Introduction 1

CHAPTER 1

Back 7

SKIN OF BACK AND SUPERFICIAL SUBOCCIPITAL REGION 7

Dissection Overview 7

- SKELETAL ANATOMY 8
- SURFACE ANATOMY 11

Dissection Instructions 12

- SKIN INCISIONS OF BACK 12
- SUPERFICIAL SUBOCCIPITAL REGION 13

Dissection Follow-up 14

SUPERFICIAL MUSCLES OF BACK 14

Dissection Overview 14

Dissection Instructions 15

- TRAPEZIUS 15
- LATISSIMUS DORSI 15
- RHOMBOID MAJOR AND RHOMBOID MINOR 16
- LEVATOR SCAPULAE 16

Dissection Follow-up 17

INTERMEDIATE AND DEEP MUSCLES OF BACK 17

Dissection Overview 17

Dissection Instructions 17

- SERRATUS POSTERIOR SUPERIOR 17
- SERRATUS POSTERIOR INFERIOR 18
- SPLENIUS 18
- ERECTOR SPINAE 18
- SEMISPINALIS CAPITIS 19
- SEMISPINALIS CERVICIS 19
- MULTIFIDUS 20

Dissection Follow-up 20

SUBOCCIPITAL REGION 21

Dissection Overview 21

- SKELETAL ANATOMY 21

Dissection Instructions 21

- SUBOCCIPITAL MUSCLES 21
- CONTENTS OF SUBOCCIPITAL TRIANGLE 22

Dissection Follow-up 22

VERTEBRAL CANAL, SPINAL CORD, AND MENINGES 23

Dissection Overview 23

Dissection Instructions 24

- LAMINECTOMY 24
- SPINAL MENINGES 25

Dissection Follow-up 27

CHAPTER 2

Upper Limb 29

SKIN AND SUPERFICIAL MUSCLES OF BACK 29

SHOULDER AND POSTERIOR ARM 30

Dissection Overview 30

- SKELETAL ANATOMY 30
- SURFACE ANATOMY 30

Dissection Instructions 31

- SKIN INCISIONS OF POSTERIOR ARM 31
- POSTERIOR SHOULDER 32
- ROTATOR CUFF 33
- SUPRASCAPULAR ARTERY AND NERVE 33
- POSTERIOR COMPARTMENT OF ARM 33

Dissection Follow-up 34

PECTORAL REGION AND SUBCUTANEOUS TISSUE OF UPPER LIMB 35

Dissection Overview 35

- SKELETAL ANATOMY 35
- SURFACE ANATOMY 36

Dissection Instructions 38

- SKIN INCISIONS OF PECTORAL REGION 38
- BREAST 38
- SUPERFICIAL PECTORAL REGION 39
- SKIN INCISIONS OF ARM AND FOREARM 40
- SUPERFICIAL ARM AND FOREARM 41

Dissection Follow-up 42

PECTORAL REGION 42

Dissection Overview 42

Dissection Instructions 42

- PECTORALIS MAJOR 42
- PECTORALIS MINOR AND THORACOACROMIAL ARTERY 43

Dissection Follow-up 44

AXILLA 44

Dissection Overview 44

Dissection Instructions 44

- AXILLA 44
- AXILLARY ARTERY 45
- BRACHIAL PLEXUS 46

Dissection Follow-up 48

ANTERIOR ARM AND CUBITAL FOSSA 49

Dissection Overview 49

- SKELETAL ANATOMY 50

Dissection Instructions 51

- ANTERIOR COMPARTMENT OF ARM 51
- NEUROVASCULATURE OF ARM 52
- CUBITAL FOSSA 53

Dissection Follow-up 54

ANTERIOR COMPARTMENT OF FOREARM 55

Dissection Overview 55

- SKELETAL ANATOMY 55

Dissection Instructions 56

- SUPERFICIAL LAYER OF ANTERIOR FOREARM 56
- INTERMEDIATE LAYER OF ANTERIOR FOREARM 56
- NEUROVASCULATURE OF ANTERIOR FOREARM 58
- DEEP LAYER OF ANTERIOR FOREARM 61

Dissection Follow-up 62

PALM OF HAND 62

Dissection Overview 62

- SKELETAL ANATOMY 63

Dissection Instructions 63

- SKIN INCISIONS OF PALM 63
- SUPERFICIAL PALM 64
- CARPAL TUNNEL 65
- THENAR EMINENCE 67
- HYPOTHENAR EMINENCE 67
- DEEP PALM 68

