
CONTENTS

Preface xv

PART I IN THE BEGINNING 1

Professional Psychology in Context 3

The Mental Health Professions 5

Clinical Psychology 5 / Counseling Psychology 8 / Clinical Neuropsychology 9 / Educational Psychology 10 / School Psychology 10 / Other Fields in Professional Psychology 10 / Psychiatry 12 / Psychoanalysis 13 / Social Work 13 / Marriage and Family Therapy 14 / Other Mental Health Professions 15

Professional Psychology in Practice 16

Psychotherapy and Counseling 17 / Assessment 17 / Teaching and Research 17 / Consultation 18 / Administration 18 / Psychology in the Public Forum 19

Psychotherapy Integration 19

In Conclusion 20

2 Historical Development of Professional Psychology 21

Academic Psychology 22

Society's Treatment of Its Deviant Members 24

From the Supernatural to the Medical Model 26

Demonology 26 / Nineteenth-Century Reform 27 / The Medical Model 28

From the Medical to the Psychological Model: Sigmund Freud 29

The Psychological Model in the United States	30
<i>Early Developments in Clinical Psychology</i>	31 /
<i>Early Developments in Counseling Psychology</i>	32
Professional Psychology in the Twentieth Century	33
<i>Assessment</i>	33 /
<i>Treatment and Interventions</i>	36 /
<i>Professional Organizations</i>	39
In Conclusion	42

PART II

ASSESSMENT AND MEASUREMENT 43

3	Issues in Psychological Assessment and Measurement	45
	A Review of Psychological Measurement	46
	<i>Scales of Measurement</i>	46 /
	<i>Norms and Standardization</i>	46 /
	<i>Reliability and Validity</i>	47
	Measurement and Assessment in Research	49
	Clinical Psychological Assessment	50
	<i>The Clinical Assessment Process</i>	51 /
	<i>Controversial Issues in Psychological Assessment</i>	53 /
	<i>Criticisms of Clinical Psychological Assessment</i>	57
	Diagnosis	58
	<i>Reliability and Validity of Diagnosis</i>	59 /
	<i>The Diagnostic and Statistical Manual</i>	59 /
	<i>Criticisms of Diagnosis</i>	63
	Program Evaluation and Accountability	64
	In Conclusion	66
4	Methods of Clinical Assessment	67
	The Interview	68
	<i>The Intake Interview</i>	68 /
	<i>The Mental Status Exam</i>	68 /
	<i>The Case History Interview</i>	69 /
	<i>Pretest and Posttest Interviews</i>	69 /
	<i>Reliability and Validity of Interviews</i>	70 /
	<i>Clinical Uses of Interviews</i>	70
	Intellectual and Cognitive Assessment	70
	<i>The Stanford-Binet</i>	71 /
	<i>The Wechsler Tests</i>	72 /
	<i>Other Intellectual and Cognitive Tests</i>	73 /
	<i>Reliability and Validity of Cognitive Ability Tests</i>	74 /
	<i>Clinical Uses of Intelligence Tests</i>	75
	Neuropsychological Assessment	76
	<i>Single Neuropsychological Tests</i>	78 /
	<i>The Halstead-Reitan Neurological Test Battery</i>	79 /
	<i>The Boston Process Approach</i>	80 /
	<i>Reliability and Validity of Neuropsychological Tests</i>	80 /
	<i>Clinical Uses of Neuropsychological Assessment</i>	81

