

Contents

1	Introduction	1
1.1	Observational Standpoint	6
	References	8
2	Delimitation of the Problem	11
2.1	Stem Cell Primer	12
2.2	What Can Embryonic Stem Cells Treat?	26
2.2.1	Paralysis Treatments	26
2.2.2	Diabetes	27
2.2.3	Parkinson's Disease	28
2.2.4	Strokes	30
2.2.5	Blindness	31
2.2.6	Limb Regeneration	32
2.2.7	Wound Healing	33
2.2.8	Cardiovascular Repair	33
2.2.9	Dentistry	34
2.2.10	Other Forms of Regeneration/Slowing Down the Aging Process	34
2.2.11	General Curative Abilities	35
2.3	Methods of Extraction	36
2.4	Potential Harmful Issues	37
2.4.1	Teratomas	38
2.4.2	Cellular Issues/Off-Target Migration	39
2.4.3	The Unknown	39
2.5	Potential Alternatives	40
2.5.1	Genome Editing	43
2.5.2	CRISPR-Cas9	44
2.5.3	Cybernetics	49
2.5.4	Bioprinting	51
2.5.5	Nanobots and Nanotechnology	52
2.5.6	Synthetic Blood	53

2.5.7	In Vitro Gametogenesis	53
2.5.8	Synthetic Human Embryos	54
2.5.9	Xenotransplantation	55
2.5.10	Biobots/Anthrobots	58
	References	58
3	Claims, Conflicting Claimants, and Their Reasoning	73
3.1	Pro-Embryonic Stem Cell Research	73
3.1.1	Currently Suffering Patients and Their Loved Ones	73
3.1.2	Those Who Believe Access to Medical Benefits Is a Duty Owed by the State	75
3.1.3	Pharmaceutical & Bio-Tech Companies	76
3.1.4	Those with an Economic Interest in Embryonic Stem Cell Research	78
3.1.5	Those Influenced by News/Media	81
3.1.6	Potential Patients Desiring Positive Law to Prevent Misuse in Obtaining Stem Cells	82
3.1.7	Those Who Seek to Increase Scientific Enlightenment	83
3.1.8	Religious Based Support for Embryonic Stem Cell Research and Use	84
3.1.9	Global Health Bodies and Non-Governmental Organizations	86
3.2	Against Embryonic Stem Cell Research	93
3.2.1	Religious Organizations	94
3.2.2	Political Conservatives in the United States	101
3.2.3	People Fearful of Future Experiments Using Stem Cells	102
3.2.4	Those Who Fear Overpopulation on Earth	106
3.2.5	Insurance Companies with Patients Seeking to Benefit from Trials with a Zero to Low Chance of Success	106
3.2.6	Those Against Stem Cell Treatments Based on Negative Representation in the Media	106
3.2.7	People Fearful and Against Neo-Eugenics	111
3.3	Those Who Want the Benefits of Embryonic Stem Cells Research Without the Destruction of Embryos	111
	References	111
4	Past Trends in Decisions and Conditioning Factors	123
4.1	International Law	123
4.1.1	Universal Instruments	125
4.1.2	Regional Instruments	137
4.2	Countries with Favorable Stem Cell Laws	153
4.2.1	Australia	154
4.2.2	Europe	154
4.2.3	Asia	161

4.2.4	Israel	166
4.2.5	Islamic States	168
4.2.6	South Africa	175
4.2.7	Brazil	175
4.2.8	Cuba	176
4.3	Countries with Restrictive Stem Cell Laws	177
4.3.1	France	177
4.3.2	Italy	178
4.3.3	Germany	179
4.3.4	Norway	180
4.3.5	Austria	181
4.3.6	Lithuania	182
4.3.7	Ecuador	182
4.3.8	Canada	183
4.4	Countries Without Stem Cell Laws	183
4.4.1	Ireland	183
4.4.2	Croatia, Luxembourg, Malta, Poland and Slovakia	185
4.4.3	Mexico	185
4.4.4	Argentina	187
4.5	Laws and Decisions from the United States	188
4.5.1	Phase One: Laws Under President Bill Clinton	190
4.5.2	Phase Two: Laws Under President George W. Bush	192
4.5.3	Phase Three: Laws Under President Barak Obama	194
4.5.4	Phase Four: Laws Under President Donald Trump	196
4.5.5	Phase Five: Laws Under President Joe Biden	199
4.6	Health/Research Organizations in the United States	203
4.6.1	The Food and Drug Administration	204
4.6.2	National Institute of Health	206
4.6.3	The National Research Council and Institute of Medicine	208
4.6.4	National Bioethics Advisory Commission, the President’s Council of Bioethics, and the Presidential Commission for the Study of Bioethical Issues	209
4.7	Applicable State Laws	210
4.7.1	Federation of State Medical Boards	211
4.7.2	State Laws Explicitly Supporting Embryonic Stem Cell Research	212
4.7.3	States with Restrictive Embryonic Stem Cell Laws	222
	References	232
5	Predictions	253
	References	257
6	Appraisal	259
	References	263

- 7 Recommendations 265**
 - 7.1 Harvesting Cells 267
 - 7.2 Timing 268
 - 7.3 Cloning Embryos 268
 - 7.4 Banning Human Chimeras 269
 - 7.5 Stem Cell Banking and Distribution 269
 - 7.6 Creation of New hESC Lines 270
 - 7.7 Registry 270
 - 7.8 Informed Consent 270
 - 7.9 Creation of Embryonic Stem Cell Research Committee, Taskforce,
Investigations and Enforcement of Provisions 271
 - 7.10 Equal Access to Groundbreaking Treatments and Experimental
Treatments 272
 - 7.10.1 Text of Proposed Law on Embryonic Stem Cell
Research 273
- References 276
