

CONTENTS

Preface	xvii
----------------	-------------

SECTION I: BASICS **1**

Chapter 1 An Overview **3**

The Economy Is Us 4

The Nature of Economic Choice 6

Opportunity Costs 6

Production Possibilities 8

Increasing Opportunity Costs 10 • Points inside and outside the Curve 13 • Growth and Technology 14

How Choices Are Made 15

The Market Mechanism 15 • Command Economies 16 • Market Imperfections 17 • Mixed Economies 18

What Economics Is All About 19

End vs. Means 19 • Macro vs. Micro 20 • Theory and Reality 21 • Policy 21 • Controversy 22 • Modest Expectations 23

Summary 23

World View:

Where Communist Economies Fell Short 17

In the News:

Worried about Wealth 4 • The Peace Dividend 7

Appendix: Using Graphs **25**

Slopes 26 • Shifts 27 • Linear vs. Nonlinear Curves 28 • Causation 29

Chapter 2 Supply and Demand **31**

Market Participants 32

Goals 32 • Constraints 33 • Specialization and Exchange 33

Market Interactions 33

The Two Markets 34 • Dollars and Exchange 35 • Supply and Demand 36

Demand 36

Individual Demand 36 • Determinants of Demand 38 • *Ceteris Paribus* 39 • Shifts in Demand 39 • Movements vs. Shifts 40 • Market Demand 40 • The Market Demand Curve 41

Supply 43

Determinants of Supply 43 • The Market Supply Curve 44 • Shifts in Supply 45

Equilibrium 45

Surplus and Shortage 46 • Changes in Equilibrium 49

Disequilibrium Pricing 50

Price Ceilings 50 • Price Floors 52

Policy Insights: Laissez Faire 54

What, How, For Whom 55 • Optimal, Not Perfect 55

Summary 56

World View:

Dining on the Downtick 51 • Fed up with the Food Fight 53

In the News:

Typing Services 43 • Condo Prices in New York 46 • Surplus Punches Hole in Oil Price 48 • U2 Fans and the Longest Five Days 48

Chapter 3 The Public Sector **59**

Micro Failure 60

Public Goods 60 • Externalities 62 • Market Power 64 • Equity 65

Macro Failure 65

Growth of Government 66

Federal Growth 66 • State and Local Growth 67

Government Spending 68

The Federal Budget 69 • Expenditures on Goods and Services 69 • Income Transfers 70 • Interest 71 • State and Local Spending 71

Taxation 72

Federal Taxes 72 • State and Local Revenues 74

Policy Insights: Government Failure? 76

Perceptions of Waste 77 • Opportunity Costs 77 • Public Choice 79

Summary 82

World View:

Public-Sector Spending 68

In the News:

Beverly Hills Outlaws Smoking in Restaurants 63 • Some Taxing Facts about Lotteries 75 • Rising Doubts about Government Waste 76 • A Sampling of 1988–1989 State Referendums 80

Chapter 4 National-Income Accounting **85**

Measures of Output 86

Gross National Product 86 • Measurement Problems 89 • Value Added 90 • Real vs. Nominal GNP 92 • Net National Product 94