Projective Personality Tests	81
<i>The Rorschach</i>	82 / <i>The Thematic Apperception Test (TAT)</i>
<i>Drawing Tests</i>	84 / <i>Sentence Completion Tests</i>
<i>Reliability and Validity of Projective Tests</i>	85 / <i>Clinical Uses of Projective Tests</i>
Objective Personality Tests	87
<i>MMPI and MMPI-2: An Example of the Empirical Approach</i>	87 /
<i>The Millon Tests: Another Example of the Empirical Approach</i>	90 /
<i>The NEO Personality Inventory—Revised (NEO-PI-R): An Example of the Inductive Approach</i>	91 / <i>The Beck Depression Inventory (BDI): An Example of the Deductive Approach</i>
<i>Reliability and Validity of Objective Tests</i>	92 / <i>Clinical Uses of Objective Tests</i>
Behavioral Assessment	93
<i>Behavioral Assessment Interviews</i>	94 / <i>Naturalistic Observation</i>
<i>Analogue Observation</i>	95 / <i>Participant Observation</i>
<i>Self-Monitoring</i>	95 / <i>Psychophysiological Measures</i>
<i>Behavioral Questionnaires and Checklists</i>	95 / <i>Product-of-Behavior Measures</i>
<i>Radical Behavioral Assessment</i>	96 / <i>Reliability and Validity of Behavioral Assessment</i>
<i>Clinical Uses of Behavioral Assessment</i>	97
Vocational, Aptitude, and Interest Tests	97
<i>Strong Interest Inventory</i>	98 / <i>Kuder Occupation Interest Survey</i>
<i>Other Tests of Talents</i>	98 / <i>Reliability and Validity of Vocational and Interest Tests</i>
<i>Clinical Uses of Vocational and Interest Tests</i>	99
Psychological Tests on the Internet	99
In Conclusion	100

5 Research in Psychotherapy 105

Why We Need to Study Psychotherapy Empirically	106
Methods in Psychotherapy Research	110
<i>Quantitative Research Methods</i>	110 / <i>Qualitative Research Methods</i>
<i>Other Problems in Psychotherapy Research</i>	117
The Effectiveness of Psychotherapy	118
<i>Is Psychotherapy Effective?</i>	119 / <i>Is One Approach to Therapy Superior to Another?</i>
<i>Other Research Findings</i>	121
Making Sense of the Dodo Bird Verdict	122
<i>The Therapeutic Alliance as a Common Factor</i>	122 / <i>Differential Treatments for Different Problems</i>
<i>Understanding the Process of Change</i>	124
Evidence-Based Practice	125
<i>What Is Evidence-Based Practice?</i>	126 / <i>Treatment Guidelines and the APA Template</i>
<i>Evidence-Based Practice and Empirically Supported Treatments</i>	128 / <i>Controversy over Empirically Supported Treatments</i>
<i>Are There Multiple Ways to Be Evidence-Based?</i>	131 / <i>Measuring Outcome in Clinical Practice</i>
<i>Measuring Outcome in Clinical Practice</i>	132
In Conclusion	133

PART III

PSYCHOTHERAPEUTIC APPROACHES 135

6	Sigmund Freud and Psychoanalysis	137
	<p>Theory of Personality 138</p> <p style="padding-left: 20px;"><i>Hidden Meaning and the Concept of Repression 138 / Meta-psychology 140 / Defense Mechanisms 142 / Psychopathology and Anxiety 144 / Developmental Stages and Id, Ego, and Superego 144</i></p> <p>Psychotherapy 147</p> <p style="padding-left: 20px;"><i>Free Association 148 / Therapist Interventions 149 / Therapeutic Conditions of Change 151 / Dreams and Resistance 152 / The Therapeutic Alliance and Transference 153 / Mechanics of Psychoanalysis 155</i></p> <p>Recent Issues in Psychoanalysis 155</p> <p style="padding-left: 20px;"><i>Historical Truth versus Narrative Truth 155 / Child Abuse and the Seduction Theory 157</i></p> <p>Research Evaluation of Psychoanalytic Theory and Therapy 158</p> <p style="padding-left: 20px;"><i>Effectiveness of Psychoanalysis 158 / Psychoanalytic Personality Theory 159</i></p> <p>In Conclusion 163</p>	
7	Relational Approaches to Psychoanalysis	165
	<p>The Neo-Freudians 165</p> <p style="padding-left: 20px;"><i>Adler 166 / Jung 167 / Other Neo-Freudians 168</i></p> <p>Contemporary Perspectives 169</p> <p style="padding-left: 20px;"><i>Object Relations Theory 169 / Bowlby and Attachment Theory 176 / Kohut and Self Psychology 176 / Relational Concepts 180</i></p> <p>Approaches to Psychotherapy 181</p> <p style="padding-left: 20px;"><i>Self Psychology and Object Relations Theory 181 / Brief Forms of Psychoanalytic Psychotherapy 184 / Summing Up Recent Approaches 186</i></p> <p>Evaluation of Relational Psychoanalytic Approaches 186</p> <p style="padding-left: 20px;"><i>Research on Psychotherapy 186 / Research on Child Development 187</i></p> <p>In Conclusion 191</p>	
8	Client- and Person-Centered Therapies	193
	<p>Client-Centered Therapy: Model of the Person 194</p> <p style="padding-left: 20px;"><i>Multiple Realities 195 / The Meaning of Acceptance 195 / Personal Constructs and Values 197 / Process Orientation 197 / Internality, Authority, and Individualism 198 / Experiencing 199 / Experiential Knowing 200</i></p> <p>Psychopathology 202</p>	

