

The fact that mathematics is a universal language and an integral part of everyday life has led to the fostering, supporting and development of the mathematical curiosity from an early age.

The book tries to gather and at the same time to express important information and experiences gained from numerous scientific sessions, international conferences, national symposia with leading theorists and practitioners in the field and from many hours spent in schools and kindergartens.

Doctoral lecturer at The National University of Science and Technology POLITEHNICA Bucharest, Pitesti University Centre, with twenty years of experience in mathematical teaching activities specific to primary and preschool education. Graduated from the Faculty of Mathematics, with the title of Doctor in the Sciences of Education.

INTRODUCTION	7
CHAPTER 1	9
MATHEMATICAL ACTIVITIES AT AN EARLY AGE	9
CHAPTER 2	12
MATHEMATICAL ACTIVITIES IN KINDERGARTEN: OBJECTIVES AND PRINCIPLES	12
2.1. CURRICULUM - INTERNATIONAL PERSPECTIVES	12
2.2. THE NATIONAL CURRICULUM.....	20
CHAPTER 3	33
ORGANISATION OF MATHEMATICAL ACTIVITIES IN KINDERGARTEN.....	33
3.1. LESSON PLANNING - A MULTIDIMENSIONAL PROCESS	33
3.2. CLASSROOM DESIGN	36
CHAPTER 4	38
THE MATHEMATICAL DIDACTIC GAME - A CONTROLLED FREEDOM	38
4.1. THE MATHEMATICAL DIDACTIC GAME: CATEGORIES AND SUBCATEGORIES.....	46
4.2. DIFFERENTIATION AND INDIVIDUALISATION.....	54
CHAPTER 5	56
THE TEACHER'S ROLE IN PRE-SCHOOL EDUCATION	56
CHAPTER 6	61
MATHEMATICAL ACTIVITIES WITH ADVANCED TECHNOLOGIES	61
6.1. TECHNOLOGIES AND THE TEACHER'S ROLE.....	61
6.2. TECHNOLOGIES IN TEACHING MATHEMATICAL CONTENT IN KINDERGARTEN	63
6.3. TECHNOLOGY - AN ADVANTAGE IN MANAGING KINDERGARTEN GROUP ACTIVITIES, KINDERGARTEN-SCHOOL TRANSITION.....	67
CHAPTER 7	68
METHODOLOGY FOR TEACHING THE NUMBER AND DIGIT	68
7.1. TEACHING THE CONCEPT OF NATURAL NUMBER	68
CHAPTER 8	75
METHODOLOGY OF INTRODUCING GEOMETRIC FIGURES.....	75
CHAPTER 9	80
METHODOLOGY FOR INTRODUCING NON-STANDARD UNITS OF MEASUREMENT.....	80
CHAPTER 10	86
SPECIFIC MATHEMATICAL LANGUAGE	86
BIBLIOGRAPHY.....	87
ANEXA 1: FORM GROUPS	91
ANEXA 2: COMPLETE AS MANY AS THE NUMBER INDICATES.....	92
ANEXA 4: DISCUSS MATHEMATICAL OPERATIONS	94
ANEXA 5: GUESS THE MISSING NUMBER.....	95
ANEXA 6: SPATIAL POSITIONS.....	96
ANEXA 7: BIG OR SMALL	97

ANEXA 8: GRAPHIC SIGNS	98
ANEXA 9: RECOGNIZE THE PATTERN.....	99
ANEXA 10: COLOR AS MANY AS THERE ARE	100
