Prefacexi

Chapter 1 Introduction 1
Marcel Das, Peter Ester, and Lars Kaczmirek
References.....7

Part I Methodology in Internet Survey Research

Chapter 2 Internet Survey Methods: A Review of Strengths, Weaknesses, and Innovations11
Jolene D. Smyth and Jennie E. Pearson
2.1 Introduction11
2.2 A Brief History of Internet Surveys12
2.3 Strengths and Weaknesses of Internet Surveys..... 14
2.4 Conclusions37
References.....39

Chapter 3 Internet Surveys as Part of a Mixed-Mode Design..... 45
Edith D. de Leeuw and Joop J. Hox
3.1 Introduction45
3.2 Available Data Collection Methods49
3.3 A Review of Empirical Evidence of Mode Equivalence53
3.4 Consequences of Mixed-Mode Design for Questionnaire Development61
3.5 Conclusions65
References.....72

Chapter 4 “True” Longitudinal and Probability-Based Internet Panels: Evidence From the Netherlands 77
Annette C. Scherpenzeel and Marcel Das
4.1 Introduction77
4.2 Longitudinal Panel Surveys78

4.3	New Developments in Survey Research	84
4.4	The LISS Panel.....	87
4.5	Conclusions	101
	References.....	103
Chapter 5	How Representative Are Online Panels? Problems of Coverage and Selection and Possible Solutions	105
	<i>Annette C. Scherpenzeel and Jelke G. Bethlehem</i>	
5.1	Introduction	105
5.2	Problems in Online Panels.....	107
5.3	Can We Correct the Bias? Weighting Adjustment	114
5.4	A Better Online Panel?.....	118
5.5	Conclusions	126
	References.....	129
Chapter 6	Ethical Considerations in Internet Surveys	133
	<i>Eleanor Singer and Mick P. Couper</i>	
6.1	Introduction	133
6.2	Basic Ethical Principles: Confidentiality and Informed Consent	134
6.3	Obtaining Consent for the Collection of Paradata: Report of an Experiment	149
6.4	Conclusions	158
	References.....	160
Part II Advanced Methods and Applications		
Chapter 7	How Visual Design Affects the Interpretability of Survey Questions.....	165
	<i>Vera Toepoel and Don A. Dillman</i>	
7.1	Introduction	165
7.2	How Visual Information Is Processed.....	166
7.3	Research on How Visual Layout Influences Answers.....	170

7.4	Needed Research on Which Visual Layout Considerations Are Most Important	183
7.5	Conclusions	186
	References	187
Chapter 8	Attention and Usability in Internet Surveys: Effects of Visual Feedback in Grid Questions	191
	<i>Lars Kaczmirek</i>	
8.1	Introduction	191
8.2	Background	192
8.3	Hypotheses, Design, and Implementation.....	196
8.4	Results	199
8.5	Conclusions	207
	References.....	211
Chapter 9	Using Interactive Features to Motivate and Probe Responses to Open-Ended Questions.....	215
	<i>Marije Oudejans and Leah Melani Christian</i>	
9.1	Introduction	215
9.2	Theoretical Background and Hypotheses.....	216
9.3	Methods	222
9.4	Results	229
9.5	Conclusions	241
	References.....	243
Chapter 10	Measuring Attitudes Toward Controversial Issues in Internet Surveys: Order Effects of Open and Closed Questioning.....	245
	<i>Peter Ester and Henk Vinken</i>	
10.1	Introduction	245
10.2	Background	247
10.3	Design and Implementation.....	251
10.4	Results	253
10.5	Conclusions	263
	References.....	266

Part III Data Quality: Problems and Solutions

Chapter 11	Challenges in Reaching Hard-to-Reach Groups in Internet Panel Research	271
	<i>Corrie M. Vis and Miquelle A. G. Marchand</i>	
11.1	Introduction	271
11.2	Hard-to-Reach Groups in Internet Panel Research...	272
11.3	Hard-to-Reach Groups and the Recruitment of the LISS Panel.....	274
11.4	Hard-to-Reach Groups Participating in the LISS Panel	277
11.5	Response Rates in the LISS Panel.....	282
11.6	Conclusions	285
	References.....	288
Chapter 12	Mode and Context Effects in Measuring Household Assets	291
	<i>Arthur van Soest and Arie Kapteyn</i>	
12.1	Introduction	291
12.2	The HRS Internet Experiment	295
12.3	Asset Ownership.....	302
12.4	Amounts Held.....	308
12.5	Regression Models for Ownership and Amounts Held.....	314
12.6	Conclusions	321
	References.....	322
Chapter 13	Internet Survey Paradata	325
	<i>Dirk Heerwegh</i>	
13.1	Introduction	325
13.2	Types of Internet Survey Paradata	326
13.3	Potential Uses of Internet Survey Paradata.....	330
13.4	Collecting Internet Survey Paradata.....	334
13.5	Data Preparation and Analysis.....	335

13.6	Example Study: Use of Paradata to Assist in the Development of Theory.....	336
13.7	Conclusions	342
	Disclaimer.....	344
	References.....	344
Chapter 14	Use of Eye Tracking for Studying Survey Response Processes	349
	<i>Mirta Galesic and Ting Yan</i>	
14.1	Introduction	349
14.2	What Is Eye Tracking?	351
14.3	What Can Eye Tracking Do?.....	354
14.4	What Can Eye Tracking Do That the Other Methods Cannot?	356
14.5	What Has Been Done With Eye Tracking?	357
14.6	Conclusions	366
	References.....	368
Chapter 15	Can Biomarkers Be Collected in an Internet Survey? A Pilot Study in the LISS Panel.....	371
	<i>Mauricio Avendano, Annette C. Scherpenzeel, and Johan P. Mackenbach</i>	
15.1	Introduction	371
15.2	Rationale for the Collection of Biomarker Data.....	373
15.3	The LISS Panel Biomarker Pilot.....	381
15.4	Results	388
15.5	Conclusions	403
	References.....	409
Chapter 16	Discussion and Conclusions.....	413
	<i>Marcel Das, Peter Ester, and Lars Kaczmirek</i>	
	Author Index.....	419
	Subject Index.....	427
