Part I Foundations of Outdoor Education 1

Chapter 1 Defining Outdoor Education 3

Why the Outdoors? 4

Model of Outdoor Education 6

Environmental Education 8

Interpretation 9

Adventure Education 10

Experiential Education 10

Education Structure 12

Development of Outdoor Education 14

Rationale for Teaching Outdoors 15

Summary 17

Chapter 2 Describing the Outdoor Educator. 19

Professionalism 21

Professional Responsibilities 25

Summary 29

Chapter 3 Learning Theories in Outdoor Education 31

Theories in Outdoor Education 32

Learning Theories Guiding Outdoor Education 34

Experiential Education 35

Constructivism 37

Scaffolding 39

Brain-Based Learning 40

Environmental Learning 42

Multiple Intelligences 46

Playful Learning Theory 47

Summary 53

Part II Preparation for Teaching Outdoors **55**

Chapter 4 Understanding Participants **57**

Audience Assessment	58
Stereotyping	60
Gender	61
Age and Cognitive Development	61
Medical Conditions	68
Experience	69
Group Familiarity	70
Abilities	70
Culture and Ethnicity	74
Strategies for Teaching Diverse Audiences	77
Summary	78

Chapter 5 Creating the Learning Environment **79**

Foundations of the Learning Environment	80
Components of Successful Learning Environments	81
Summary	96

Chapter 6 Outdoor Education Settings **97**

Site Selection	98
Learning Barriers	100
Equipment	103
Logistics	103
Record Keeping	104
Special Settings: Lessons in the Night	104
Summary	106

Chapter 7 Designing Lessons **107**

Advantages of Lesson Plans	108
Format	108
Structure	112
Assessment	122
Summary	127

Part III Methods and Delivery of Outdoor Education **129**

Chapter 8 Physical Methods **131**

Physical Skills Development	132
Physical Manipulation	135
Activities, Games, and Competitions	136
Theatrics	137
Initiatives and Ropes Courses	139
Summary	142

Chapter 9 Cognitive Methods 143

Lecture and Discussion. 144

Inquiry. 145

Videography 147

Service Learning 148

Supporting Materials. 152

Peer Teaching. 152

Summary 153

Chapter 10 Affective Methods 155

Guided Discovery 156

Visual Imagery 159

Storytelling 160

Scenarios and Case Studies. 162

Summary 163

Chapter 11 Sample Lessons 165

Night Hike. 168

Navigation. 180

Maple Sugar Bush 185

Weather 190

Fishing Ethics 197

Basic Techniques for Sea Kayaking 204

Personal Growth. 206

Lighting a Camp Stove 208

Nature Awareness. 211

Summary 215

Chapter 12 Your Future in Outdoor Education . . . 217

Issues and Trends Affecting Outdoor Education 218

Working With Mainstream Education 221

State Standards and High-Stakes Testing. 222

Professional Certification. 224

Education or Advocacy? 225

Emotional Needs of Participants 227

Strategic Planning for Professional Growth 229

Summary 232

Appendix A: Professional Organizations in the United States and Internationally 235

Appendix B: Sample Forms 237

Glossary 245
