Introduction 1

1. Human Misery: The Most Important Issue of Them All 2

World Poverty and Economics 3

Our Insatiable Wants.

Our Limited Means.

The Capacity of the Economy to Produce.

Living Standards.

Causes of Poverty and the Requisites of Economic Growth 11

Quality of the Labor Force.

Stock of Capital and Capital Accumulation.

Technology.

Efficiency.

Population.

Have We Painted Too Rosy a Scenario? 16

The Distribution of GDP.

Can Governments Help? 19

Governments of LDCs.

Governments of DCs.

Summary 22

Part One

Resource Allocation 25

2. Government Control of Prices: Do the Poor Benefit? 26

Why Do Governments Control Prices? 28

Price Floors.

Price Ceilings.

Some Useful Economic Concepts 30

Market Structure.

Demand.

Changes in the Quantity Demanded versus Changes in Demand.

Supply.

Changes in the Quantity Supplied versus Changes in Supply.

Competitive Market Price Determination.

Changes in Equilibrium: Putting It All Together.

Economic Analysis of Price Floors 48

Labor Markets.

Economic Analysis of Price Ceilings 59

Housing Markets.

Summary and Evaluation 64

3. Economics of Higher Education: Who Benefits and Who Pays the Bills? 66

Problems in Higher Education 67

What Kinds of Services?

How Much Service?

What Institutional Structure?

Who Should Pay?

The Economic Basis of the Problems.

The "Product" of Higher Education 70

Investment in Human Capital.

Direct Consumption.

Social Spillovers.

The Incidence of the Benefits.

Economic Concept of Costs 73

The Opportunity Cost Principle Revisited.

Explicit and Implicit Costs.

The Costs of Higher Educational Services 75

The Explicit Costs.

The Implicit Costs.

Sources of Support.

The Incidence of the Costs.

Economic Evaluation of the Problems 79	<i>The Benefits of Controlling Pollution.</i> <i>The Appropriate Level of Pollution Control.</i>
<i>What Kinds of Services?</i> <i>How Much Service?</i> <i>Who Should Pay?</i> <i>An Alternative Institutional Structure.</i>	
Summary 94	<i>What Can Be Done about Pollution?</i> 133
	<i>Direct Controls.</i> <i>Indirect Controls.</i> <i>Private Property Rights.</i>
	Summary 138
4. Economics of Crime and Its Prevention: How Much Is Too Much? 98	6. The Economics of Big Business: Who Does What to Whom? 140
<i>What Is Crime?</i> 99	<i>The Public View of Big Businesses</i> 141
<i>Immorality?</i> <i>Illegality?</i> <i>Classification of Criminal Acts.</i> <i>Causes of Crime.</i>	<i>The Economics of Monopoly Power</i> 142
<i>The Costs of Crime</i> 102	<i>What Is Monopoly Power?</i> <i>Outputs and Prices.</i> <i>Entry Restrictions.</i> <i>Nonprice Competition.</i>
<i>Individually and Collectively Consumed Goods</i> 104	<i>Should We Fear Bigness?</i> 156
<i>Individually Consumed Goods.</i> <i>Collectively Consumed Goods.</i> <i>Semicollectively Consumed Goods.</i> <i>The "Free Rider" Problem.</i> <i>Government Production of Collectively Consumed Items.</i>	<i>Bigness and Monopoly Power.</i> <i>Outputs and Prices.</i> <i>Entry Restrictions and Resource Allocation.</i> <i>Nonprice Competition.</i> <i>Income Distribution.</i>
<i>The Economics of Crime Prevention Activities</i> 107	Summary 160
<i>The "Correct" Level.</i> <i>Allocation of the Crime Prevention Budget.</i> <i>Changing the Legal Status of Goods and Services.</i>	7. Airline Regulation and Deregulation: Who Gains from Regulation? 162
Summary 114	<i>The Problems of Regulation and the Promise of Deregulation</i> 163
5. Pollution Problems: Must We Foul Our Own Nests? 118	<i>When Should Government Regulate Business?</i> 164
<i>What Is Pollution?</i> 120	<i>Natural Monopoly.</i> <i>Deficient Information.</i> <i>Poorly Defined Property Rights.</i>
<i>The Environment and Its Services.</i> <i>Recycling of Wastes and the Concept of Pollution.</i> <i>Common Forms of Pollution.</i>	<i>The History of Airline Regulation and Deregulation</i> 171
<i>Economics of Pollution</i> 124	<i>The CAB and FAA.</i>
<i>Why Polluters Pollute.</i> <i>Pollution and Resource Use.</i> <i>The Costs of Controlling Pollution.</i>	<i>Airline Industry Performance: The Impact of Deregulation</i> 173
	<i>Fares.</i> <i>Availability of Service.</i> <i>Safety Concerns.</i>