The Uses of Output 95

Measures of Income 97

National Income 98 • Personal Income 99 • Disposable Income 100

The Flow of Income	100
Income and Expenditure	101
Policy Insights: The Quality of Life	101
Summary	103
World View:	
GNP around the World	88 • Underground Economy Keeps Burma Afloat 90
In the News:	
The Underground Economy	91
SECTION II : MACROECONOMICS	107
PART A: MAJOR PROBLEMS	109
Chapter 5 The Business Cycle	111
Stable or Unstable?	113
Classical Theory	113 • The Keynesian Revolution 115
Historical Cycles	115
The Great Depression	117 • World War II 117 • The Postwar Years 118 • The 1980s 118
Modern Views of Macro Instability	119
Aggregate Demand	121 • Aggregate Supply 122 • Macro Equilibrium 123 • Macro Failures 125
Competing Theories	126
Demand-Side Theories	127 • Supply-Side Theories 129 • Eclectic Explanations 129 • Short- vs. Long-Run Aggregate Supply 129
Policy Options	130
The Classical Approach	131 • Fiscal Policy 131 • Monetary Policy 131 • Supply-Side Policy 131 • Historical Significance 132 • The Crash of 1987 133
Summary	134
World View:	
The Great Depression	118
In the News:	
Market in Panic as Stocks Are Dumped in 12,894,600 Share Day; Bankers Halt It	112 • Stocks Plunge 508 • Amid Panicky Selling 133
Chapter 6 Unemployment	137
The Labor Force	138
Production Possibilities	139 • Unemployment 140
Macro Consequences: Lost Output	141
Micro Consequences: People out of Work	142
Measuring Unemployment	144
Discouraged Workers	145 • Underemployment 145 • The Phantom Unemployed 145
The Historical Record	145
Defining Full Employment	147
Seasonal Unemployment	147 • Frictional Unemployment 147 • Structural Unemployment 149 • Cyclical Unemployment 149
The Full-Employment Goal	150
Rising Structural Unemployment	150 • The GNP Gap 152

Summary	153
World View:	
Unemployment	148 • Taiwanese Jobless Rate Falls to a Five-Year Low 150 • West German Jobless Rate Rose to 9.2 Percent in December 150
In The News:	
Unemployment Benefits Not for Everyone	142 • Recession Taking Toll in Mental Illness Rate 143 • Labor Scarcity in the 1990s 152
Chapter 7 Inflation	157
What Is Inflation?	158
Relative Prices vs. the Price Level	159
Micro Consequences of Inflation	160
Price Effects	160 • Income Effects 163 • Wealth Effects 163 • Social Tensions 165 • Despair 165 • Money Illusion 166
Macro Consequences of Inflation	166
Uncertainty	166 • Speculation 168 • Shortened Time Horizons 168 • Bracket Creep 168
Anticipated Inflation	169
Measuring Inflation	170
Consumer Price Index	170 • Producer Price Indexes 172 • The GNP Deflator 174 • Cost-of-Living Adjustments 174
The Historical Record	174
U.S. Inflation Rates	174 • The Resulting Redistributions 176
The Goal: Price Stability	176
A Numerical Goal	176 • Quality Changes 177
Types of Inflation	177
Demand-Side Forces	177 • Supply-Side Forces 178
Summary	179
World View:	
Inflation in the 1980s	157 • Yugoslavs Jam Food Stores to Beat Steep Price Boosts 167 • Inflation and the Weimar Republic 169
In the News:	
College Costs Reach as High as \$75,000	160 • Allowances Stay Flat, Candy Rises—and Kids Lose Their Innocence 173
PART B: POLICY OPTIONS: THE KEYNESIAN APPROACH	181
Chapter 8 Aggregate Spending	183
Macro Equilibrium	183
The Circular Flow: Income and Spending	185
Real vs. Dollar Flows	186 • Derived Demand 187
Consumption	188
Consumption vs. Saving	189 • The Average Propensity to Consume 189 • The Marginal Propensity to Consume 189

The Consumption Function 191

An Individual Function 192 • The Aggregate Function 195 • Expectations and Shifts 195

Leakage from the Circular Flow 196

Total Output at Full Employment 197 • Consumer Spending at Full Employment 198 • Consumer Saving at Full Employment 199

Investment 200

Expectations 201 • Interest Rates 201 • Technology and Innovation 202 • Investment at Full Employment 202

Total Spending at Full Employment 203

Consumption and Investment 203 • Government Spending and Exports 204

Potential Instability 204

A Recessionary Gap 204 • An Inflationary Gap 205 • Desired vs. Actual Investment 206 • Desired Investment vs. Desired Savings 207

Policy Insights: Macro Failure 209**Summary 209****World View:**

Japan's Consumers Go on a Spending Spree, and Economy Booms 199 • Exports Boost U.S. Industrial Capacity Usage 205 • High Inventories Force Cuts on Japanese Carmakers 208

In the News:

Consumer Spending Rises 0.9 Percent 194 • Crash Makes Many Fearful about Future 197 • Capital Outlays to Grow 7.8% at U.S. Firms 201

