# CONTENTS

Preface xix

**PART 1**
**FUNDAMENTALS OF ORGANIZATIONAL BEHAVIOR**

**1 Working with People** 3

**Understanding organizational behavior** 5
*Definition • The administrative point of view •*

**Historical development of organizational behavior** 7
*Historical origins • Early development • Mayo and Roethlisberger*

**Fundamental concepts** 9
*The nature of people • The nature of organizations • Holistic organizational behavior*

**Basic approaches of this book** 13
*An interdisciplinary approach • A human resources (supportive) approach • A contingency approach • A productivity approach • A systems approach*

**Summary** 16

**2 Climate and Models of Organizational Behavior** 21

**Organizational climate** 23
*Incremental values • Elements of a favorable climate • Measuring climate • Climate profile charts*

**An organizational behavior system** 27
*Elements of the system • The social system at work*

**Models of organizational behavior** 29
*The autocratic model • The custodial model • The supportive model • The collegial model • Changing use of the models • Relation of models to human needs • Tendency toward more democratic models • Contingent use of all models • A hybrid model: Theory Z*

**Summary** 37

3 Social Systems 43
Understanding a social system 44
*Social equilibrium • Functional and dysfunctional actions • Psychological and economic contracts • Equity*
Culture 48
*Cultural change • The work ethic • Social responsibility*
Role 53
*Socialization • Role perceptions • Role conflict • Role ambiguity*
Status 56
*Status relationships • Sources of status • Status symbols • Significance of status*
Summary 59

PART 2
MOTIVATION AND REWARD SYSTEMS

4 Mainsprings of Motivation 67
Human needs 68
*A model of motivation • Types of needs • Variations in needs*
Maslow's hierarchy of needs 70
*Lower-order needs • Higher-order needs • Interpreting the hierarchy of needs*
Herzberg's two-factor model 73
*Job content and context • Intrinsic and extrinsic factors • Interpretations of the two-factor model • Comparison of the Herzberg and Maslow models*
Behavior modification 76
*Operant conditioning • Positive and negative reinforcement • Shaping • Punishment and extinction • Schedules of reinforcement • Criticisms of behavior modification • Application of behavior modification*
Summary 83

5 Motivating Employees 89
Motivational patterns 90
*Achievement motivation • Affiliation motivation • Competence motivation • Power motivation*
The expectancy model 93
*Valence • Expectancy • Instrumentality • How the model works • Appraising the expectancy model*
The attribution process 100
Interpreting motivational models 102
*Micromotivation • Macromotivation*
Summary 103

6 Job Satisfaction 108
The nature of job satisfaction 109
*What is job satisfaction? • Importance of job satisfaction • Profile of satisfied workers*

**Studying job satisfaction** 115
*Surveys of manager satisfaction • Benefits of job satisfaction study • Ideal survey conditions • Use of existing job satisfaction information • Types of survey questions • Survey design and administration*
**Using survey information** 122
*Survey feedback • Administrative follow-up*
**Summary** 125

**7 Appraising and Rewarding Performance** 131
**Money as a means of rewarding employees** 132
*Application of the expectancy model • Application of equity theory • Extrinsic and intrinsic rewards • Cost-reward break-even analysis • Compliance with law*
**Organizational behavior and performance appraisal** 137
*Appraisal philosophy • The appraisal interview*
**Economic incentive systems** 139
*Incentives linking pay with performance • Potential advantages • Potential difficulties*
**Use of wage incentives** 141
*More pay for more production • Difficulties with wage incentives*
**Use of profit and production sharing** 144
*Profit sharing • Some difficulties with profit sharing • Production-sharing plans*
**A complete pay program** 147
*Rating jobs, employees, and the organization • Flexible benefits*
**Summary** 149

**PART 3**
**LEADERSHIP AND ORGANIZATIONAL CHANGE**

**8 Leadership and Supervision** 157
**The nature of leadership** 158
*Leadership behavior • Situational aspects • Leaders as followers*
**Path-goal model of leadership** 161
*Goal setting • Path improvement • Power and politics • Types of power • Tactics used to gain political power • Management by objectives*
**Leadership style** 169
*Theory X and Theory Y • Positive and negative leaders • Autocratic, participative, and free-rein leaders • Leader use of consideration and structure • A contingency model of leadership • A new direction • The supervisor's unique leadership role • What is the supervisor's leadership role?*
**Summary** 179

**9 Employee Participation** 186
**The nature of employee participation** 187
*What is participation? • Broad application • A sharing process •*

*Increased power and influence • Prerequisites for participation • Experience with participation*
**How participation works** 193
*Benefits of participation • Different needs for participation • Situational influences*
**Programs for participation** 196
*Consultive management • Democratic management • Work committees • Suggestion programs • Middle-management committees • Industrial democracy • Employee ownership plans • Labor union attitudes toward participation • Limitations of participation • Concluding thoughts*
**Summary** 203

**10 Interpersonal and Group Dynamics** 208
**Interpersonal dynamics** 209
*The nature of conflict • Assertive behavior • Transactional analysis*
**Group dynamics** 217
**Meetings** 218
*Size • Composition • Agendas • Leadership roles • Structured approaches • Support for decisions • Consensus • Weaknesses of groups*
**Teamwork** 224
*Ingredients of effective teams • Potential team problems*
**Summary** 228

**11 Managing Change** 234
**Work change** 235
*The nature of work change • Responses to change • Costs and benefits • Psychic costs and health • Psychic costs of promotion and transfer • Psychic costs and employee relocation • Resistance to change • Three types of resistance • Possible benefits of resistance*
**Implementing change successfully** 244
*A three-step change process • A model of the change process • The organizational learning curve for change • Building support for change*
**Summary** 251

