Changing Criterion Design 238

Summary 243

### 10 Planning and Evaluating Applied Behavior Analysis Research 247

Importance of the Individual Subject in Behavior Analysis Research 247

Importance of Flexibility in Experimental Design 250

Internal Validity: Controlling Potential Sources of Confounding in Experimental Design 254

- Social Validity: Assessing the Applied Value of Behavior Changes and the Treatments That Accomplish Them 261
- External Validity: Replicating Experiments to Determine the Generality of Research Findings 267
- Evaluating Applied Behavior Analysis Research 271
- Summary 277

## **PART 4 REINFORCEMENT 283**

### **11 Positive Reinforcement 284**

- Positive Reinforcement Defined 285
- Classifying Reinforcers 294
- Identifying Potential Reinforcers 299
- Control Procedures for Positive Reinforcement 311
- Using Reinforcement Effectively 312
- Summary 316

### **12 Negative Reinforcement 321**

- Definition of Negative Reinforcement 321
- Escape and Avoidance Contingencies 323
- Characteristics of Negative Reinforcement 325
- Applications of Negative Reinforcement 327
- Changes in Teacher and Caregiver Responding as a Function of Negative Reinforcement 331
- Ethical Considerations in Using Negative Reinforcement 332
- Summary 333

### **13 Schedules of Reinforcement 337**

- Intermittent Reinforcement 337
- Defining Basic Intermittent Schedules of Reinforcement 338
- Schedule Effects and Consistency of Performance 338
- Thinning Intermittent Reinforcement 345
- Variations on Basic Intermittent Schedules of Reinforcement 347
- Compound Schedules of Reinforcement 350
- Perspectives on Using Schedules of Reinforcement in Applied Settings 356
- Summary 357

## **PART 5 PUNISHMENT 363**

### **14 Positive Punishment 364**

- Definition and Characteristics of Punishment 365
- Factors That Influence the Effectiveness of Punishment 370

- Possible Side Effects and Problems with Punishment 375
- Positive Punishment Interventions 376
- Guidelines for Using Punishment 380
- Ethical Considerations Regarding the use of Punishment 384
- Concluding Perspectives 386
- Summary 387

### **15 Negative Punishment 392**

- Time-Out from Positive Reinforcement Defined 392
- Time-Out Tactics for Applied Settings 393
- Using Time-Out Effectively 396
- Response Cost Defined 401
- Response Cost Methods 404
- Using Response Cost Effectively 404
- Response Cost Considerations 406
- Summary 407

## **PART 6 ANTECEDENT VARIABLES 411**

### **16 Motivating Operations 412**

- Definition and Characteristics of Motivating Operations 412
- Distinguishing Between MOs and S<sup>D</sup>s 416
- Unconditioned Motivating Operations (UMOs) 418
- MOs for Punishment 420
- Multiple Effects of MOs 421
- Conditioned Motivating Operations (CMOs) 422
- Relevance of MOs to the Generality of Treatment Effects 430
- Relevance of MOs to Applied Behavior Analysis 430
- Summary 431

### **17 Stimulus Control 437**

- Stimulus Control: Basic Concepts and Processes 437
- Developing Stimulus Control 441
- Transferring Stimulus Control 447
- Summary 451

## **PART 7 VERBAL BEHAVIOR 455**

### **18 Verbal Behavior 456**

- Skinner's (1957) Analysis of Verbal Behavior 456
- The Verbal Operants and Listener Behavior in More Detail 460
- Listener Behavior 473
- Autoclitic Verbal Behavior 477

Applications of Skinner's (1957) Analysis of Verbal Behavior 478

Applications to Language Assessment and Intervention 479

The Loss of Verbal Behavior 489

Summary 489

## **PART 8 DEVELOPING NEW BEHAVIOR 495**

### **19 Equivalence-based Instruction 496**

Research Foundations and Core Concepts 497

Designing Equivalence-Based Instruction 510

Applications and Generality 524

Applications Stemming from Alternative Theoretical Approaches to Relational Responding 532

