SECTION 1	THE INNOVATION PROCESS	1
-----------	------------------------	---

---

1	Introduction	3
	<i>Rahul Kanegaonkar and James Tysome</i>	
	Case Study A: D+R hearing	10
2	The innovation process	13
	<i>Rahul Kanegaonkar</i>	
	Case Study B: Generation medics	24
	Case Study C: The I-gel	24
	Case Study D: The Guy’s Hospital Multidisciplinary Balance Service	26
3	Intellectual property	29
	<i>Emma Hodge</i>	
4	Establishing a company	35
	<i>Jane Ollis</i>	
	Case Study E: Organa	41
	Case Study F: Rhinamite	43
5	Prototyping	47
	<i>Geraint Green</i>	
	Case Study G: Docbook.co.uk	54
6	Raising capital: How innovators raise funding to drive medical innovation	57
	<i>Ian M. Newington</i>	

7	The regulatory landscape for medical devices in the UK and EU <i>Jacques du Preez</i>	65
	Case Study H: D+R balance	73
8	Responsible business conduct: Why and how healthcare companies should incorporate environmental sustainability, social responsibility, and business integrity into their practice <i>Mahmood F. Bhutta and Chirantan Chatterjee</i>	75
9	Research and validation <i>James Tysome</i>	87
10	Marketing <i>Richard Anderson</i>	95
11	Penetrating the National Health Service and private sectors <i>Nigel Sansom</i>	103
	Case Study I: Kent and Medway Prehab – Telehealth-delivered home-based patient optimisation	109
<b>SECTION 2 HORIZON SCANNING AND THE EMERGENCY TECHNOLOGIES</b>		<b>113</b>
12	An innovator's journey <i>Chris Coulson</i>	115
13	Digital health <i>Aditya Desai and George Karous</i>	121
	Case Study J: Flexio, remote physiotherapy	130
14	Regenerative medicine <i>Richard Webb, Athina Mylona, and Alwyn D'Souza</i>	133
15	Cardiology <i>Robert Bell</i>	147
16	Genetics and genomics horizon scanning <i>Julian Barwell and Tom Calderbank</i>	157
	Case Study K: PinPoint	166
17	Artificial intelligence and machine learning <i>Raj Jena</i>	169
18	The evolution of robotic surgery – Current status and future concepts <i>Sashi S. Kommu</i>	179
19	Innovation in public health: Tools and methods <i>J. Yimmy Chow and Jonathan Fok</i>	189

20	Wearable and implantable medical devices – A fantastic voyage <i>Wesley Mcloughlin and Ian Mcloughlin</i>	195
	Case Study L: An assistive device for those with hearing loss	207
21	Using technology to improve the outcomes of mental health <i>Raj Attavar and Vinod Muniswamy</i>	211
22	Medical imaging <i>Richard Jenkins and Dipalee Durve</i>	219
23	Medical innovation in ophthalmology <i>Ziyaad Sultan and John Bladen</i>	229