Psychotherapy	203
<i>Therapeutic Process</i>	203 / <i>Role of the Therapist</i> 205
From Client-Centered to Person-Centered	211
Evaluation of Client- and Person-Centered Therapies	212
<i>Research</i>	212 / <i>Theory</i> 214
In Conclusion	216

9 Experiential and Existential Psychotherapies 219

The Concept of the River	219
Experiential Psychotherapy	220
<i>Gestalt Therapy</i>	221 / <i>Gendlin's Focusing-Oriented Psychotherapy</i> 229 /
<i>Emotion-Focused Psychotherapy</i>	230 / <i>Mahrer's Experiential Psychotherapy</i> 232
Existential Therapy	233
<i>Philosophical Background</i>	233 / <i>Theory of Personality</i>
<i>and Psychopathology</i>	234 / <i>Psychotherapy</i> 237
Evaluation of Experiential and Existential Approaches	239
<i>Effectiveness of Therapy</i>	239 / <i>Theoretical Evaluation</i> 240
In Conclusion	241

10 Behavioral Approaches to Therapy 243

Foundations of Behavior Therapy	244
<i>A Brief History of Behavior Therapy</i>	246 / <i>Principles of Learning</i> 247 /
<i>The Development of Abnormal or Unwanted Behavior</i>	250
Behavior Therapy	252
<i>Exposure-Based Treatments (Classical Conditioning Methods)</i>	253 /
<i>Skills Training (Operant Conditioning Methods)</i>	257 / <i>Social</i>
<i>Learning Methods</i>	265 / <i>Broad Spectrum Behavior Therapy</i> 266
Postmodern Behavior Therapy	266
<i>Functional Analytic Psychotherapy (FAP)</i>	268 / <i>Acceptance and</i>
<i>Commitment Therapy (ACT)</i>	269 / <i>Dialectical Behavior Therapy (DBT)</i> 270
Evaluation of Behavior Therapy	272
<i>Criticisms of Behavior Therapy</i>	272 / <i>Strengths of Behavior Therapy</i> 274
In Conclusion	274

11 Cognitive and Cognitive-Behavioral Approaches to Psychotherapy 275

Transition from Behavior Therapy to Cognitive-Behavioral Therapy	277
<i>Albert Bandura</i>	277 / <i>Donald Meichenbaum</i> 281 / <i>Recent</i>
<i>Cognitive-Behavioral Approaches</i>	281 / <i>Specific Cognitive-Behavioral</i>
<i>Treatments for Specific Disorders</i>	281

Cognitive Psychotherapy	282
<i>Kelly's Construct Theory</i>	283 / <i>Beck's Cognitive Therapy</i> 285 /
<i>Ellis's Rational Emotive Behavior Therapy</i>	293 / <i>Comparison of Ellis and Beck</i> 298
Theoretical Advances	298
Evaluation of Cognitive Approaches	299
<i>Effectiveness of Psychotherapy</i>	299 / <i>Theoretical Evaluation</i> 300
In Conclusion	302