Inventory Buildup Could Pose Threat for Some Big Companies 206**Chapter 9 Potential Instability 213****Adjustment to a Recessionary Gap 213**

Classical Adjustment: A Recap 214 • Keynes: Changing Expectations 214 • Inflexible Prices and Wages 216

The Multiplier Process 216

The Multiplier 218 • The Period Multiplier 221

Equilibrium GNP 221

Equilibrium GNP vs. Full-Employment GNP 223

Adjustment to an Inflationary Gap 223

The Classical View 224 • The Keynesian Response 225

Leakages and Injections 226**Policy Insights: Macro Intervention 227****Summary 229****World View:**

Porsche Cutbacks 221

In the News:

Businessmen Cut Back on Investment 215 • Layoffs at Big Three Spreading 217 • Plants Plan December Shutdowns as the Recession Spreads Rapidly 220

Chapter 10 Fiscal Policy 233**The Nature of Fiscal Policy 233****Fiscal Policy to Achieve Full****Employment 234**

Maintaining Full Employment 234 • Attaining Full Employment 236

Alternatives to Government Spending 240

Transfers and Consumption 240 • Taxes and Consumption 240 • Taxes and Investment 242

Fiscal Policy to Achieve Price Stability 244

Government Cutbacks 244 • Tax Increases 245 • Fiscal Guidelines 246

The Concern for Content 247

Public vs. Private Spending 248 • Output Mixes within Each Sector 248

Who Sets Fiscal Policy? 248

Discretionary Fiscal Spending 249 • Automatic Stabilizers 250

Policy Insights: An Unbalanced Budget 250

Budget Surpluses and Deficits 250 • To Balance or Not to Balance? 251 • Cyclical Deficits 251 • Structural Deficits 253 • Fiscal Policy in the Great Depression 254

Summary 256**World View:**

Japan Adopts Package to Prime Economy 235 • U.S. Deficits Not Unusually Large 253

In the News:

Political Wars Loom over the Peace Dividend 249

Chapter 11 The National Debt 259**Accumulated Debt 260**

Debt Creation 260 • Early History, 1776–1990 260 • The Twentieth Century: Wars and Depression 260 • The 1980s 261

Who Owns the Debt? 261

Liabilities = Assets 262 • Ownership of the Debt 264

Burden of the Debt 265

Refinancing 265 • Debt Servicing 266 • Opportunity Costs 267 • The Real Tradeoffs 268

External Debt 269**Policy Insights: Debt Limits 271**

Deficit Ceilings 271 • Debt Ceilings 273

Summary 273**World View:**

National Debt 270

In the News:

Treasury Plans to Borrow \$27 Billion 265 • The Federal Budget Process 272

**PART C: POLICY OPTIONS:
MONETARY APPROACHES 277****Chapter 12 Money and Banks 279****The Uses of Money 279****The Money Supply 280**

Transactions Accounts 281 • Basic Money Supply 282 • Other Money Measures 284

Creation of Money 285

Deposit Creation 286 • A Monopoly Bank 287 •
A Multibank 289

The Money Multiplier 293

Excess Reserves as Lending Power 294

Policy Insights: The Importance of Banks 296

Banks and the Circular Flow 296 • Constraints on
Deposit Creation 297

Summary 297

World View:

Poles Survive Collapse of Currency by Using Own
System of Barter 281 • A Euro Currency? 287

In the News:

The Thrift Bailout 283 • Purchase Plans 284

Chapter 13 The Federal Reserve System 301

Structure of the Fed 301

Federal Reserve Banks 302 • Member Banks 303 • The
Board of Governors 303 • The Federal Open Market
Committee 303

Monetary Tools 303

Reserve Requirements 304 • The Discount Rate 307 •
Open-Market Operations 309

Increasing the Money Supply 315

Lowering Reserve Requirements 315 • Lowering the
Discount Rate 316 • Buying Bonds 316

Decreasing the Money Supply 317

Policy Insights: Global and "Nonbank" Money 317

Declining Control in the 1970s 317 • New Power in the
1980s 318 • Escape Clauses 318