Dissection Follow-up 69

POSTERIOR FOREARM AND DORSUM OF HAND 70

Dissection Overview 70

Dissection Instructions 71

- DORSUM OF HAND 71
- SUPERFICIAL LAYER OF POSTERIOR FOREARM 71
- DEEP LAYER OF POSTERIOR FOREARM 73

Dissection Follow-up 76

JOINTS OF UPPER LIMB 76

Dissection Overview 76

Dissection Instructions 77

- STERNOCLAVICULAR JOINT 77
- ACROMIOCLAVICULAR JOINT 77
- GLENOHUMERAL JOINT 78
- ELBOW AND PROXIMAL RADIOULNAR JOINTS 79
- INTERMEDIATE AND DISTAL RADIOULNAR JOINTS 81
- METACARPOPHALANGEAL AND INTERPHALANGEAL JOINTS 81

Dissection Follow-up 82

CHAPTER 3**Thorax 83****PECTORAL REGION 83****INTERCOSTAL SPACE 84**

Dissection Overview 84

- SKELETAL ANATOMY 84
- SURFACE ANATOMY 85

Dissection Instructions 85

- INTERCOSTAL SPACE 85

Dissection Follow-up 87

ANTERIOR THORACIC WALL AND PLEURAL CAVITIES 87

Dissection Overview 87

Dissection Instructions 87

- WINDOW THROUGH THORACIC WALL 87
- REMOVAL OF ANTERIOR THORACIC WALL 88
- ANTERIOR THORACIC WALL 89
- PLEURAL CAVITIES 90

Dissection Follow-up 91

LUNGS 92

Dissection Overview 92

Dissection Instructions 92

- LUNGS IN THORAX 92
- RIGHT LUNG 93
- LEFT LUNG 94

Dissection Follow-up 96

MEDIASTINUM 96

Dissection Overview 96

Dissection Instructions 96

- INFERIOR MEDIASTINUM 96
- HEART IN MEDIASTINUM 97
- REMOVAL OF HEART 98

Dissection Follow-up 99

EXTERNAL FEATURES OF HEART 99

Dissection Overview 99

Dissection Instructions 100

- SURFACE FEATURES AND VALVES OF HEART 100
- CARDIAC VEINS 101
- CORONARY ARTERIES 102

Dissection Follow-up 104

INTERNAL FEATURES OF HEART 104

Dissection Overview 104

Dissection Instructions 104

- RIGHT ATRIUM 104
- RIGHT VENTRICLE 105
- LEFT ATRIUM 106
- LEFT VENTRICLE 107

Dissection Follow-up 108

SUPERIOR MEDIASTINUM 108

Dissection Overview 108

Dissection Instructions 108

- SUPERIOR MEDIASTINUM 108

Dissection Follow-up 110

POSTERIOR MEDIASTINUM 110

Dissection Overview 110

Dissection Instructions 111

- POSTERIOR MEDIASTINUM 111

Dissection Follow-up 113

CHAPTER 4**Abdomen 115****SUBCUTANEOUS TISSUE OF ABDOMEN 116**

Dissection Overview 116

- SKELETAL ANATOMY 116
- SURFACE ANATOMY 117

Dissection Instructions 118

- SKIN INCISIONS OF ABDOMEN 118
- SUBCUTANEOUS TISSUE OF ABDOMEN 119

Dissection Follow-up 120

ANTEROLATERAL ABDOMINAL WALL 120

Dissection Overview 120

Dissection Instructions 120

- EXTERNAL OBLIQUE 120
- INTERNAL OBLIQUE 121
- TRANSVERSUS ABDOMINIS 123
- RECTUS ABDOMINIS 123
- EPIGASTRIC VESSELS AND DEEP INGUINAL RING 125

