Introduction 1

1	Plastics and the Marine Environment	9
1	About Plastic Materials	9
A	<i>The Nature of Plastics</i>	9
i	Terms and Definitions	9
ii	Additives	22
iii	Economic and Social Considerations	28
B	<i>The End of Life of Plastic Materials</i>	32
i	Degradation of Plastic Materials	32
1)	<i>Degradation, Biodegradation and Composting</i>	33
2)	<i>Degradation Process of Plastic Materials</i>	36
3)	<i>Degradation of Plastics in Marine Environments</i>	39
4)	<i>Biodegradability Standards and Labels</i>	40
ii	Plastic Wastes	43
1)	<i>Waste Generation</i>	44
2)	<i>Costs and Impacts of Waste and Disposal</i>	58
C	<i>Life-cycle Analysis and Impact Assessments</i>	64
i	The ISO Standard Series on LCA	66
ii	The Life Cycle Initiative	67
iii	LCAs and Plastics	69
2	Plastic Pollution in the Seas	75
A	<i>Abundance and Spatial Distribution</i>	78
i	Floating Plastic Debris	79
ii	Plastic Debris in Beaches	85
iii	Plastic Debris on the Seabed	87
B	<i>Composition of Marine Plastic Debris</i>	89
C	<i>Main Pollution Sources</i>	90
D	<i>Impacts of Marine Plastic Pollution</i>	93
i	Impact on the Marine Environment and Marine Biodiversity	93

	ii	Economic and Social Impacts	99
3		Summary and Interim Conclusions	103
2		The Protection of the Marine Environment from Land-based Sources of Plastic Pollution in International Law	107
1		The Global Framework	108
	A	<i>Global Policy, Principles and Concepts</i>	110
	i	The Global Policy Framework	110
		1) <i>UN Environment's Role in Policy Formulation and Regulation with Regard to Land-based Sources of Marine Pollution</i>	110
		2) <i>The 1992 Rio Conference</i>	113
		3) <i>The 1995 Washington Conference and the GPA</i>	116
		4) <i>The 2011 Honolulu Strategy: Plastics Coming into Focus</i>	122
		5) <i>Plastic Marine Debris as a Raising Concern in Formal UN Processes</i>	125
	ii	Relevant Principles and Concepts	134
		1) <i>Sustainable Development</i>	134
		2) <i>The Polluter Pays Principle</i>	138
		Conclusion of Section A	142
	B	<i>The UN Convention on the Law of the Sea</i>	143
	i	Maritime Zones	148
		1) <i>Areas under National Jurisdiction</i>	150
		2) <i>Areas beyond National Jurisdiction</i>	153
	ii	UNCLOS Part XII: The Protection and Preservation of the Marine Environment	158
		1) <i>Definition of Marine Pollution</i>	159
		2) <i>General Obligations under UNCLOS Part XII</i>	161
		3) <i>Specific Obligations and Their Relevance to Plastics</i>	178
	iii	Compliance and Enforcement: The Challenges of Plastics	212
		1) <i>The Legal Framework</i>	212
		2) <i>The Challenge of Plastics</i>	216
		3) <i>UNCLOS Dispute Settlement</i>	227
		Conclusion of Section B	234
	C	<i>The Law of the World Trade Organization</i>	240
	i	The WTO in a Nutshell	244
	ii	Core Principles and Agreements	247

	1)	<i>The General Agreement on Tariffs and Trade</i>	248
	2)	<i>The Agreement on Technical Barriers to Trade</i>	260
	3)	<i>The Agreement on the Application of Sanitary and Phytosanitary Measures</i>	262
iii		General Remarks Regarding the Relationship between UNCLOS Part XII and WTO Law	263
iv		The Role of WTO Law with Regard to Domestic Implementation, Cooperation and Unilateral Enforcement	267
		Conclusion of Section C	271
D		<i>Multilateral Environmental Agreements Relevant to Marine Plastic Pollution Mitigation</i>	272
	i	The Protection and Preservation of Marine Species and Ecosystems	273
	1)	<i>The Convention on Biological Diversity</i>	273
	2)	<i>Convention on the Conservation of Migratory Species of Wild Animals</i>	276
	3)	<i>Other Biodiversity-related Conventions</i>	277
ii		Waste Management and the Regulation of Wastes and Hazardous Chemicals	279
	1)	<i>The Basel Convention on the Control of Transboundary Movements of Hazardous Wastes and Their Disposal</i>	280
	2)	<i>The Stockholm Convention on Persistent Organic Pollutants</i>	285
iii		International Watercourses	288
iv		Prevention and Mitigation of Plastic Pollution from Sea-based Sources	290
v		Climate Change Mitigation	291
		Conclusion of Section D	292
2		Regional Schemes	293
	A	<i>Overview on the Regional Schemes</i>	295
	i	The Regional Seas Family	295
	ii	The Legal and Non-legal Frameworks	309
	1)	<i>The Regional Conventions</i>	309
	2)	<i>Legal Instruments on Land-based Sources of Pollution</i>	313
	3)	<i>Specific Examples</i>	320
	B	<i>Strengths and Deficiencies</i>	335

	i	General Effectiveness and Coverage of the Regional Programmes	336
	ii	Pollution Prevention Standards and Environmental Management	338
	iii	Institutional Considerations, Reporting and Compliance	340
	iv	Means of Implementation	340
	C	<i>Evaluation: Can Regional Programmes Close the Gaps?</i>	343
3		Implementation at the Subregional and National Levels	351
	A	<i>A Typology of Implementing Strategies and Measures</i>	352
	i	General Overview	352
	ii	Implementation at the Subregional Level: The Case of the European Union	354
	B	<i>Consistency with WTO Law</i>	365
	i	Plastics and Trade	365
	ii	Bans, Taxes and Levies	367
	iii	Packaging Regulations and Other Technical Barriers to Trade	369
	C	<i>Evaluation: Implementation and the Role of Trade Law</i>	373
		Conclusion and Outlook	378
1		Challenges Related to Plastic Materials, Social Behaviour and Economic Capacities	379
2		Legal Framework and Regulatory Challenges	381
	A	<i>Implementation and Enforcement</i>	381
	B	<i>Regulatory Lacunae</i>	383
	C	<i>Coherence</i>	385
3		Successes and Way Forward	387
		Bibliography	393
		Index	444