Concluding Remarks 537

Summary 537

### **20 Engineering Emergent Learning with Nonequivalence Relations 541**

What are Nonequivalence Relations? Why do They Matter? 542

The Vocabulary of Nonequivalence Relations 544

Some Types of Nonequivalence Relations 546

Theoretical Foundations 550

Nonequivalence Relations and Big-Picture Psychological Constructs 555

Derived Stimulus Relations and General Well-Being 560

A Final Comment 566

Summary 567

### **21 Imitation, Modeling, and Observational Learning 571**

Imitation 571

Modeling 576

Observational Learning 579

Summary 582

### **22 Shaping 585**

Shaping Defined 586

Shaping Across and Within Response Topographies 589

Increasing Shaping Efficiency 592

Clicker Training 593

Emerging Applications of Shaping 593

Shaping Guidelines 595

Learning to Shape 598

Summary 599

### **23 Chaining 603**

Behavior Chain Defined 603

Rationale for Chaining 605

Establishing Behavior Chains with Task Analysis 605

Behavior Chaining Methods 610

Choosing a Chaining Method 615

Disrupting and Breaking Behavior Chains 616

Troubleshooting Chains 620

Factors Affecting the Performance of Behavior Chains 621

Summary 623

## **PART 9 DECREASING BEHAVIOR WITH NONPUNISHMENT PROCEDURES 627**

### **24 Extinction 628**

Extinction Defined 628

Extinction Procedures 630

Secondary Effects of Extinction 633

Variables Affecting Resistance to Extinction 635

Using Extinction Effectively 636

When Not to Use Extinction 638

Summary 639

### **25 Differential Reinforcement 642**

Differential Reinforcement Defined 642

Differential Reinforcement of Alternative Behavior (DRA) 643

Differential Reinforcement of Other Behavior (DRO) 647

Differential Reinforcement of Low Rates of Responding (DRL) 653

Summary 657

### **26 Antecedent Interventions 661**

Defining and Classifying Antecedent Interventions 661

Noncontingent Reinforcement 663

High-Probability Instructional Sequence 667

Functional Communication Training 668

Default Interventions 671

Summary 673

## **PART 10 FUNCTIONAL ASSESSMENT 677**

### **27 Functional Behavior Assessment 678**

Functions of Behavior 678

Role of Functional Behavior Assessment in Intervention and Prevention 679

Overview of FBA Methods 681

Conducting a Functional Behavior Assessment 691

Case Examples Illustrating the FBA Process 693

Summary 702

## **PART 11 SPECIAL APPLICATIONS 707**

### **28 Token Economy, Group Contingencies, and Contingency Contracting 708**

Token Economy 708

Group Contingencies 716

Contingency Contracting 724

Summary 731

### **29 Self-Management 734**

The "Self" as Behavior Controller 734

Self-Management Defined 735

Applications, Advantages, and Benefits of Self-Management 738

Antecedent-Based Self-Management Tactics 742

Self-Monitoring 745

Self-Administered Consequences 752

Other Self-Management Tactics 757

Suggestions for Effective Self-Management Programs 760

Behavior Changes Behavior 762

Summary 763

## **PART 12 PROMOTING GENERALIZED BEHAVIOR CHANGE 767**

### **30 Generalization and Maintenance of Behavior Change 768**

Generalized Behavior Change: Definitions and Key Concepts 768

Planning for Generalized Behavior Change 775

Strategies and Tactics for Promoting Generalized Behavior Change 777

Modifying and Terminating Successful Interventions 801

Guiding Principles for Promoting Generalized Outcomes 803

Summary 807

## **PART 13 ETHICS 811**

### **31 Ethical and Professional Responsibilities of Applied Behavior Analysts 812**

What Is Ethics and Why Is It Important? 813

Standards of Professional Practice for Applied Behavior Analysts 817

Ensuring Professional Competence 818

Ethical Issues in Client Services 822

Coordinating with Other Professionals 828

Social Media and New Technologies 830

Advocating for the Client 831

Conflict of Interest 834

Creating a Culture of Ethical Practice 834

Conclusion 835

Summary 836

**Epilogue E-1**

**Glossary G-1**

**Bibliography B-1**

**Name Index N-1**

**Subject Index S-1**

## **GLOBAL EDITION ACKNOWLEDGMENTS**

Pearson would like to thank Ruchika Kanwal for her work on this Global Edition.
