[Introduction to the Second Edition](#)

[Further reading](#)

[1 What is Social Inequality?](#)

[Measures of social position](#)

[Why measurement matters](#)

[Further reading](#)

[2 What is Health Inequality?](#)

[How unequal is health?](#)

[Why health inequality?](#)

[Further reading](#)

[3 Figuring Out Health Inequality](#)

[Statistical explanation](#)

[Vital statistics: numerators and denominators](#)

[Absolute and relative](#)

[Standardization: what is it and why is it needed?](#)

[Observational studies and 'causality'](#)

[Models of health inequality](#)

[Further reading](#)

[Appendix: How to Calculate a Standardized Mortality Ratio \(SMR\)](#)

[4 Explanatory Models I: Behavioural and 'Cultural' Explanations](#)

['Individualized' behavioural explanations](#)

[Behaviour as a result of 'culture'](#)

['Cultural shift'](#)

[How important is behaviour for health inequality?](#)

[Why are risky behaviours unequal?](#)

[Further reading](#)

[5 Explanatory Models II: Psycho-Social Factors](#)

[The biology of stress: fight, flight and defeat](#)

[Types of psycho-social factor](#)

[How important are psycho-social factors?](#)

[Further reading](#)

## [6 Explanatory Models III: Materialist Explanations](#)

[What is the materialist model?](#)

[Measuring material risk](#)

[Work and environmental hazards](#)

[Can there ever be a 'pure material' model?](#)

[The puzzle of the gradient](#)

[The cost of a healthy life](#)

[Commodification](#)

[Further reading](#)

## [7 Macro-Social Models](#)

[Income inequality and population health](#)

[Welfare regimes and health](#)

[Macro-social factors in the life course](#)

[Further reading](#)

## [8 Gender and Inequality in Health](#)

[Gender 'inequalities' in health](#)

[Explaining gender differences in health](#)

[Is health inequality different in men and women?](#)

[Reasons for gender differences in health inequality](#)

[Further reading](#)

## [9 Ethnic Inequalities in Health](#)

[What is meant by 'race' or 'ethnicity'?](#)

[Ethnicity, biology and health](#)

[How great are ethnic or racial differences in health?](#)

[Ethnicity and socio-economic conditions](#)

[Social ecology of ethnicity and health](#)

[Further reading](#)

## [10 Health Inequality in the Life Course](#)

[Critical and sensitive period models of health in the life course](#)

[Accumulation of advantage and risk across the life course](#)

[Selection explanations: 'personal characteristics' in the life course](#)

[Pathways of life-course aetiology](#)

[How social conditions get under the skin over the life course](#)

[Life-course and health behaviours: individual choice or circumstances?](#)

[Further reading](#)

[11 The Way Forward for Research and Policy Debate](#)

[Do we need trials of policy options?](#)

[International comparative studies](#)

[Implications of recent evidence for policy debate](#)

[Evidence-based policy](#)

[What would an adequate explanation look like?](#)

[Further reading](#)

## **List of Figures**

[1.1 The Hindu caste system](#)

[2.1 Trends in mortality rates \(directly age standardized\) in England and Wales 1970–2010 \(men aged 20–64\)](#)

[2.2 Life expectancy by highest qualification at age 25 for men and women, United States 1996 and 2006](#)

[2.3. Age-standardized mortality in men aged 30–59 by occupational social class in different European nations](#)

[3.1 Relationship between weight and calories consumed](#)

[4.1 Smoking represented as a celebration of success and status](#)

[4.2 Trends in social inequality in smoking in Great Britain, 1974–1998: men](#)

[4.3 Trends in social inequality in smoking in Great Britain, 1974–1998: women](#)

[7.1 The Preston Curve: life expectancy in countries with different levels of income](#)

[7.2 Income inequality and life expectancy according to World Health Organization, 2012](#)

[7.3 Smoking by income inequality](#)

[7.4 Male life expectancy in different welfare regimes, 2009](#)

[7.5 Inequality in mortality in men, 1990s and 2000s](#)