Summary 320

World View:

Bank of Canada Increases Rate on Loans to
12.59% 310 • The Globalization of Money 319

In the News:

Other Bank Regulators 306 • Fed, Banks Increase Key
Interest Rates 309 • Zero-Coupon Bonds 313

Chapter 14 Monetary Policy 323

The Keynesian View 324

Money Markets 324 • The Demand for Money 325 •
Equilibrium 326

Keynesian Stimulus 327

Money and Interest Rates 327 • Interest Rates and
Spending 327 • Policy Constraints 329

Keynesian Restaurant 331

Money and Interest Rates 331 • Interest Rates and
Spending 332 • Policy Constraints 332 • The Keynesian
Conclusion 332

The Monetarist Perspective 332

The Equation of Exchange 333 • Stable Velocity 334 •

Money-Supply Focus 334 • "Natural"

Unemployment 335 • Monetarist Policies 336 • Closing
an Inflationary Gap 336 • Closing a Recessionary
Gap 338

The Concern for Content 339

Policy Insights: Fiscal vs. Monetary Policy 339

The Policy Levers 340 • Crowding out 340 • How Fiscal
Policy Works: Two Views 342 • How Monetary Policy
Works: Two Views 342 • Is Velocity Stable? 343 •
Money-Supply Targets 345 • The Fed's Eclecticism 345

Summary 346

World View:

International Constraints on Monetary Policy 333

In the News:

Looser Reins 328 • The Fed Walks against the
Wind 331 • Monetarists Reject Focus on Lowering
Rates 335 • "Not Worth a Continental": The U.S.
Experience with Hyperinflation 337 • Money Is
Free! 338 • U.S. Share of Borrowing Expected to Hit 56
Percent 341 • Among Economists, Eclecticism Is All the
Rage 346

PART D: POLICY OPTIONS: SUPPLY-SIDE APPROACHES 351

Chapter 15 Supply-Side Policies 353

Supply-Side Responses 354

Demand-Side Options 354 • The Phillips Curve
Tradeoff 355 • Stagflation: Phillips Curve Shifts 358 •
Supply Shifts 360 • Policy Levers 361

Supply-Side Tax Cuts 362

Marginal Tax Rates 362 • Tax-Induced Supply
Shifts 362 • The Laffer Curve 364 • Encouraging
Saving 367

Deregulation 368

Regulation of Factor Markets 369 • Regulation of
Product Markets 370 • Deregulation 371

Eliminating Structural Bottlenecks 371

Structural Unemployment 371 • Discrimination 373 •
Transfer Payments 374 • Trade Restrictions 374

Wage and Price Controls 374

Profit-Push Inflation 374 • Inflationary Wage
Demands 375 • Limits on Wages and Prices 376 • Do
Controls Work? 377

Policy Insights: An Eclectic Aggregate Supply Curve 378

The Costs of Demand-Side Dependence 379 • Supply-
Side Options 379 • The Eclectic AS Curve 379

Summary 380

World View:

Supply-Side Tax Cuts 366 • Americans Save Little 368 •
Mexico Freezes Peso, Prices to Slow Rampant
Inflation 378

In the News:

The Discomfort Index: A Measure of Stagflation 359 • Administration Is Considering New "Family Savings Accounts" 368

Chapter 16 Economic Growth: Sources and Limits 383**The Nature of Growth 383**

Short-Run Changes in Capacity Utilization 384 • Long-Run Changes in Capacity 384 • Nominal vs. Real GNP 385

Growth Indexes 385

The Growth Rate 385 • GNP per Capita: A Measure of Living Standards 387 • GNP per Worker: A Measure of Productivity 388

Sources of Productivity Growth 391

Labor Quality 391 • Capital Investment 391 • Management 392 • Research and Development 394 • Policy Levers 395 • Sources of Past Growth 396

The Limits to Growth 396

The Malthusian Formula for Destruction 398 • The Modern Doomsday Formula 400 • Environmental Destruction 403

