Preface	xi
Creating Child-Specific Assessment Packages With Protocols on the Companion Website	xiii
PART I. FOUNDATIONS OF ASSESSMENT	
Chapter 1. Assessment of Communication Disorders in Children	3
Assessment, Evaluation, and Diagnosis	4
Written Case History	6
The Initial Clinical Interview	8
Hearing Screening	10
Orofacial Examination	10
Diadochokinetic Tasks	11
Speech-Language Sample	11
Standardized Assessment Instruments	12
Alternative and Integrated Assessment Procedures	12
Assessment of Children With Complex Communication Needs	13
Assessment of Literacy Skills	13
Stimulability	14
Postassessment Counseling	14
Assessment Report	14
Chapter Summary	15
Study Questions	15
References	16
Chapter 2. Common Assessment Protocols	19
Notes to the Clinician	19
Common Protocol 1: Child Case History	21
Common Protocol 2: Developmental Milestones from 0 to 4 Years of Age	26
Instructions for Conducting the Orofacial Examination: Observations and Implications	29
Common Protocol 3: Orofacial Examination and Hearing Screening	33
Common Protocol 4: Diadochokinetic Assessment	36
Common Protocol 5: Speech-Language Sample Transcription	37
Common Protocol 6: Language Sample Analysis Protocol: Syntactic, Morphological, and Pragmatic Skills	41
Common Protocol 7: Assessment Report Outline	42
Chapter 3. Standardized Assessment	49
Standardized and Norm-Referenced Tests	50
Test Construction	54
Reliability	55
Validity	57
Questionnaires and Developmental Inventories	59
Strengths of Standardized Tests	60
General Limitations of Standardized Tests	62

Specific Limitations of Standardized Tests in Assessing Ethnoculturally Diverse Children	65
Prudent Use of Standardized Tests	67
Chapter Summary	70
Study Questions	70
References	71
Chapter 4. Alternative and Integrated Assessment	75
Assessment in Ethnoculturally Diverse Societies	76
Can Speech-Language Assessment Be Culture-Free?	76
Assessment of African American Children	77
General Strategies for Assessing Bilingual Children	82
Assessment of Asian American Children	87
Assessment of Hispanic American Children	89
Assessment of Native American Children	91
Alternative Assessment Approaches	92
Behavioral Assessment	93
Criterion-Referenced and Client-Specific Assessment	97
Authentic Assessment	98
Dynamic Assessment	101
A Comprehensive and Integrated Assessment Approach	102
Chapter Summary	105
Study Questions	105
References	106
PART II. ASSESSMENT OF SPEECH SOUND PRODUCTION	
Chapter 5. Assessment of Speech Sound Production: Resources	113
Overview of Speech Sound Production	114
Classification of Speech Sounds	115
Normative Data on Speech Sound Learning	117
Phonological Analysis of Speech Sounds	118
Speech Sound Disorders	121
Language Disorders and Speech Sound Disorders	124
Dysarthria Associated With Cerebral Palsy	124
Childhood Apraxia of Speech	126
Hearing Loss and Speech Sound Disorders	127
Overview of Assessment of Speech Sound Production	128
Screening for Speech Sound Disorders	130
Standardized Norm-Referenced Tests of Speech Sound Production	131
Criterion-Referenced Assessment	131
Speech and Language Samples	133
Stimulability of Speech Sounds	135
Analysis and Integration of Assessment Results	136
Diagnostic Criteria and Differential Diagnosis	137
Postassessment Counseling	138
Chapter Summary	142
Study Questions	143
References	144
Appendices	147