12 Behavior and Biology **303**

Health Psychology	304
<i>Theoretical Basis for Health Psychology</i>	305 / <i>Interventions in Health Psychology</i>
306	
Biofeedback	311
<i>Theoretical and Empirical Basis of Biofeedback</i>	312 /
<i>Interventions Utilizing Biofeedback</i>	312
Hypnosis	315
<i>Theoretical Explanations of Hypnosis</i>	317 / <i>The Cognitive-Behavioral View of Nicholas Spanos</i>
319 / <i>Hypnosis Interventions</i>	320
Psychopharmacology	323
Evaluation of Biopsychosocial Interventions	325
In Conclusion	327

13 Marriage, Family, and Child Therapy **329**

Psychological Interventions with Children 330

Psychoanalytically Oriented Therapy 330 / Client-Centered Therapy 331 / Play Therapy 331 / Behavior Therapy 332 / Cognitive-Behavioral Therapy 333 / Health Psychology 333 / Family Therapy 334 / Group Therapy 334

Marital and Couples Therapy 335

Psychodynamic Couples Therapies 336 / Behavioral and Cognitive Therapies for Couples 337 / Experiential-Humanistic Approaches 339

Family Therapy 340

Murray Bowen and Personal Differentiation 341 / Virginia Satir and Dysfunctional Communication 343 / Minuchin and the Structural Approach 344 / Strategic and Solution-Focused Approaches 345 / More-Recent Approaches to Family Therapy 357

Evaluation of Marriage, Family, and Child Therapy 358

Effectiveness of Marriage and Family Therapy 358 / Effectiveness of Child and Adolescent Therapy 359 / Theoretical Evaluation 360

In Conclusion 363

PART IV

CONTEMPORARY ISSUES 365

- 14 Psychotherapy Integration: Convergence in Psychotherapy 367**
- Types of Psychotherapy Integration 368
Technical Eclecticism 368 / Common Factors 370 / Theoretical Integration 372 / Assimilative Integration 375
- The Basis of All Therapies: The Problem of Access 376
Strategies for Facilitating Access 377 / Theoretical Reasons for the Access Problem 388
- Other Commonalities in Psychotherapy 389
The Importance of Self-Acceptance 389 / Rigid Schemas as a Major Cause of Psychopathology 390 / Common Therapeutic Goals 391 / The Interpersonal Nature of the Human Being 393 / A Focus on Strength 394
- In Conclusion 396
- 15 Postmodernism, Diversity, and Contemporary Therapy Approaches 397**
- Postmodernism 398
Constructivism 399 / Narrative Psychotherapies 399
- The Challenge of Diversity 400
The Self 401 / Multicultural Counseling 403 / Afrocentric Psychotherapy 406 / Feminist Therapy 407 / Therapy with Lesbians, Gay Men, and Bisexual People 411 / Religion and Psychotherapy 412
- Contemporary Treatment Modalities: Faster and Cheaper 415
Brief Therapy 415 / Group Therapy 419 / Self-Help and Mutual Support Groups 425 / Technology-Mediated Methods 426
- In Conclusion 430
- 16 Professional, Ethical, Legal, and Social Issues 431**
- Professional Issues 431
Competition with Medicine 432 / Defining and “Diagnosing” Mental Disorders 432 / Professional Competence 434 / Hospital Privileges 434 / Prescription Privileges 434 / Corporate Control of the Health Care System 435 / Treatment Manuals and Empirically Supported Treatments 437
- Ethical Issues 438
Confidentiality and Privilege 439 / Informed Consent 441

Legal Issues 441

Licensing of Professional Psychologists 442 / Health Care Regulation 442 / Malpractice 444

Social Issues and Psychology 444

Change versus Adjustment 445 / Misuses of Mental Health Concepts 445 / Psychological Intervention in Social Problems 446

The Future 447

Changes in Professional Practice 448 / Future Roles for Professional Psychologists 449 / Employment Prospects in Psychology 450

In Conclusion 452

Glossary 455