Future Growth 403

The Possibility of Growth 403 • The Desirability of Growth 404

Summary 405**World View:**

Productivity Gains 390 • Investment and Growth 393 • Research and Development Spending to Rise 4.8% in 1990, Battelle Predicts 394 • The 1990s Euro Boom 395 • Let's Change the Immigration Law—Now 397

In the News:

Are the Great Plains Drying Up? 402

PART E: CURRENT POLICIES 407**Chapter 17 Theory and Reality 409****Policy Levers 410**

Fiscal Policy 410 • Monetary Policy 411 • Supply-Side Policy 413

Idealized Uses 414

Case 1: Depression or Serious Recession 414 • Case 2: Excessive Demand and Inflation 415 • Case 3: Stagflation 416 • Fine-Tuning 417

The Economic Record 418**Why Things Don't Always Work 420**

Goal Conflicts 420 • Measurement Problems 421 • Design Problems 425 • Implementation Problems 426

Policy Insights: Rules vs. Discretion 430

The Need for Rules 431 • New Classical Economics 431 • The Need for Flexibility 433 • Modest Expectations 434

Summary 434**World View:**

Macro Performance in the 1980s 419

In the News:

Fed Chief Supports Zero-Inflation Resolution 413 • How They Rate 423 • Wishful Thinking? The Rosy Forecasts of CBO and OMB 424 • Who Was Right? 426 • Political Parties and the Business Cycle 429 • The Politics of Fighting Unemployment and Inflation 430

Chapter 18 Global Macro 437**International Trade 438**

Imports as Leakage 438 • Exports as Injections 440

Trade Imbalances 441

Macro Effects 443 • Foreign Perspectives 444 • A Policy Constraint 444

International Finance 445

Capital Inflows 446 • Capital Outflows 446

Capital Imbalances 447

Macro Effects 447 • Exchange Rates 448 • Capital Flows—Another Policy Constraint 449

Productivity and Competitiveness 450

Specialization 450 • Competitiveness 450

Global Coordination 451**Summary 452****World View:**

Boxed in at the Fed 437 • Oil Shocks 444 • U.S. a Magnet for Foreign Investment 446 • Japan Raises Discount Rate to Bolster Yen 449

In the News:

Stock-Price Collapse is Confronting Fed with Policy Dilemma 452

Chapter 19 Financial Markets 455**The Role of Financial Markets 455**

Resource Allocation 456 • Financial Intermediaries 456 • Risk Management 457

The Stock Market 457

Corporate Ownership 458 • Initial Public Offering 460 • The After Market 460 • Expectations 462 • The Value of Information 464 • Booms and Busts 465

The Bond Market 467

Bond Issuance 467 • Bond Trading 468 • Risk and Uncertainty 469 • Leveraged Buyouts and Junk Bonds 470 • Asset Leverage 471

Futures Markets 472

Price Discovery 473 • Risk Assumption 474 • Market Signaling 475

Policy Insights: Insider Trading 475

Inequity 476 • Inefficiency 477

Summary 477**World View:**

Financing Columbus 458 • The Global Stock Market 459 • Euro Disney's IPO 461 • Soviet Shareholders May Get the Vote 462

In the News:

Origins of the New York Stock Exchange 466 • Biggest Buyouts of the 1980s 472 • Ivan Boesky's Last Deal 476

**SECTION III :
INTERNATIONAL ECONOMICS AND
COMPARATIVE SYSTEMS 479**

Chapter 20 International Trade 481

U.S. Trade Patterns 482

Imports 482 • Exports 483 • Trade Balances 483

Motivation to Trade 484

Production and Consumption without Trade 485 •
Production and Consumption with Trade 488

Pursuit of Comparative Advantage 490

Opportunity Costs 490 • Absolute Costs Don't Count 491

Terms of Trade 492

Limits to the Terms of Trade 492 • The Role of Markets and Prices 492

Protectionist Pressures 494

Microeconomic Pressures 494 • Additional Pressures 496

Barriers to Trade 498

Embargoes 499 • Tariffs 499 • Quotas 500 • Voluntary Restraint Agreements 503 • Nontariff Barriers 504 • Trading Blocs 504 • GATT 505