Dissection Follow-up 126

REFLECTION OF ABDOMINAL WALL 126

Dissection Overview 126

Dissection Instructions 126

- ABDOMINAL QUADRANT REFLECTIONS 126
- ABDOMINAL WALL REFLECTION 127
- ANTERIOR ABDOMINAL WALL 128

Dissection Follow-up 129

PERITONEUM AND PERITONEAL CAVITY 129

Dissection Overview 129

Dissection Instructions 130

- ABDOMINAL VISCERA 130
- REFLECTION OF DIAPHRAGM 131
- PERITONEUM 131

Dissection Follow-up 133

FOREGUT DERIVATIVES 133

Dissection Overview 133

Dissection Instructions 134

- STOMACH AND VISCERAL SURFACE OF LIVER 134
- PORTAL TRIAD 135
- CELIAC TRUNK 135
- SPLEEN 136
- LIVER 137
- GALLBLADDER 138

Dissection Follow-up 139

MIDGUT AND HINDGUT DERIVATIVES 139

Dissection Overview 139

Dissection Instructions 140

- MIDGUT DERIVATIVES 140
- SUPERIOR MESENTERIC ARTERY AND VEIN 142
- HINDGUT DERIVATIVES 143
- INFERIOR MESENTERIC ARTERY AND VEIN 144

Dissection Follow-up 144

DUODENUM, PANCREAS, AND HEPATIC PORTAL VEIN 144

Dissection Overview 144

Dissection Instructions 145

- DUODENUM 145
- PANCREAS 145
- HEPATIC PORTAL VEIN 146

Dissection Follow-up 147

REMOVAL OF GASTROINTESTINAL TRACT 147

Dissection Overview 147

Dissection Instructions 148

- OPENING THE STOMACH 148
- OPENING THE SMALL AND LARGE INTESTINES 148
- REMOVAL OF SMALL INTESTINE 149
- REMOVAL OF GASTROINTESTINAL TRACT 151

Dissection Follow-up 152

POSTERIOR ABDOMINAL VISCERA 152

Dissection Overview 152

Dissection Instructions 153

- RETROPERITONEAL VASCULATURE 153
- KIDNEYS 155
- SUPRARENAL GLANDS 156
- ABDOMINAL AORTA AND INFERIOR VENA CAVA 156

Dissection Follow-up 158

POSTERIOR ABDOMINAL WALL 158

Dissection Overview 158

Dissection Instructions 158

- MUSCLES OF POSTERIOR ABDOMINAL WALL 158
- LUMBAR PLEXUS 159
- ABDOMINAL PART OF SYMPATHETIC TRUNK 160

Dissection Follow-up 160

DIAPHRAGM 161

Dissection Overview 161

Dissection Instructions 161

- DIAPHRAGM 161

Dissection Follow-up 163

CHAPTER 5

Pelvis and Perineum 165

ANAL TRIANGLE 166

Dissection Overview 166

- SKELETAL ANATOMY 166
- SURFACE ANATOMY 167

Dissection Instructions 168

- SKIN INCISIONS OF GLUTEAL REGION 168
- SUBCUTANEOUS TISSUE OF GLUTEAL REGION 169
- ISCHIOANAL FOSSA 169

Dissection Follow-up 170

FEMALE EXTERNAL GENITALIA, UROGENITAL TRIANGLE, AND PERINEUM 170

Dissection Overview 170

- SKELETAL ANATOMY 171
- SURFACE ANATOMY 172

Dissection Instructions 173

- LABIA MAJORA 173
- SKIN INCISIONS OF FEMALE UROGENITAL TRIANGLE 173
- FEMALE SUPERFICIAL PERINEAL POUCH 174
- CLITORIS 176
- FEMALE DEEP PERINEAL POUCH 176

