Foreword	iii
Preface	v
Section I: Ethnopharmacology	
1. An Introduction to the Ethnopharmacology of Wild Plants	3
<i>Shandesh Bhattarai, Christiane Mendes Feitosa and Mahendra Rai</i>	
2. Ethno-Pharmacological Relevance/Features of Some Latin American Wild Medicinal Plants	16
<i>Amner Muñoz-Acevedo, María C. González, Alma Polo-Barrios, Martha Cervantes-Díaz, Ricardo D.D.G. de Albuquerque, Ninoska Flores, Alberto Giménez-Turba, María E. Cazar, Chabaco Armijos, Omar Malagón-Avilés, Feliza Ramón-Farias, Leticia M. Cano-Asseleih, Elsa Rengifo and Gabriel Vargas-Arana</i>	
3. Ethnopharmacology of Wild Plants Used in Diabetes	65
<i>Patricia Landazuri, Nelsy Loango Chamorro and Beatriz Restrepo Cortes</i>	
4. Ethnopharmacology of Wild Plants from the Tropical Mountains of Northern Peru	79
<i>Fidel A. Torres-Guevara, Mayar L. Ganoza-Yupanqui, Luz A. Suárez-Rebaza, Gonzalo R. Malca-García and Rainer W. Bussmann</i>	
5. Ethnopharmacology of the Genus <i>Pilocarpus</i>	100
<i>Ronaldo dos Santos Sousa Junior, Mahendra Rai, Chistiane Mendes Feitosa, Leiz Maria Costa Veras and Pedro Vitor Oliveira S. Furtado</i>	
6. Antifungal Activity Validation of Wild Plants used in Argentine Ethnomedicine: A Revision of <i>Polygonum</i>	111
<i>Norma Hortensia Álvarez, Laura Noemí Fernandez, Gisela Marisol Seimandi, María Inés Stegmayer, Verónica Eugenia Ruiz and Marcos Gabriel Derita</i>	
7. Antiprotozoal Effects of Wild Plants	129
<i>Muhammad Subbayyal Akram, Rao Zahid Abbas and José L. Martinez</i>	
8. Anti-Inflammatory Activity of Wild Medicinal Plants of Piauí State-Brazil	148
<i>Valdiléia Teixeira Uchôa, Mahendra Rai, Gilmânia Francisca Sousa Carvalho, Herbert Gonzaga Sousa, Patrícia e Silva Alves, Renata da Silva Carneiro, Ariane Maria da Silva Santos Nascimento, Felipe Pereira da Silva Santos and Gabriel e Silva Sales</i>	
9. <i>Eichhornia crassipes</i>: Shedding Light on its Chemical Composition, Biological Activities and Industrial Uses	184
<i>Fadia S. Youssef, Noor H. Aysa and Mohamed L. Ashour</i>	

Section II: Ethnobotany and Phytotherapy

10. Distribution and Use (Ethnobotany and Trade) of <i>Bergenia ciliata</i> (Haw.) Sternb. in Nepal	203
<i>Munesh R. Gubhaju and Ripu M. Kunwar</i>	
11. <i>Cenostigma pyramidale</i>: Ethnomedicinal Properties and Perspectives on A Legume Tree Highly Adapted to Semiarid 'Caatinga' Region	218
<i>Livia Maria Batista Vilela, Carlos André dos Santos-Silva, Ricardo Salas Roldan Filho, Silvano de Sousa Araújo, José Ribamar Costa Ferreira-Neto, Wilson Dias de Oliveira, Lidianne Lindinalva Barbosa Amorim, Valesca Pandolfi and Ana Maria Benko-Iseppon</i>	
12. Traditional Uses, Phytochemicals and Pharmacological Properties of <i>Chenopodium ambrosioides</i> L. (<i>Dysphania ambrosioides</i>) L. Mosyakin & Clemants	234
<i>Sabrina Baleixo da Silva, Jhonatas Rodrigues Barbosa, Luiza Helena da Silva Martins, Mahendra Rai and Alessandra Santos Lopes</i>	
13. Apiaceae Plants Growing in the East: Centuries of Healing Traditions and Culture	246
<i>Sherweit El-Ahmady, Nehal Ibrahim, Nermeen Farag and Sara Gabr</i>	
14. Ritualistic and Medicinal Plants from Marajó-PA Island	301
<i>Paulo Wender Portal Gomes, Luiza Helena da Silva Martins, Paulo Weslem Portal Gomes, Emilli Roberta Sousa Pereira, Abraão de Jesus Barbosa Muribeca, Andrea Komesu and Mahendra Rai</i>	
15. Ameliorating Insulin Signalling Pathway by Phytotherapy	317
<i>Deegendra Khadka</i>	
16. <i>Croton zehntneri</i>: Essential Oils and Inclusion Complex	343
<i>Lorena Fonseca, Mahendra Rai and Sidney Gonçalo de Lima</i>	
17. Emerging Medicinal Values of Kiwifruit (<i>Actinidia</i> Lindl.)	358
<i>Mira Dhakal and Shandesh Bhattarai</i>	
18. Rhubarb: The King of Herbs with Diverse Bioactivities	384
<i>Gan B. Bajracharya and Richa K. Gupta</i>	
Index	415
About the Editors	417
