CHAPTER 1	Principles into Practice Richard Macrory	3
CHAPTER 2	The Legal Nature of Environmental Principles in International, EC and German Law Gerd Winter	
I	Overview of environmental propositions called principles	11
II	The legal nature of environmental principles	13
I.	Principles and policies	13
2.	Principles and rules	15
3.	Principles and the hierarchy of norms	17
a)	General remark	17
b)	German law	19
c)	EC law	19
d)	International law	21
4.	Judicial review of principles	22
a)	The context of providing powers	23
b)	The context of commanding action	25
III	Conclusion	27
CHAPTER 3	The Genesis of EC Environmental Principles Ludwig Krämer	
I	The birth	31
I.1	The origins	31
I.2	Principles in action programmes	32
2	The integration principle	33
2.1	Origins	33
2.2	Treaty amendments	34
2.3	Procedures inside the Commission	35
2.4	Sectoral initiatives	36
2.5	Cardiff process; impact assessments	37
3	The principle of preventive action	38
4	The precautionary principle	38
4.1	Birth of the principle	38
4.2	Precaution and prevention	39
4.3	Content	39
5	The rectification of environmental damage at source	41
5.1	Origins	41
5.2	Application	42

6	The polluter pays principle	43
6.1	Origins	43
6.2	State aids	44
6.3	EC law	45
6.4	Environmental liability	46
7	Concluding remarks	47
 CHAPTER 4	 The Precautionary Principle before the European Courts Joanne Scott	
I	The status of the precautionary principle according to the case law of the European courts	51
II	The implications of the precautionary principle	56
III	The WTO and the elaboration of the precautionary principle	67
 CHAPTER 5	 European Environmental Law Principles in Belgian Jurisprudence Luc Lavrysen	
I	Introduction	75
2	The polluter pays principle	76
2.1	The Court of Arbitration	76
2.2	The <i>Flemish Wastewater Tax</i> case	77
2.3	The <i>Walloon Waste Tax</i> case	79
2.4	The <i>Flemish Cooling Water Tax</i> case	80
3	The precautionary principle	81
3.1	The <i>Aubange-messancy Transmission Line</i> case	82
3.2	The <i>Wilrijk Waste Incinerator</i> case	83
3.3	The <i>Sint-Niklaas Waste Incinerator</i> case	85
4	The prevention at source principle	86
5	The constitutional rights on the protection of a healthy environment and of privacy – The stand still principle	87
5.1	The constitutional rights	87
5.2	The <i>Zolder Race Circuit</i> case	88
5.3	The <i>Bierset Airport</i> case	88
5.4	The <i>Brussels National Airport Night Flights</i> case	90
6	Conclusion	91
 CHAPTER 6	 Implementation and Application of Environmental Principles in Danish Law Peter Pagh	
		95

CHAPTER 7	Principles into Practice – The German Case Bernhard W. Wegener	
	Introduction	101
I	The precautionary principle	103
A.	Precaution in the field of air quality protection and emission control	104
I	Precaution under the ‘ <i>Bundesimmissionsschutzgesetz</i> ’	105
2	The precautionary principle and the question of standing	105
3	Precaution and the justification of environmental protection	107
B.	Precaution as a constitutional obligation	108
II	The polluter pays principle	110
III	The cooperation principle	111
CHAPTER 8	The Environmental Principles of the EC Treaty as a Legal Basis for Judicial Decisions in the Italian Case Law Stefano Grassi	
I	Introductory remarks	115
2.1	The need for precautionary protection in the case law of the Constitutional Court	116
2.2	The enforcement of the precautionary principle in civil case law	118
2.3	The precautionary approach in administrative case law	120
2.4	The precautionary principle in criminal case law	121
2.5	The principle that preventive action should be taken in Italian case law	122
3	The principle that the polluter should pay in Italian case law	123
4	The integration principle and the division of powers in a federal state	123
5	The direct effects of EC environmental principles in Italian case law	124
	Further Observations on the Application of EC Environmental Principles before Italian National Courts Massimiliano Montini	127
CHAPTER 9	European Environmental Principles in Dutch Case Law Liselotte Smorenburg-van Middelkoop	
I	Introduction	133
I.1	Legal principles and Dutch courts	133