Dissection Follow-up 177

FEMALE PELVIC CAVITY 177

Dissection Overview 177

Dissection Instructions 177

- FEMALE PELVIC PERITONEUM 177
- BROAD LIGAMENT 178
- SECTIONING OF FEMALE PELVIS 178
- FEMALE INTERNAL GENITALIA 180

Dissection Follow-up 182

FEMALE URINARY BLADDER, RECTUM, AND ANAL CANAL 182

Dissection Overview 182

Dissection Instructions 182

- FEMALE URINARY BLADDER 182
- FEMALE RECTUM AND ANAL CANAL 183

Dissection Follow-up 184

FEMALE INTERNAL ILIAC ARTERY AND SACRAL PLEXUS 184

Dissection Overview 184

Dissection Instructions 185

- FEMALE PELVIC BLOOD VESSELS 185
- FEMALE PELVIC NERVES 186

Dissection Follow-up 188

FEMALE PELVIC DIAPHRAGM 188

Dissection Overview 188

Dissection Instructions 188

- FEMALE PELVIC DIAPHRAGM 188

Dissection Follow-up 190

SCROTUM, SPERMATIC CORD, AND TESTIS 190

Dissection Overview 190

- SKELETAL ANATOMY 190
- SURFACE ANATOMY 191

Dissection Instructions	192
• SCROTUM	192
• SPERMATIC CORD	192
• TESTIS	193
Dissection Follow-up	194
MALE UROGENITAL TRIANGLE, PENIS, AND PERINEUM	194
Dissection Overview	194
Dissection Instructions	194
• SKIN INCISIONS OF MALE UROGENITAL TRIANGLE	194
• MALE SUPERFICIAL PERINEAL POUCH	195
• PENIS	197
• SPONGY (PENILE) URETHRA	198
• MALE DEEP PERINEAL POUCH	198
Dissection Follow-up	199
MALE PELVIC CAVITY	200
Dissection Overview	200
Dissection Instructions	200
• MALE PELVIC PERITONEUM	200
• SECTIONING OF MALE PELVIS	201
• MALE INTERNAL GENITALIA	202
Dissection Follow-up	204
MALE URINARY BLADDER, RECTUM, AND ANAL CANAL	204
Dissection Overview	204
Dissection Instructions	204
• MALE URINARY BLADDER	204
• MALE RECTUM AND ANAL CANAL	205
Dissection Follow-up	206
MALE INTERNAL ILIAC ARTERY AND SACRAL PLEXUS	206
Dissection Overview	206
Dissection Instructions	207
• MALE PELVIC BLOOD VESSELS	207
• MALE PELVIC NERVES	208
Dissection Follow-up	209
MALE PELVIC DIAPHRAGM	209
Dissection Overview	209
Dissection Instructions	210
• MALE PELVIC DIAPHRAGM	210
Dissection Follow-up	212

CHAPTER 6

Lower Limb 213

SUBCUTANEOUS TISSUE OF LOWER LIMB 213

Dissection Overview	213
• SKELETAL ANATOMY	214
• SURFACE ANATOMY	214
Dissection Instructions	215
• SKIN INCISIONS OF LOWER LIMB	215
• SUBCUTANEOUS TISSUE OF POSTERIOR LOWER LIMB	216
• SUBCUTANEOUS TISSUE OF ANTERIOR LOWER LIMB	218
Dissection Follow-up	219

ANTERIOR COMPARTMENT OF THIGH 219

Dissection Overview	219
Dissection Instructions	220
• SAPHENOUS OPENING	220
• FEMORAL TRIANGLE	221
• ADDUCTOR CANAL AND SARTORIUS	223
• QUADRICEPS FEMORIS	223
• TENSOR OF FASCIA LATA	224
Dissection Follow-up	225

MEDIAL COMPARTMENT OF THIGH 226

Dissection Overview	226
Dissection Instructions	226
• MEDIAL COMPARTMENT OF THIGH	226
• NEUROVASCULATURE OF MEDIAL THIGH	226
Dissection Follow-up	228

GLUTEAL REGION 228

Dissection Overview	228
• SKELETAL ANATOMY	228
Dissection Instructions	230
• GLUTEUS MAXIMUS	230
• GLUTEUS MEDIUS AND MINIMUS	230
• EXTERNAL ROTATORS OF HIP	231
Dissection Follow-up	232

POSTERIOR COMPARTMENT OF THIGH AND POPLITEAL FOSSA 233

Dissection Overview	233
• SKELETAL ANATOMY	233
Dissection Instructions	234
• POSTERIOR COMPARTMENT OF THIGH	234
• POPLITEAL FOSSA	236
Dissection Follow-up	237

POSTERIOR COMPARTMENT OF LEG 238

Dissection Overview	238
• SKELETAL ANATOMY	239
Dissection Instructions	239
• SUPERFICIAL COMPARTMENT OF POSTERIOR LEG	239
• DEEP COMPARTMENT OF POSTERIOR LEG	239
Dissection Follow-up	242

LATERAL COMPARTMENT OF LEG 243

Dissection Overview	243
Dissection Instructions	243
• LATERAL COMPARTMENT OF LEG	243
Dissection Follow-up	244

