

CONTENTS

Volume I

PREFACE

PART 1: FUNCTIONAL ANATOMY AND PATHOLOGY

- | | | |
|-----|---|----|
| 1.1 | Functional anatomy of the cardiac valves | 1 |
| | <i>Manuel J Antunes</i> | |
| 1.2 | Pathology of acquired mitral and aortic valve disease | 37 |
| | <i>Gaetano Thiene, Christina Basso and Annalisa Angelini</i> | |
| 1.3 | Biology of cardiac hypertrophy | 58 |
| | <i>Bernard Swynghedauw</i> | |
| 1.4 | Assessment of left ventricular function | 78 |
| | <i>William H. Gaasch, Gerard P. Aurigemma and Michael R. Zile</i> | |

PART 2: ETIOLOGY AND NATURAL HISTORY

- | | | |
|-----|---|----|
| 2.1 | Etiology of acquired valvular heart diseases | 98 |
| | <i>Jean-Pierre Delahaye, Hugo Milon, Robert Loire and Calin Pop</i> | |

PART 3: DIAGNOSTIC METHODS

- | | | |
|-----|---|-----|
| 3.1 | Phonomechanocardiography in valvular heart disease | 139 |
| | <i>Tsugura Sakamoto</i> | |
| 3.2 | Non-invasive quantification of valvular stenoses | 161 |
| | <i>Liv Hatle</i> | |
| 3.3 | Doppler quantification of valvular regurgitations | 193 |
| | <i>Jean-Claude Dib, Benoit Diebold and Jean-Leon Guermonprez</i> | |
| 3.4 | The evaluation of valvular anatomy using Doppler echo cardiography: Therapeutic relevance | 219 |
| | <i>Bertrand Cormier and Jean Marc Porte</i> | |
| 3.5 | Radiology | 249 |
| | <i>Michael S. T. Ruttle</i> | |
| 3.6 | Isotopic methods | 281 |
| | <i>Jean-Pierre Bassand, Francois Schiele and Hamad Sabbah</i> | |

3.7	Invasive exploration in valvular disease	302
	<i>Jean-Louis Vanoverschelde, Rene Kremer and William Wijns</i>	
3.8	Nuclear magnetic resonance	332
	<i>Peter T. Buser and Dieter Burckhardt</i>	
3.9	Advantages and drawbacks of the main methods of examination in patients with valvular heart disease	342
	<i>Sigurd Nitter-Hauge</i>	
3.10	Strategy of preoperative evaluation	353
	<i>Eliane Farah and Jean Acar</i>	

PART 4: MITRAL VALVE

4.1	Acquired mitral stenosis	359
	<i>Jean Acar and Bertrand Cormier</i>	
4.2	Mitral insufficiency	403
	<i>Pierre-Louis Michel</i>	
4.3	Mitral valve prolapse	433
	<i>Celia M. Oakley</i>	

PART 5: AORTIC VALVE

5.1	Aortic stenosis and mixed aortic valve disease	454
	<i>Jean Acar, Joseph Elias and Philippe Luxereau</i>	
5.2	Aortic insufficiency	487
	<i>Philippe Luxereau, Francois Boustani and Jean Acar</i>	
5.3	Involvement of the aortic valve in aortic dissection	521
	<i>Susanne Mohr-Kahaly, Raimund Erbel and Jurgen Meyer</i>	
5.4	Surgical management of aortic regurgitation associated with aortic dissection	530
	<i>Jean Bachet and Daniel Guilmet</i>	

Volume II

PART 6: SPECIAL CONDITIONS

6.1	Tricuspid valve disease	
	<i>Tricuspid insufficiency: Pierre-Louis Michel</i>	
	<i>Tricuspid stenosis: Charles Starkman</i>	
6.2	Multivalvular disease	
	<i>Guy Hanania, Jean-Pierre Maroni and Marc Terdjman</i>	
6.3	Endocarditis	
	<i>Dieter Horstkotte and Cornelia Piper</i>	

- 6.4 Antibiotic prophylaxis for infective endocarditis
Catherine Leport and Jean-Louis Vilde
- 6.5 Concomitant coronary heart disease
Bernard Iung and Philippe Luxereau
- 6.6. Asymptomatic heart valve disease
*Jean Acar, Jean-Pierre Laborde,
Jean-Pierre Delahaye and Guy de Givigney*

PART 7: MEDICAL TREATMENT AND BALLOON VALVULOTOMY

- 7.1 Non-invasive medical treatment
Luc A Pierard and Henri E Kulbertus
- 7.2 Percutaneous balloon valvulotomy
Alec Vahanian, Olivier Nallet and Joseph Elias

PART 8: SURGICAL TREATMENT

- 8.1 Special aspects of surgical management of valvular heart disease
Philippe Deleuze and Jean-Paul Cachera
- 8.2 Mitral valve repair
Robert W. M. Frater
- 8.3 Reconstructive surgery of the mitral valve
Christophe Acar and Alain Deloche
- 8.4 Surgical commissurotomy of the mitral valve
Philippe Grare and Alain Deloche
- 8.5 Reconstructive surgery of the aortic valve
Christophe Acar and Victor Jebara
- 8.6 Reconstructive surgery of the tricuspid valve
Philippe Grare and Alain Deloche
- 8.7 Reoperations on cardiac valves
Manuel J. Antunes
- 8.8 Heart transplantation for valvular heart disease
Pierre Nataf, Ira Gandjbakhch and Christian Cabrol

PART 9: REPLACEMENT HEART VALVES

- 9.1 Valvular homografts
Endre Bodnar
- 9.2 Pulmonary autografts
Donald N. Ross

- 9.3 Bioprosthetic heart valves: 25 years of development and clinical experience
L. Conrad Pelletier, Michel Carrier
- 9.4 Stentless bioprosthetic valves
Tirone E David
- 9.5 Mechanical valves
Endre Bodnar

PART 10: POSTOPERATIVE MANAGEMENT

- 10.1 Follow up and rehabilitation
Christa Gohlke-Bärwolf, Helmut Gohlke and Helmut Roskamm
- 10.2 Echocardiographic assessment of prosthetic heart valves
Richard A. Jones and Alan G. Fraser
- 10.3 Thrombogenesis and its management
Eric G. Butchart
