About the Faculty Materials	viii
About the Authors	ix
About the Contributors	x
Preface	xii
1 Introduction to the Study of Speech Sound Disorders.....	1
<i>John E. Bernthal, Nicholas W. Bankson, and Peter Flipsen Jr.</i>	
An Evolving Area of Practice	1
A Working Framework.....	3
The Scope of the Problem	4
The Cause of the Problem	5
The Importance of the Problem.....	6
An Evidence-Based Approach.....	7
2 Normal Aspects of Articulation.....	9
<i>Ray Kent</i>	
Structure of Language	10
Fundamentals of Articulatory Phonetics	14
Coarticulation: Interactions Among Sounds in Context.....	43
Aerodynamic Considerations in Speech Production	47
Acoustic Considerations of Speech	50
Sensory Information in Speech Production	52
Summary of Levels of Organization of Speech	53
Questions for Chapter 2.....	55
3 Speech Sound Acquisition	57
<i>Sharynne McLeod</i>	
Relevance of Understanding Typical Speech Sound	
Acquisition for Speech-Language Pathologists.....	58
Models of Speech Acquisition	58

How Speech Sound Acquisition Data Are Obtained.....	70
Overall Sequence of Speech Sound Acquisition.....	76
Phase 1: Laying the Foundations for Speech	76
Phase 2: Transitioning From Words to Speech	83
Phase 3: The Growth of the Inventory	85
Phase 4: Mastery of Speech and Literacy	103
Factors Influencing Typical Acquisition of Speech	105
Conclusion: Understanding and Applying Typical Speech Acquisition	107
Questions for Chapter 3.....	108
 4 Factors Related to Speech Sound Disorders	109
<i>Nicholas W. Bankson, John E. Bernthal, and Peter Flipsen Jr.</i>	
Structure and Function of the Speech and Hearing Mechanism	110
Motor Abilities.....	129
Cognitive-Linguistic Factors.....	136
Psychosocial Factors	145
Conclusion	151
Questions for Chapter 4.....	151
 5 Classification and Comorbidity in Speech Sound Disorders	153
<i>Peter Flipsen Jr., John E. Bernthal, and Nicholas W. Bankson</i>	
Organically Based Speech Sound Disorders.....	154
Childhood Apraxia of Speech.....	165
Idiopathic Speech Sound Disorders	171
Comorbidity.....	181
Conclusion	189
Questions for Chapter 5.....	190
 6 Assessment: Data Collection	191
<i>Nicholas W. Bankson, Peter Flipsen Jr., and John E. Bernthal</i>	
Assessment Planning	191
Speech Sound Sampling.....	192
Screening for Speech Sound Disorders	193
Comprehensive Speech Sound Assessment: The Assessment Battery	197
Assessment in Very Young Children	220
Related Assessment Procedures	222
Conclusion	231
Questions for Chapter 6.....	232
 7 Assessment: Decision Making.....	233
<i>John E. Bernthal, Nicholas W. Bankson, and Peter Flipsen Jr.</i>	
Case Selection.....	234
The Nature of the Problem	247

Target Selection	250
Other Factors to Consider in Intervention Decisions	255
Digital/Online Phonological Analysis	257
Case Study: Assessment Data	258
Conclusion	263
Questions for Chapter 7	263
8 Using Evidence-Based Practice in Treatment	265
<i>Peter Flipsen Jr., Nicholas W. Bankson, and John E. Bernthal</i>	
The Basics of Evidence-Based Practice	266
The Published Evidence	266
Clinical Evidence	268
Client Preferences and Values	274
Conclusion	275
Questions for Chapter 8	275
9 The Basics of Remediation	277
<i>Nicholas W. Bankson, Peter Flipsen Jr., and John E. Bernthal</i>	
A Framework for Conducting Therapy	278
Additional Service Delivery Considerations	285
Tracking Progress in Intervention	288
Facilitating Generalization	289
Dismissal From Instruction and Maintenance	298
Treatment Considerations for Very Young Children	301
The Challenges of Working With Older Children	303
Conclusion	305
Questions for Chapter 9	305
10 Motor-Based Treatment Approaches	307
<i>John E. Bernthal, Peter Flipsen Jr., and Nicholas W. Bankson</i>	
Approaches to Intervention	307
Treatment Continuum	309
Motor Learning Principles	310
Optimizing Learning: The Challenge Point Framework	312
Teaching Sounds/Establishment	313
Beyond Individual Sounds	323
Remediation of Vowels	337
The Use of Nonspeech Oral-Motor Activities	339
Case Study Revisited: Motor Perspective	341
Questions for Chapter 10	342
11 Linguistically Based Treatment Approaches	343
<i>Peter Flipsen Jr., Nicholas W. Bankson, and John E. Bernthal</i>	
Contrast Approaches	345
Noncontrast Approaches	357

Remediation Guidelines for Linguistically Based Approaches	367
Case Study Revisited: Linguistic Perspective	368
Questions for Chapter 11	371
 12 Treating Specific Populations:	
Childhood Apraxia and Older Children	373
<i>Peter Flipsen Jr., John E. Bernthal, and Nicholas W. Bankson</i>	
Childhood Apraxia of Speech	373
Assessment of Childhood Apraxia of Speech	374
Treatment for Childhood Apraxia of Speech	378
Treating Older Children	390
Specific Treatment Options for Older Children	391
Summary	399
Questions for Chapter 12	399
 13 Phonological Awareness:	
Description, Assessment, and Intervention	401
<i>Brigid C. McNeill, Laura M. Justice, and Gail T. Gillon</i>	
What Is Phonological Awareness?	402
Phonological Awareness as Literacy Development	403
The Development of Phonological Awareness	404
Phonological Awareness Development and Reading	407
Phonological Awareness and Speech Sound Disorders	408
The Role of the Speech-Language Pathologist	411
Assessment	412
Intervention	415
Questions for Chapter 13	424
 14 Language and Dialectal Variations	425
<i>Brian A. Goldstein, Leah Fabiano-Smith, and Aquiles Iglesias</i>	
Dialect	426
Disorder Within Dialect	428
Characteristics of American English Dialects	428
Phonology in Speakers of	
Language Varieties Other Than English	434
Phonological Development in Bilingual Children	445
Assessment Considerations for Children	
From Culturally and Linguistically Diverse Populations	448
Intervention for Speech Sound Disorders in Children	
From Culturally and Linguistically Diverse Populations	452
Summary	456
Questions for Chapter 14	456

15 Accent Modification	459
<i>Carol Tessel</i>	
Foreign Accent.....	460
The Role of the Speech-Language	
Pathologist in Accent Modification	462
Goals of Accent Modification	463
Understanding Language Interactions.....	463
Assessment	464
Treatment and Instruction.....	465
Evidence of Success of Accent Modification.....	469
Application to Specific Languages	469
Summary	480
Questions for Chapter 15.....	481
 Appendix A: Procedures for Teaching Sounds	 483
Appendix B: Activities for Facilitating	
Phonemic Awareness in School-Age Children.....	489
References	491
Index	555