Policy Insights: Trade Adjustment 506

Worker Assistance 507 • Industry Subsidies 508 • 1988 Trade Act 508

Summary 509

World View:

Exports in Relation to GNP 484 • Partners in Trade 486 • Canada Rules Hyundai Dumped Cars, Imposes Stiff Provisional Import Duties 498 • "Beggar Thy Neighbor" Policies in the 1930s 501 • Sugar Quota a Sour Deal 504 • Japanese Cars: Voluntary Export Restraint 505 • Trade Talks Lead to Way to Lower Tariffs by 30% 506

In the News:

Whining over Wine 495 • A Litany of Losers 496 • Reallocating Labor: Comparative Advantage at Work 507

**Chapter 21
International Finance 513**

Exchange Rates: The Critical Link 513

Foreign-Exchange Markets 514

The Demand for Foreign Currency 514 • The Supply of Foreign Currency 515 • Balance of Payments 515 • Supply and Demand Curves 517

Market Dynamics 519

Depreciation and Appreciation 519 • Market Forces 520

**Resistance to Exchange-Rate
Changes 522**

Micro Interests 522 • Macro Interests 523 • U.S. a Net Debtor 523

**Policy Insights: Exchange-Rate
Intervention 525**

Fixed Exchange Rates 525 • Flexible Exchange Rates 529 • Managed Exchanged Rates 530

Summary 531

World View:

Honda Raises Prices for Its Cars, Citing Slide in U.S. Dollar 518 • Canadian Dollar's Rise Spurs Imports, Producing First Trade Deficit in 13 Years 522 • U.S. Solidified No. 1 Debtor Rank in '86 as Investment Gap More than Doubled 524 • Japan's Big Economic Debate 528

In the News:

Fed Intervention 531

**Chapter 22
International Development 535**

Third World Incomes 536

GNP per Capita 536 • Basic Human Needs 536 • GNP Growth 537

Barriers to Growth 538

Labor Resources 539 • Capital Resources 540 • The Debt Crisis 546 • Foreign Aid 547 • Technology 548 • Institutional Structure 548

Growth Strategies 549

Agriculture vs. Industry 549 • Balanced vs. Unbalanced Growth 550 • External vs. Domestic Markets 550 • More Aid 553

Summary 553

World View:

China to Levy Tax as Birth Check 539 • In Third World India, College Students Study Humanities, Not Skills 541 • Multinational Development Banks 544 • IMF Cuts Off Argentina from Financial Aid 545 • Senegal: A Subsistence Struggle 551

**Chapter 23
The Collapse of Communism 557**

The Promise 558

Marx's Vision 558 • The Socialist Transition 558

Central Planning 559

Production Possibilities 559 • Resource Allocation 561 • Input-Output Analysis 562 • Prices 562 • Income Distribution 565

Problems of Implementation 565

Complexity 565 • Incentives 566 • Shortages 568 • Involuntary Savings 570 • Nonconvertible Currency 571

The Collapse 572

Increasing Pressures 572 • Glaring Disparities 573

The Market Transition 575

Perestroika 575 • Price Reform 575 • Currency Reform 575 • Private Property 576

Goal Tradeoffs 576

Equity vs. Efficiency 576 • Security vs. Uncertainty 577 • Politics vs. Economics 578

Summary 579**World View:**

Soviets Find Job for Every College Grad 562 • Soviets Outline Dramatic Farm Deficiencies 567 • Pork, Sugar Rationing Reimposed in Beijing 569 • Hungary Tells

U.S.S.R. It Wants Trade in Dollars 572 • The Soviet Economy in Shambles 573 • China Striving to Rebuild "Socialist Ideals" 577 • East German Freedom Has a price 578 • Gorbachev Shows Economic Change 579

Glossary**583****Index****587****Endpapers**

Nominal Gross National Product, 1929–89 • Real Gross National Product in 1982 Dollars, 1929–89 • Consumer Price Index, 1913–89 • Price Deflators for Gross National Product, 1929–89 • Interest Rates, 1929–89 • Population and the Labor Force, 1929–89
