35	Appendix 1 – Described composite stratigraphic section

## Tables

- |   |   |
|---|---|
| 8 | 1. Conodont zones and brachiopod faunas represented in the Lake Claire-Birch River area |
| 9 | 2. Conodont zones and subzones, megafaunal zones and faunas                             |

## Figures

- |           |  |
|-----------|--|
| 2         | 1. Geological sketch map of Lake Claire-Birch River study area, northeastern Alberta, and distribution of Devonian rocks |
| in pocket | 2. Measured sections of part of Slave Point and Waterways Formations   |
| 10        | 3. Distribution chart of brachiopods and other megafossils in beds of Slave Point and Waterways Formations               |
| 11        | 4. Distribution chart of conodonts in beds of Slave Point and Waterways Formations                                       |

## Plates

- |       |  |
|-------|--|
| 41    | 1-5. Various beds of the Waterways Formation |
| 42-47 | 6-8. Illustrations of brachiopods            |
| 48-53 | 9-11. Illustrations of conodonts             |