1. Airline Regulation: What Went Wrong? 178	<i>Was Airline Regulation Economically Justified?</i> <i>The Capture Theory of Regulation.</i>	<i>Payments Problems.</i> <i>Protection of Key Industries.</i>
What the Future Holds 182	<i>Future Safety Concerns.</i> <i>Increasing Concentration.</i>	Summary 225
Summary 184		
8. The Economics of Professional Sports: What Is the Real Score? 188		
The Professional Sports Business 189	<i>Organizational Structure.</i> <i>Teams and Players.</i> <i>Economic Analysis and Professional Sports.</i>	10. Health Issues: Is It Worth What It Costs? 228
The Product Market 192	<i>Cooperation between Teams.</i> <i>Cartels.</i> <i>Coordinated Behavior.</i> <i>Pricing and Output for Broadcast Rights.</i>	<i>National Health Care Dollars—Where They Came from and Where They Went.</i> <i>Factors Explaining the Growth in Expenditures for Personal Health Care Services.</i> <i>Special Characteristics of Health Services.</i>
The Resource Market 199	<i>The Employment of Players.</i> <i>Monopsony.</i> <i>Wages and Employment in a Monopsony.</i> <i>Free Agency.</i> <i>Do Professional Athletes Earn Their Pay?</i>	Health Care Problems 236
Summary 206		<i>The Public View.</i> <i>The Economist's View.</i>
9. Protectionism versus Free Trade: Can We Restrict Ourselves into Prosperity? 208		Analysis of Demand for Health Services 237
The Controversy over International Trade 210	<i>The Protectionist Viewpoint.</i> <i>The Free Trade Viewpoint.</i>	<i>Price Elasticity of Demand.</i> <i>Factors Changing the Demand for Health Services.</i>
The Economics of International Trade 211	<i>How Trade Takes Place.</i> <i>Production and Consumption Possibilities.</i> <i>The Principle of Comparative Advantage.</i> <i>How International Trade Is Financed.</i>	Analysis of Supply of Health Services 242
Analysis of the Controversy 221	<i>Protection from Cheap Foreign Goods.</i>	<i>Supply Characteristics: Physicians.</i> <i>Supply Characteristics: Hospitals.</i> <i>Factors Affecting the Supply of Hospital Services.</i>
		Evaluation of the U.S. Health Care System 244
		<i>Reforms in the Distribution of Health Care Services.</i> <i>Reducing Entry Barriers.</i> <i>Increasing Efficiency.</i>
		National Health Insurance 249
		<i>Basic Issues.</i> <i>Alternative Proposals to National Health Insurance.</i>
		A Final Look at Rising Health Care Costs 253
		<i>Supply Approach.</i> <i>Demand Approach.</i> <i>Reform in the Payment and Delivery System.</i>

Fundamental Health Care Reform: Managed Competition 257	<i>The Public View.</i> <i>A Working Definition.</i>
Summary 259	Economic Analysis of Discrimination 288
Part Two	<i>Sources of Market Discrimination.</i> <i>Kinds of Market Discrimination.</i> <i>Economic Costs of Discrimination.</i>
Distribution of Income 263	Nonmarket Discrimination 294
11. Poverty Problems: Is Poverty Necessary? 264	<i>Social Discrimination.</i> <i>Educational Discrimination.</i>
Poverty in Terms of Absolute Income Levels 265	What Can Be Done about Discrimination? 296
<i>What Is Poverty?</i>	<i>Reduce Tastes for Discrimination.</i>
<i>Who Are the Poor?</i>	<i>Reduce Market Imperfections.</i>
<i>The Upward Struggle of the Poor.</i>	<i>Reduce Discrimination in Development of Human Capital.</i>
Poverty in Terms of Income Distribution 269	<i>Reduce Occupational Segregation.</i>
<i>Income Equality.</i>	The Comparable Worth Controversy 299
<i>Income Inequality.</i>	<i>Proponents.</i>
The Economic Causes of Poverty 271	<i>Opponents.</i>
<i>Determinants of Resource Prices and Employment.</i>	<i>Comparable Worth: A Definitive Conclusion?</i>
<i>Determination of Individual or Family Income.</i>	Summary 301
<i>Determinants of Income Distribution.</i>	
<i>Causes of Differences in Labor Resource Ownership.</i>	Part Three
<i>Causes of Differences in Capital Resource Ownership.</i>	Stabilization 303
<i>Summary of the Causes of Poverty.</i>	
Government Attempts to Alleviate Poverty 275	13. Unemployment Issues: Why Do We Waste Our Labor Resources? 304
<i>Government Programs Primarily for the Poor.</i>	Some Effects of Unemployment 305
<i>Real Growth and Relative Importance of Low-Income Programs.</i>	<i>Effects on GNP.</i>
<i>Evaluation of Low-Income Programs.</i>	<i>Effects on Social Relations.</i>
Negative Income Tax Proposals 280	What Is Unemployment? 306
<i>The Negative Income Tax.</i>	<i>General Definition.</i>
<i>Evaluation of the Negative Income Tax Scheme.</i>	<i>Involuntary Unemployment.</i>
Summary 282	Analysis of the Unemployment Problem 308
	<i>Types of Unemployment.</i>
	<i>Further Dimensions of the Unemployment Problem.</i>
12. Discrimination: The High Cost of Prejudice 286	What Causes People to Lose Their Jobs? 312
What Is Discrimination? 287	<i>Circular Flow of Economic Activity.</i>

