CHAPTER 1— THE GENEALOGICAL PROOF STANDARD	1
---	---

CHAPTER 2— STANDARDS FOR DOCUMENTING.....	5
1. Scope	5
2. Specificity	6
3. Purposes.....	6
4. Citation uses	6
5. Citation elements	7
6. Format.....	8
7. Shortcuts	9
8. Separation safeguards.....	9

CHAPTER 3—

STANDARDS FOR RESEARCHING 11

PLANNING RESEARCH 11

- 9. Planned research..... 11
- 10. Effective research questions 11
- 11. Sound basis..... 12
- 12. Broad context..... 12
- 13. Source-based content..... 12
- 14. Topical breadth 13
- 15. Efficient sequence 13
- 16. Flexibility 14
- 17. Extent..... 14
- 18. Terminating the plan..... 15

COLLECTING DATA..... 15

- 19. Data-collection scope 16
- 20. Careful handling 16
- 21. Respect for source caretakers 16
- 22. Using others' work 16
- 23. Reading handwriting 17
- 24. Understanding meanings..... 17
- 25. Note-taking content..... 17

26. Distinction between content and comments	18
27. Note-taking objectivity	18
28. Images and printouts	18
29. Transcriptions	18
30. Abstracts	19
31. Quotations	19
32. Transcribing, abstracting, and quoting principles	20
33. Paraphrases and summaries	20
34. Agents	21
35. Source analysis	21
36. Information analysis	22
REASONING FROM EVIDENCE.....	23
37. Sources, information, and evidence.....	23
38. Source preference.....	23
39. Information preference	24
40. Evidence mining.....	24
41. Evidence scope	25
42. Evidence discrimination.....	25
43. Evidence integrity.....	25
44. Evidence reliability	26

45. Assumptions.....	26
46. Evidence independence.....	27
47. Evidence correlation.....	27
48. Resolving evidence inconsistencies	28
49. Unresolved evidence inconsistencies	28
50. Assembling conclusions from evidence.....	28
Using DNA Evidence.....	29
51. Planning DNA tests	29
52. Analyzing DNA test results	30
53. Extent of DNA evidence	31
54. Sufficient verifiable data	31
55. Integrating DNA and documentary evidence.....	32
56. Conclusions about genetic relationships....	32
57. Respect for privacy rights.....	32

CHAPTER 4— STANDARDS FOR WRITING.....

33

GENEALOGICAL PROOFS.....	33
58. Research scope.....	33
59. Proved conclusions	34

60. Selection of appropriate options	34
61. Logical organization.....	35
ASSEMBLED RESEARCH RESULTS	36
62. Integrity and ownership	36
63. Honesty.....	36
64. Background information.....	36
65. Content	37
66. Proofs included.....	38
67. Overall format	38
68. Structure	38
69. Clear writing.....	38
70. Technically correct writing.....	38
71. Cross referencing.....	39
72. Genealogical formats	39
73. Biographical information	40
SPECIAL-USE GENEALOGICAL PRODUCTS	40
74. Reports.....	40
75. Lineage-society applications	42
76. Source guides	42
77. Methodology guides.....	42
78. Compiled abstracts.....	42

79. Reviews	42
80. Database programs	43

CHAPTER 5— STANDARDS FOR GENEALOGICAL EDUCATORS

45

LECTURERS AND INSTRUCTORS

45

81. Planned outcomes	45
82. Content titles	45
83. Enhancements	45
84. Bibliographies	46
85. Presentation style.....	46
86. Ownership	46
87. Course design.....	46
88. Student evaluation	46

CHAPTER 6— STANDARDS FOR CONTINUING EDUCATION

47

KNOWLEDGE AND SKILL DEVELOPMENT.....

47

89. Development goals	47
90. Regular engagement.....	47

Appendix A— THE GENEALOGIST'S CODE OF ETHICS

To PROTECT THE public	49
To PROTECT THE CLIENT (PAYING OR PRO BONO).....	50
To PROTECT THE PROFESSION	51
To PROTECT PEOPLE WHO PROVIDE DNA SAMPLES	52

Appendix B— ABOUT THE BOARD FOR CERTIFICATION OF GENEALOGISTS

PUBLICATIONS.....	56
EDUCATIONAL ACTIVITIES.....	57
CERTIFICATION PROGRAM.....	58

ORGANIZATIONAL STRUCTURE 59

BCG’s ADDRESSES 60

Appendix C—

SOURCES AND RESOURCES 61

 SOURCE MATERIAL AND RELATED READINGS..... 61

 RESOURCES FOR EXAMPLES..... 67

Appendix D—