ANTERIOR COMPARTMENT OF LEG AND DORSUM OF FOOT 244

Dissection Overview	244
• SKELETAL ANATOMY	244
Dissection Instructions	246
• CRURAL FASCIA	246
• ANTERIOR COMPARTMENT OF LEG	246
• DORSUM OF FOOT	248
Dissection Follow-up	248

SOLE OF FOOT 249

Dissection Overview	249
• SKELETAL ANATOMY	249
Dissection Instructions	250
• SKIN INCISIONS OF SOLE OF FOOT	250
• PLANTAR APONEUROSIS AND CUTANEOUS NERVES	250
• FIRST LAYER OF SOLE OF FOOT	251
• SECOND LAYER OF SOLE OF FOOT	252
• THIRD LAYER OF SOLE OF FOOT	253
• FOURTH LAYER OF SOLE OF FOOT	254
Dissection Follow-up	255

JOINTS OF LOWER LIMB 256

Dissection Overview	256
Dissection Instructions	257
• HIP JOINT	257
• KNEE JOINT POSTERIOR APPROACH	258
• KNEE JOINT ANTERIOR APPROACH	259
• ANKLE JOINT	260
• JOINTS OF INVERSION AND EVERSION	262
Dissection Follow-up	263

CHAPTER 7**Neck and Head 265****SUPERFICIAL NECK 266**

Dissection Overview 266

- SKELETAL ANATOMY 267
- SURFACE ANATOMY 267

Dissection Instructions 268

- SKIN INCISIONS OF NECK 268
- LATERAL CERVICAL REGION 269

Dissection Follow-up 270

ANTERIOR CERVICAL REGION 271

Dissection Overview 271

Dissection Instructions 271

- SUPERFICIAL ANTERIOR CERVICAL REGION 271
- MUSCULAR TRIANGLE 271
- SUBMANDIBULAR TRIANGLE 272
- SUBMENTAL TRIANGLE 273
- CAROTID TRIANGLE 273
- EXTERNAL CAROTID ARTERY 275

Dissection Follow-up 276

THYROID AND PARATHYROID GLANDS 277

Dissection Overview 277

Dissection Instructions 277

- THYROID AND PARATHYROID GLANDS 277

Dissection Follow-up 278

ROOT OF NECK 279

Dissection Overview 279

Dissection Instructions 279

- ROOT OF NECK 279
- SUBCLAVIAN ARTERY 280

Dissection Follow-up 281

FACE 282

Dissection Overview 282

- SKELETAL ANATOMY 282
- SURFACE ANATOMY 285

Dissection Instructions 286

- SKIN INCISIONS OF FACE 286
- SUBCUTANEOUS TISSUE OF FACE AND FACIAL NERVE 286
- FACIAL ARTERY AND VEIN 288
- MUSCLES AROUND ORBITAL OPENING 288
- MUSCLES AROUND ORAL OPENING 288
- SENSORY NERVES OF FACE 289

