**Part V Conclusion**

**23 The Inclusive Paradox: The Lived Experience Versus the Theory . . . . . 309**  
Kelly-Ann Allen and Christopher Boyle

Kelly-Ann Allen, PhD, FAPS is a board endorsed Educational and Developmental Psychologist and Associate Professor within the School of Education Psychology and Counselling, Faculty of Education, Monash University. Kelly-Ann is an Honorary Principal Fellow of the Centre for Wellbeing Science, Melbourne Graduate School of Education, University of Melbourne and is the inaugural director and founder of the International Belonging Research Laboratory, which represents a large group of belonging researchers from around the world. Dr. Allen’s research interests are concerned with school belonging and belonging more generally, and she is committed to the translation and dissemination of research into educational contexts. Dr. Allen is the Editor-in-Chief of the Educational and Developmental Psychologist and Co-Inaugural Founding Editor of Belonging and Human Connection (with Professor Chris Boyle). She is a Fellow of the Australian Psychological Society and the College of Educational and Developmental Psychologists. Dr. Allen has published extensively in the area of belonging research. You can find out more at [www.drkellyallen.com](http://www.drkellyallen.com).