Chapter 6. Assessment of Speech Sound Production: Protocols	149
Notes to the Clinician	149
Speech Sound Assessment Protocol 1: Interview	151
Speech Sound Assessment Protocol 2: Phonetic Inventory Analysis	153
Speech Sound Assessment Protocol 3: Manner-Place-Voicing Analysis	154
Speech Sound Assessment Protocol 4: Consonant Clusters Inventory	155
Speech Sound Assessment Protocol 5: Phonological Patterns	158
Speech Sound Assessment Protocol 6: Childhood Apraxia of Speech	160
Speech Sound Assessment Protocol 7: Dysarthric Speech	161
Selected Multicultural Assessment Protocols	162
Speech Sound Assessment Protocol 8: African American English Speech Sounds	163
Speech Sound Assessment Protocol 9: Asian American English Speech Sounds	166
Speech Sound Assessment Protocol 10: Spanish-Influenced English Speech Sounds	168

PART III. ASSESSMENT OF LANGUAGE SKILLS IN CHILDREN

Chapter 7. Assessment of Language Skills in Children: Resources	173
Prevalence of Language Disorders in Children	174
Overview of Language Disorders in Children	174
Description of Language Disorders in Children	175
Specific Language Impairment	176
Variables Associated With Language Disorders	179
Overview of Assessment of Language Disorders	181
Screening for Language Disorders	182
Language Sampling	182
Integrating Alternative Assessment Techniques	188
Assessment of Language Understanding	189
Standardized Language Diagnostic Tests	190
Analysis and Integration of Assessment Results	190
Differential Diagnosis of Child Language Disorders	194
Postassessment Counseling	195
Chapter Summary	197
Study Questions	198
References	198
Appendices	201
Chapter 8. Assessment of Language Skills: Protocols	207
Notes to the Clinician	208
Language Assessment Protocol 1: Interview	209
Language Assessment Protocol 2: Normal Language	213
Language Assessment Protocol 3: Task-Specific Assessment of Basic Vocabulary	220
Language Assessment Protocol 4: Task-Specific Assessment of Grammatical Morphemes	224
Language Assessment Protocol 5: Task-Specific Assessment of Conversational Skills	228
Language Assessment Protocol 6: Task-Specific Assessment of Narrative and Discourse Skills	231
Language Assessment Protocol 7: Behavioral Assessment	232
Selected Multicultural Assessment Protocols	240
Language Assessment Protocol 8: African American English (AAE) Language	241
Language Assessment Protocol 9: Asian American English Language	243
Language Assessment Protocol 10: Spanish-Influenced English Language	245

PART IV. ASSESSMENT OF FLUENCY

Chapter 9. Assessment of Fluency Disorders: Resources	249
Speech Fluency	250
Disorders of Fluency	250
Stuttering	250
Definition and Measurement of Stuttering	252
Additional Features of Stuttering	261
Cluttering	267
Analysis and Integration of Assessment Results	269
Differential Diagnosis of Fluency Disorders	269
Postassessment Counseling	270
Chapter Summary	273
Study Questions	274
References	274
Chapter 10. Assessment of Fluency Disorders: Protocols	277
Notes to the Clinician	277
Fluency Assessment Protocol 1: Interview	279
Fluency Assessment Protocol 2: Dysfluency Measurement	284
Fluency Assessment Protocol 3: Associated Motor Behaviors	285
Fluency Assessment Protocol 4: Avoidance Behaviors	286
Fluency Assessment Protocol 5: Cluttering	289

PART V. ASSESSMENT OF VOICE

Chapter 11. Assessment of Voice: Resources	293
Prevalence of Voice Disorders in Children	294
Children's Voice Disorders	295
Etiologic Factors Associated With Voice Disorders	299
The Need for Medical Evaluation	304
Assessment of Voice Production	305
Instrumental Evaluation	306
Laryngeal Imaging	308
Clinical Assessment of Voice	308
Stimulability of Voice Production	314
Assessment of Voice in Ethnoculturally Diverse Children	315
Assessment of Voice in Transgender and Gender Diverse Adolescents	316
Analysis and Integration of Assessment Results	317
Differential Diagnosis of Voice Disorders	318
Postassessment Counseling	319
Chapter Summary	323
Study Questions	324
References	324
Appendix	329
Chapter 12. Assessment of Voice: Protocols	331
Notes to the Clinician	331
Voice Assessment Protocol 1: Interview	333
Voice Assessment Protocol 2: Vocal Abuse and Misuse Inventory	335
Voice Assessment Protocol 3: Child Voice Evaluation	336
Voice Assessment Protocol 4: Resonance and Velopharyngeal Function	340
Voice Assessment Protocol 5: Voice Stimulability	343