Dissection Follow-up 290

PAROTID REGION 291

Dissection Overview 291

- SKELETAL ANATOMY 291

Dissection Instructions 292

- PAROTID REGION 292

Dissection Follow-up 293

SCALP 293

Dissection Overview 293

Dissection Instructions 294

- SCALP 294

Dissection Follow-up 295

TEMPORAL AND INFRATEMPORAL REGIONS 296

Dissection Overview 296

- SKELETAL ANATOMY 296

Dissection Instructions 298

- MASSETER AND REMOVAL OF ZYGOMATIC ARCH 298
- TEMPORAL REGION 298
- INFRATEMPORAL FOSSA 298

- MAXILLARY ARTERY 300
- PTERYGOIDS 300
- TEMPOROMANDIBULAR JOINT 301

Dissection Follow-up 302

INTERIOR OF SKULL 303

Dissection Overview 303

Dissection Instructions 303

- REMOVAL OF CALVARIA 303
- CRANIAL MENINGES 304

Dissection Follow-up 306

BRAIN REMOVAL, DURAL INFOLDINGS, AND DURAL VENOUS SINUSES 306

Dissection Overview 306

- SKELETAL ANATOMY 307

Dissection Instructions 308

- REMOVAL OF BRAIN 308
- DURAL INFOLDINGS 309
- DURAL VENOUS SINUSES 309

Dissection Follow-up 309

GROSS ANATOMY OF BRAIN 310

Dissection Overview 310

Dissection Instructions 310

- BRAIN 310
- BLOOD SUPPLY OF BRAIN 310
- CRANIAL NERVES 311

Dissection Follow-up 312

CRANIAL FOSSAE 312

Dissection Overview 312

- SKELETAL ANATOMY 312

Dissection Instructions 314

- ANTERIOR CRANIAL FOSSA 314
- MIDDLE CRANIAL FOSSA 314
- POSTERIOR CRANIAL FOSSA 316

Dissection Follow-up 317

ORBIT 317

Dissection Overview 317

- SKELETAL ANATOMY 318
- SURFACE ANATOMY 319

Dissection Instructions 320

- RIGHT ORBIT FROM SUPERIOR APPROACH 320
- CONTENTS OF ORBIT 320
- EYELID AND LACRIMAL APPARATUS 322
- LEFT ORBIT FROM ANTERIOR APPROACH 323

Dissection Follow-up 325

DISARTICULATION OF HEAD 326

Dissection Overview 326

- SKELETAL ANATOMY 326

Dissection Instructions 327

- RETROPHARYNGEAL SPACE 327
- DISARTICULATION OF HEAD 328
- PREVERTEBRAL AND LATERAL VERTEBRAL REGIONS 328

Dissection Follow-up 329

PHARYNX 329

Dissection Overview 329

Dissection Instructions 330

- MUSCLES OF PHARYNGEAL WALL 330
- NERVES OF PHARYNX 331
- OPENING OF PHARYNX 332
- BISECTION OF HEAD 333
- INTERNAL ASPECT OF PHARYNX 333

Dissection Follow-up 334

NOSE AND NASAL CAVITY 335

Dissection Overview 335

- SKELETAL ANATOMY 335
- SURFACE ANATOMY 336

Dissection Instructions 337

- NASAL SEPTUM 337
- LATERAL WALL OF NASAL CAVITY 337

Dissection Follow-up 339

PALATE AND PTERYGOPALATINE FOSSA 339

Dissection Overview 339

- SKELETAL ANATOMY 340

Dissection Instructions 341

- SOFT PALATE 341
- TONSILLAR BED 343
- PALATINE CANAL AND PTERYGOPALATINE FOSSA 343

Dissection Follow-up 345

ORAL REGION 345

Dissection Overview 345

- SURFACE ANATOMY 345

Dissection Instructions 346

- TONGUE 346
- BISECTION OF TONGUE AND MANDIBLE 347
- SUBLINGUAL REGION 347

Dissection Follow-up 349

LARYNX 350

Dissection Overview 350

- SKELETAL ANATOMY 350

Dissection Instructions 351

- INTRINSIC MUSCLES OF LARYNX 351
- INTERIOR OF LARYNX 352

Dissection Follow-up 353

EAR 353

Dissection Overview 353

- SKELETAL ANATOMY 354
- SURFACE ANATOMY 354

Dissection Instructions 355

- TYMPANIC CAVITY FROM SUPERIOR APPROACH 355
- SECTIONING OF TYMPANIC CAVITY 356
- WALLS OF TYMPANIC CAVITY 357

Dissection Follow-up 358

Index 359**Lower Limb****CHAPTER 7****Neck and Head**

7.1	Muscles of the Neck / 270
7.2	Muscles of the Anterior Neck / 270
7.3	Scalene Muscles / 282
7.4	Muscles of the Larynx and Pharynx / 282
7.5	Muscles of the Tongue / 282
7.6	Extrinsic Muscles of the Tongue / 282
7.7	Muscles of the Pharynx / 282
7.8	Muscles of the Palate / 282
7.9	Muscles of the Oral Cavity / 282
7.10	Muscles of the Larynx / 353

CHAPTER 4

4.1	Caput Medusae / 119
4.2	Epigastric Artery Anastomoses / 125
4.3	Inguinal Hernias / 129
4.4	Lacerated Spleen and Splenomegaly / 137
4.5	Liver Enlargement / 138
4.6	Cystic Artery Variants / 139
4.7	Appendicitis / 141
4.8	Superior Mesenteric Artery Syndrome / 142
4.9	Portal Hypertension / 146
4.10	Testicular Vasculature / 155
4.11	Kidney Stones / 156
4.12	Suprarenal Gland Development / 156
4.13	Diaphragmatic Hernias and Pyloric Stenosis / 162