1.2	The provenance of European environmental principles in the Netherlands	134
1.2.1	The polluter pays principle (<i>het beginsel de vervuiler betaalt</i>)	134
1.2.2	The precautionary principle (<i>het voorzorgsbeginsel</i>)	135
1.2.3	The rectification at source principle (<i>het bronbeginsel</i>)	136
1.2.4	The integration principle (<i>het integratiebeginsel</i>)	136
1.2.5	Codification of the principles	137
2	The European environmental principles in Dutch case law	137
2.1	The polluter pays principle	137
2.1.1	Is the polluter pays principle a general principle of law?	138
2.1.2	In the context of which issues is the polluter pays principle referred to?	138
2.1.3	Case law regarding the polluter pays principle in the context of Article 174(2) EC	139
2.1.4	Is the polluter pays principle applied <i>ex officio</i> ?	140
2.2	The precautionary principle	140
2.2.1	A test against the precautionary principle: In the context of legislation, policy or autonomously?	142
2.2.2	The precautionary principle and Article 3:2 Awb (the general duty of care) or 3:46 Awb (the justification principle)	143
2.2.3	Administrative case law regarding the precautionary principle and the Wadden Sea	144
2.2.4	Case law regarding the precautionary principle in the context of Article 174(2) EC	147
2.2.5	Case law regarding the precautionary principle in the context of Articles 28-30 EC	147
2.2.6	Civil courts and the precautionary principle	148
2.2.7	The precautionary principle applied <i>ex officio</i> ?	149
2.3	Rectification at source (<i>het bronbeginsel</i>)	150
2.3.1	Case law regarding the rectification at source principle in the context of Article 174(2) EC	151
2.3.2	Case law on the proximity and self-sufficiency principle within the scope of Regulation 259/93	152
2.3.3	The rectification at source principle applied <i>ex officio</i> ?	153
2.4	The integration principle	153
2.4.1	Article 21 of the Constitution, does it contain the integration principle?	154
3	Similar principles that have emerged in the Netherlands	154
3.1	The 'alara' ("as low as reasonably achievable") principle	154
3.2	The stand still principle	155
3.3	The substitution principle	156
4	Conclusions	157

CHAPTER 10	The Application and Interpretation of the Core Environmental Principles by the Portuguese Courts Alexandra Aragão	
1	Introduction	161
2	Legal context	161
3	The Portuguese cases	164
3.1	Illegal activities and the prevention principle: <i>Comital Mining</i> case and <i>Azeméis Dairy</i> case	165
3.2	Locally unwanted land uses and the prevention principle: <i>Estarreja Incinerator</i> case and <i>Maia Petrol Pump</i> case	167
3.3	The polluter pays principle: <i>Minderica Dyers</i> and <i>Coruche Stork Nests</i> case	168
3.4	The polluter-pays and prevention principles: <i>first Póvoa de Lanhoso landfill</i> case	169
3.5	The principles of precaution and prevention: <i>Second Póvoa de Lanhoso Landfill</i> case	170
3.6	The principles of prevention and polluter-pays: <i>Cerveira Scrap-ground</i> case	172
3.7	The principles of prevention and integration: <i>Nisa Swallow Nests</i> case and <i>New Bridge</i> case	173
4	Final remarks on the national application of the principles	175
4.1	The precaution principle	175
4.2	The polluter pays principle	176
4.3	The integration principle	176
5	Conclusion	176
CHAPTER 11	The Application of the Core EC Environmental Principles by Spanish Courts Angel-Manuel Moreno	
1	Methodological remarks	181
2	EC environmental principles applied in jurisdictional 'environmental' adjudication.	182
2.1	The polluters pays principle (<i>el que contamina, paga</i>)	183
2.2	The principle of prevention/precaution (<i>principio de cautela y acción preventiva</i>)	188
2.3	Rectification at source, producer or extended responsibility, regional variations, scientific base, and the integration principle.	191
3	Environmental principles enshrined in Spanish legislation	191
4	Conclusions	191

CHAPTER 12	Environmental Principles in the United Kingdom Richard Macrory and Ian Havercroft	
1	Principles in UK legislation	195
2	Environmental principles in UK legislation and policy	197
3	Environmental principles in policy documents	198
4	Significant case law involving environmental principles	200
4.1	Polluter pays principle	200
4.2	The precautionary principle	204
4.3	Prevention at source	209
4.4	Producer or extended responsibility	209
5	Conclusions	212
CHAPTER 13	Environmental Principles – Experiences of Transition Countries Gyula Bándi	215
CHAPTER 14	Environmental Principles, Modern and Post-modern Law Nicolas de Sadeleer	
1	Introduction	225
2	Modern law	225
3	Post modern law	227
3.1	Dispersion of the law makers	228
3.2	Fragmentation of law	228
3.3	Acceleration of time	229
3.4	Decline of State authority	230
3.5	Increasing dependence of the law on extra-legal spheres	230
3.6	The undermining of the premises of modern law	231
4	Environmental principles represent the interface between modern law and post modern law	231
4.1	Enabling function	232
4.2	Directing function	233
4.3	Interpretative function	234
4.4	Weighing the conflicting interests	235
5	Conclusions	235
	Table of Cases	238
	Index	250
	Contributors	254