PART VI. ASSESSMENT OF CHILDREN WITH COMPLEX COMMUNICATION NEEDS

Chapter 13. Assessment of Children With Complex Communication Needs:	347
Resources	
An Overview of Children With Complex Communication Needs	348
The Assessment Team	350
Assessment of Children With Complex Communication Needs	352
Case History and Interview	352
Orofacial Examination and Hearing Screening	353
Parent-Completed Questionnaires	353
Standardized and Criterion-Referenced Instruments	354
Systematic Quantitative and Qualitative Observations	354
Assessment of Receptive Language	356
Assessment of Extant Verbalizations	357
Assessment for Augmentative and Alternative Communication	357
Analysis and Integration of Assessment Results	358
Prognosis for Developing Verbal Communication	360
Postassessment Counseling	361
Chapter Summary	362
Study Questions	363
References	363
Chapter 14. Assessment of Children With Complex Communication Needs:	367
Protocols	
Notes to the Clinician	367
Children With Complex Communication Needs Assessment Protocol 1: Interview	369
Children With Complex Communication Needs Assessment Protocol 2: Verbalizations, Signs, and Gestures	373
Children With Complex Communication Needs Assessment Protocol 3: Qualitative and Quantitative Assessment of Nonverbal Expressive Communication	375
Children With Complex Communication Needs Assessment Protocol 4: Qualitative and Quantitative Assessment of Nonverbal Receptive Communication	381
Children With Complex Communication Needs Assessment Protocol 5: Interaction Between Communication Partners and the Child	386
Chapter 15. Assessment for Augmentative and Alternative Communication Systems	389
AAC Systems	390
AAC System Assessment	391
The Role of Speech-Language Pathologists	391
Resources for the Clinician	392
AAC Changing Perspectives	393
Revised Participation Model	394
Analysis and Integration of Assessment Results	403
Postassessment Counseling	404
Chapter Summary	406
Study Questions	407
References	408

PART VII. LITERACY

Chapter 16. A Primer on Literacy Assessment	413
Language Disorders and Literacy Problems	414
Emergent Literacy and Home Environment	415

Emergent Literacy Skill Acquisition	417
Assessment of Emergent Literacy Skills	419
Assessment of Reading and Writing	424
Integrating Language and Literacy Skill Assessment	430
Chapter Summary	431
Study Questions	432
References	432
Index	435
PART VII LITERACY	
Chapter 16. A Primer on Literacy Assessment	437
Language Theories and Literacy Development	437
Emergent Literacy	437
Phonological Awareness	437
Letter Knowledge	437
Reading and Writing	437
Assessment of Emergent Literacy Skills	437
Assessment of Reading and Writing	437
Integrating Language and Literacy Skill Assessment	437
Chapter Summary	437
Study Questions	437
References	437
Chapter 17. Assessment of Emergent Literacy Skills	437
Phonological Awareness	437
Letter Knowledge	437
Reading and Writing	437
Assessment of Emergent Literacy Skills	437
Assessment of Reading and Writing	437
Integrating Language and Literacy Skill Assessment	437
Chapter Summary	437
Study Questions	437
References	437
Chapter 18. Assessment of Reading and Writing	437
Phonological Awareness	437
Letter Knowledge	437
Reading and Writing	437
Assessment of Reading and Writing	437
Integrating Language and Literacy Skill Assessment	437
Chapter Summary	437
Study Questions	437
References	437