<i>Aggregate Demand.</i>	Summary 355
<i>Aggregate Supply.</i>	Appendix: A Note on the Banking
<i>Aggregate Demand and Supply.</i>	Industry 356
<i>Reasons for Deficient Aggregate Demand.</i>	
<i>Reasons for Weak Aggregate Supply.</i>	
Combating Unemployment 323	
<i>Aggregate Demand Policies.</i>	Part Four
<i>Aggregate Supply Policies and the Economy</i>	The Public Sector 359
<i>in the 1980s.</i>	
<i>Beginning of the Decade of the 90s:</i>	15. Government Expenditure and Tax
<i>Recession and Recovery.</i>	Issues: Who Wins and Who
Summary 327	Loses? 360
	What Are People Afraid Of? 361
	<i>Size of Government.</i>
	<i>Tax Inequities.</i>
14. Inflation: How to Gain and Lose at	The Problem of Size 363
the Same Time 330	<i>Government Expenditures.</i>
Meaning and Measurement of	<i>Government Receipts.</i>
Inflation 332	Economic Analysis of the Problem of
<i>Inflation Defined.</i>	Size 365
<i>Further Aspects of Inflation.</i>	<i>An Efficient Level of Government</i>
<i>Measurement of Inflation.</i>	<i>Expenditures.</i>
<i>Rate of Inflation.</i>	<i>Collective Goods and Services.</i>
Economic Effects of Inflation 335	<i>External Benefits and Costs.</i>
<i>Equity Effects.</i>	<i>Income Distribution.</i>
<i>Efficiency Effects.</i>	<i>Summary.</i>
<i>Output Effects.</i>	Tax Principles and Analysis 370
What Is Money? 338	<i>Tax Equity.</i>
<i>Functions of Money.</i>	<i>Tax Efficiency.</i>
<i>The Money Supply (M1 and M2).</i>	<i>Principles of Shifting and Incidence.</i>
The Process of Creating Money 341	Who Really Pays Taxes? 375
<i>Commercial Banks.</i>	<i>Tax Incidence of the American Tax System.</i>
<i>Other Depository Institutions.</i>	<i>Federal Tax Incidence versus State and</i>
<i>Balance Sheet of a Bank.</i>	<i>Local Tax Incidence.</i>
<i>The Fractional Reserve Banking System.</i>	<i>Tax Rates by Type of Tax.</i>
<i>Demand Deposit Creation.</i>	<i>Conclusions.</i>
The Issue of Control 345	Income Tax Reform: A Dream Come
<i>The Federal Reserve System.</i>	True 378
<i>Federal Reserve Controls.</i>	<i>Income Tax Rates and Tax Base under Tax</i>
<i>Federal Reserve Targets.</i>	<i>Reform.</i>
Inflationary Causes and Cures 348	<i>Who Gains under Tax Reform?</i>
<i>Quantity Theory of Money.</i>	Tax Increases in 1991 382
<i>Demand-Pull Inflation.</i>	President Clinton's Proposed Tax
<i>Cures for Demand-Pull Inflation.</i>	Increases 384
<i>Cost-Push Inflation.</i>	<i>Tax Increases to Reduce the Deficit.</i>
<i>Demand-Pull and Then Cost-Push Inflation.</i>	
<i>Is There a Cure for Cost-Push Inflation?</i>	

	<i>Tax Increases and Universal Health Coverage.</i>	Economic Analysis of National Debt Financing 401
	Summary 386	<i>Methods of Finance.</i>
16. The Big National Debt: Is It Bad? 390		<i>Economic Effects of Government Debt Financing.</i>
	The Course of the National Debt 391	<i>Differing Effects of Tax and Debt Financing.</i>
	The Growth in the Federal Debt Held by the Public 392	
	<i>The Absolute Growth in the Federal Debt Held by the Public.</i>	Managing a Large National Debt 405
	<i>Public-Held Federal Debt as a Percent of the GDP.</i>	<i>Debt Management Policy.</i>
	<i>Federal Debt Held by the Public as a Percent of Total Credit Market Debt.</i>	<i>Debt Management Principles.</i>
	What Is the National Debt? 396	When Should the Government Borrow? 407
	<i>Types of Federal Securities.</i>	<i>Public Investments.</i>
	<i>Who Owns the National Debt?</i>	<i>Economic Instability.</i>
	Problems with a Large National Debt 398	<i>Is Government Debt Accumulation Necessary during Wartime?</i>
	<i>The Views of the Public.</i>	<i>A Budget Proposal.</i>
	<i>The Concern of Economists.</i>	A Final Look at the Deficit Issue 410
	<i>Summary in Regard to National Debt Problems.</i>	Summary 411