**12 Organization Development and Training** 257
**Understanding organization development** 258
*Characteristics of OD • The OD process*
**Training methods used** 263
*Laboratory training • Examples of OD programs • Benefits and limitations of OD*
**Summary** 272

## PART 4
## ORGANIZATIONAL ENVIRONMENT

**13 Structure, Technology, and People** 281

**Classical organization theory** 282
*Division of work • Delegation • Linking pins • Acceptance theory of authority • Specialization • The span of management • Bureaucracy • Interpreting classical organization theory*

**Contingency organizational design** 288
*Mechanistic and organic patterns of organizing • Types of production technology • Stable and changing environments • Matrix organization*

**Technological change** 293
*Features of technology • Technology and occupations • Technology and education • Technology and labor*

**Work systems and people** 296
*Initiation of action • System design for better teamwork • Communication patterns • Red tape • Alienation • Effects of work systems*

**Summary** 301

**14 Informal Organizations** 307

**The nature of informal organization** 308
*Informal organization arises from social interaction • Informal leaders • Benefits of informal organizations • Problems associated with informal organizations • Charting the informal organization*

**Informal communication** 314
*How accurate is the grapevine? • The grapevine pattern • Grapevine causes • Features of the grapevine • Management response to grapevines • Rumor • Control of rumor • Influencing informal organizations*

**Summary** 324

**15 Quality of Work Life** 330

**Understanding quality of work life** 331
*Options available to management • Humanized work*

**Job enrichment** 333
*Applying job enrichment • Core dimensions of jobs • The motivating potential of jobs • Limitations of job enrichment*

**Enriched sociotechnical work systems** 342
*Natural work teams • Flexible work schedules • Sociotechnical experiments • Volvo • General Motors • General Foods • Results of sociotechnical experiments*

**Summary** 346

## PART 5
## SOCIAL ENVIRONMENT

### 16 The Individual in the Organization 355

**Issues about conformity** 356

*The basic thesis of conformity • To what does one conform? • Areas of legitimate organizational influence • A model of legitimacy of organizational influence • Off-the-job conduct*

**Rights of privacy** 359

*Policy guidelines relating to privacy • Surveillance devices • The polygraph • Treatment of alcoholism • Drug abuse*

**Discipline** 364

*Preventive discipline • Corrective discipline • Due process • The hot-stove rule • Progressive discipline • A counseling approach to discipline*

**The individual's responsibilities to the organization** 368

**Summary** 369

### 17 Working with Unions 375

**The union's role in an organization** 376

*Union membership • Labor legislation*

**Collective bargaining** 379

*A continuous process • Planning for negotiations • Constructive attitudes • Bargaining procedures • Bargaining tactics • Mediation • Other options • Problem-solving bargaining • Contract settlement and maintenance*

**Grievance systems** 385

*Grievances • Grievance rates • Benefits of grievance systems • Grievance procedures • Grievance arbitration*

**Union response to the postindustrial labor force** 391

*A postindustrial labor force • Individual needs • High-order needs • A postindustrial labor relations lifestyle*

**Summary** 392

### 18 Equal Employment Opportunity (EEO) 398

**Equal employment opportunity and the law** 399

*Social benefits and problems • Federal EEO laws • Enforcement • Protected groups • Affirmative action • Reverse discrimination*

**EEO programs** 406

*Basic requirements • Race, color, and national origin • Sex • Religious beliefs • Handicapped employees*

**Older workers** 412

*EEO • Job adjustment of older workers • Easing the transition into retirement*

**Summary** 415

**PART 6**
**COMMUNICATION AND COUNSELING**

**19 Employee Communication** 423
**Communication fundamentals** 424
*Importance of communication • The communication process • The Rule of Five • Two-way communication*
**Semantics** 429
*Communication barriers • Words • Pictures • Action (nonverbal communication) • Body language • Ecological control • Two key communication symbols • Readability • Listening*
**Summary** 438

**20 Communication Relationships** 445
**Communication within management** 446
*Why emphasize management communication? • Improving management communication • Networks*
**Downward communication** 450
*Some prerequisites • Communication needs • Communication overload • Acceptance of a communication*
**Upward communication** 454
*Upward difficulties • Upward communication policies and practices*
**Communication by specialists** 458
**Communicating with employees' families** 459
**The union role in communication** 460
**Summary** 461

**21 Employee Stress and Counseling** 468
**Employee stress** 469
*Stress • Duration and intensity of stress • Causes of stress • Job causes of stress • Frustration • Stress and job performance • Stress thresholds • Type A and B people • Actions to reduce stress*
**Employee counseling** 477
*Definition • Need for counseling • What counseling can do • The manager's counseling role*
**Types of counseling** 483
*Directive counseling • Nondirective counseling • Participative counseling • Cooperation with community agencies*
**Summary** 487

**PART 7**
**CONCLUSION**

**22 Organizational Behavior in Perspective** 497
**Models of organizational behavior** 498
*Emphasis on higher-order needs • A systems approach •*

*A contingency approach • A social approach • The role of organizational behavior: a formula • Human resource accounting*

**Limitations of organizational behavior** 506

*Behavioral bias • The law of diminishing returns • Manipulation of people*

**The promise of a better tomorrow** 511

**PART 8**
**CASE PROBLEMS**

1. **Dudley Lodge** 519
2. **The Video Electronics Company** 525
3. **Albatros Electrical Company** 529
4. **Middle National Bank** 533
5. **Spacetronics** 535
6. **United Mutual Insurance Company** 539
7. **The Performance Rating** 547
8. **The Palmer Export Site** 549
