

contents

the plant kingdom

- 12 what is a plant?
- 14 types of plant
- 16 classifying plants

roots

- 20 fibrous roots
- 22 tap roots
- 24 plant supports
- 26 absorbing nutrients
- 28 storage systems
- 30 plants in art:
impressions of nature
- 32 nitrogen fixing
- 34 the fly agaric
- 36 contractile roots
- 38 aerial roots
- 40 the strangler fig
- 42 living on air
- 44 parasitic plants
- 46 mistletoe
- 48 roots in water
- 50 water lilies
- 52 breathing roots
- 54 mangroves

stems and branches

- 58 types of stem
- 60 inside stems
- 62 plants in art:
natural renaissance
- 64 tree trunks
- 66 types of bark
- 68 the quaking aspen
- 70 branch arrangement
- 72 winter buds
- 74 insulated buds
- 76 cauliflorous plants
- 78 stem defences
- 80 the kapok tree
- 82 stems and resin
- 84 the dragon tree
- 86 storing food
- 88 beneficial relationships
- 90 fibrous trunks
- 92 plants in art:
west meets east
- 94 twining stems
- 96 climbing techniques
- 98 storage stems
- 100 the saguaro cactus
- 102 leafless stems
- 104 new plants from stems
- 106 moso bamboo

leaves

- 110** types of leaf
- 112** leaf structure
- 114** compound leaves
- 116** plants in art:
designed by nature
- 118** developing leaves
- 120** unfurling ferns
- 122** leaf arrangement
- 124** plants in art:
botanic reinvention
- 126** leaves and the water cycle
- 128** leaves and light
- 130** leaf size
- 132** leaf shapes
- 134** drip tips
- 136** leaf margins
- 138** hairy foliage
- 140** plants in art:
ancient herbals
- 142** succulent foliage
- 144** waxy leaves
- 146** the quiver tree
- 148** silver leaves
- 150** variegated leaves
- 152** the japanese maple
- 154** autumn colours
- 156** stinging leaves
- 158** the sweet thorn
- 160** leaf defences
- 162** leaves in extremes
- 164** the bismarck palm
- 166** floating leaves
- 168** plants with pools
- 170** leaves that eat
- 172** sundews
- 174** leaves that reproduce
- 176** protective bracts
- 178** types of bract
- 180** leaves and spines

flowers

- 184** parts of a flower
- 186** ancient flowers
- 188** flower shapes
- 190** flower development
- 192** flowers and seasons
- 194** plants in art:
chinese painting
- 196** flower fertilization
- 198** pollen grains
- 200** encouraging diversity
- 202** managing pollen
- 204** plants in art:
japanese woodblock prints
- 206** unisexual plants
- 208** incompatible flowers
- 210** the titan arum
- 212** flowers that change sex
- 214** inflorescences
- 216** types of inflorescence
- 218** rays and discs
- 220** the sunflower
- 222** wind-pollinated flowers
- 224** grass flowers
- 226** flowers and nectar
- 228** storing nectar
- 230** designed for visitors
- 232** precision pollination
- 234** buzz pollination
- 236** plants in art:
radical visions
- 238** winter blooms
- 240** flowers for birds
- 242** flowers for animals
- 244** flying visitors
- 246** the queen of the night
- 248** colour attraction
- 250** nectar guides
- 252** the hollyhock
- 254** colour signals

- 256** restricted entry
- 258** fragrant traps
- 260** the corpse flower
- 262** special relationships
- 264** natural mimics
- 266** designed to deceive
- 268** self-pollinating flowers
- 270** plants in art:
blooms for royalty
- 272** closing at night
- 274** bud defences
- 276** armoured flowers
- 278** colourful bracts
- 280** plants in art:
american enthusiasts
- 282** cone reproduction

seeds and fruits

- 286** seed structure
- 288** naked seeds
- 290** inside seed cones
- 292** enclosed seeds
- 294** types of fruit
- 296** plants in art:
ancient gardens
- 298** flower to fruit
- 300** fruit anatomy
- 302** the banana
- 304** seed distribution
- 306** dispersed by diet
- 308** colourful seeds
- 310** plants in art:
art and science
- 312** animal couriers
- 314** seeds with wings
- 316** the dandelion
- 318** seeds with parachutes
- 320** silky seeds
- 322** common milkweed
- 324** pods and capsules
- 326** exploding seedpods
- 328** nigella
- 330** seeds and fire
- 332** water dispersal
- 334** plants in art:
painting the world
- 336** natural clones
- 338** fern spores
- 340** spore to fern
- 342** haircap mosses
- 344** glossary
- 350** index
- 358** list of botanical art
- 359** acknowledgments
