

## Scientific program

### WEDNESDAY, 29 MAY

- 
- 18.00–20.00**      **Registration desk hours**
- 
- 18.30–18.45**      **Welcome - 16 years of the D&CVD study group**  
*Prof. Antonio Ceriello*
- 
- 18.45–19.15**      **Session I: State-of-the-art 2024**  
*Chairs: Prof. Antonio Ceriello, Prof. Jan Škrha*
- Novel insights regarding incretin mimetic drugs (GLP-1 and GIP receptor agonists)**  
*Prof. Michael A. Nauck*
- 
- 19.30**              **Welcome Reception**

### THURSDAY, 30 MAY

- 
- 8.00–16.00**      **Registration desk hours**
- 
- 9.00–10.30**      **Session II: Risk and markers**  
*Chairs: Prof. Antonio Ceriello, Prof. Eberhard Standl*
- 9.00–9.20**        **Is a new diabetes typology needed for the management of complications?**  
*Dr Oana Patricia Zaharia*
- 9.20–9.40**        **SCORE2-diabetes: the new gold standard for assessing 10y CV risk of individuals with type 2 diabetes in Europe?**  
*Prof. Eberhard Standl*
- 9.40–10.00**      **The metabolic memory is back, but now we can prevent**  
*Prof. Antonio Ceriello*
- 10.00–10.20**     **Risk markers in cardiovascular disease**  
*Prof. Aleš Linhart*
- Discussion**
- 10.30–11.00**     **Networking, coffee break, and poster viewing**

---

<b>11.00–12.30</b>	<b>Session III: Risk factors in diabetes associated with cardiovascular disease</b> <i>Chairs: Prof. Francesco Giorgino, Prof. Jan Škrha</i>
<b>11.00–11.20</b>	<b>Is obesity in patients with type 2 diabetes an additional risk factor for cardiovascular complications?</b> <i>Prof. Martin Haluzík</i>
<b>11.20–11.40</b>	<b>Dyslipidemia in patients with diabetes: major threat for cardiovascular health as well as opportunity to improve it!</b> <i>Prof. Michal Vrablík</i>
<b>11.40–12.00</b>	<b>Role of the improved blood pressure for development of cardiovascular disease in diabetic patients</b> <i>Assoc. Prof. Ondřej Petrák</i>
<b>12.00–12.20</b>	<b>Smoking – common enemy for glucose metabolism and cardiovascular disease</b> <i>Prof. Jan Škrha</i>
	<b>Discussion</b>
<b>12.30–13.30</b>	<b>Networking, lunch break and poster viewing</b>

---

<b>13.30–13.55</b>	<b>Industry-sponsored symposium (Not included in the main event CME/CPD Credit) – see page 23</b>
--------------------	---

---

<b>14.00–15.30</b>	<b>Session IV: New treatments change guidelines</b> <i>Chairs: Assoc. Prof. Dario Rahelic, Prof. Martin Prázný</i>
<b>14.00–14.20</b>	<b>GLP-1 based multi-agonists and cardiovascular outcomes</b> <i>Prof. Francesco Giorgino</i>
<b>14.20–14.40</b>	<b>New cardioprotective therapies in type 2 diabetes: do they affect insulin resistance?</b> <i>Prof. Nebojsa Lalic</i>
<b>14.40–15.00</b>	<b>Key findings from a living network meta-analysis on new treatments for diabetes potentials for guidelines</b> <i>Prof. Oliver Schnell</i>
	<b>Panel discussion</b>
<b>15.30–16.00</b>	<b>Networking, coffee break and poster viewing</b>

---

<b>16.00–17.55</b>	<b>Session V: Diabetes predicts complications</b> <i>Chairs: Prof. Nebojsa Lalic, Dr Baruch Itzhak</i>
<b>16.00–16.20</b>	<b>Interplay of sleep apnea syndrome and cardio-vascular disorders in diabetes</b> <i>Prof. Paul Valensi</i>

- 16.20–16.40**      **MAFLD, type 2 diabetes, and cardiovascular disease – three friends/enemies**  
*Assoc. Prof. Dario Rahelic*
- 16.40–17.00**      **Chronic complications in maturity onset diabetes of the young /MODY/**  
*Prof. Štěpánka Průhová*
- 17.00–17.20**      **How to improve prognosis of diabetic patients with cerebrovascular risk**  
*Assoc. Prof. Aleš Tomek*
- 17.20–17.40**      **Diabetic kidney disease – call for early diagnosis and treatment in different stages**  
*Prof. Ivan Rychlík*
- Discussion**
- 
- 18.00–18.35**      **Industry-sponsored symposium (Not included in the main event CME/CPD Credit) – see page 23**

## FRIDAY, 31 MAY

- 8.30–12.00**      **Registration desk hours**
- 
- 9.00–10.40**      **Session VI: Any way to prevention?**  
*Chairpersons: Prof. Oliver Schnell, Prof. Paul Valensi*
- 9.00–9.20**      **Glycation and chronic complications in diabetes: a 2024 update**  
*Dr Jan Škrha, jr.*
- 9.20–9.40**      **The cardio-renal-metabolic approach – should we treat to prevent?**  
*Dr Baruch Itzhak*
- 9.40–10.00**      **How to prevent the progression and consequences of CKD in diabetes?**  
*Prof. Per-Henrik Groop*
- 10.00–10.20**      **Global perspective on diabetes mellitus**  
*Prof. Peter E. H. Schwarz*
- 10.20–10.40**      **Rising trend of global Diabetes: What went wrong?**  
*Prof. Akhtar Hussain*
- Discussion**
- 10.40–11.00**      **Networking, coffee break and poster viewing**

---

<b>11.00–12.10</b>	<b>Session VII: New technologies for the future of diabetes</b> <i>Chairpersons: Prof. Per-Henrik Groop, Prof. Akhtar Hussain</i>
<b>11.00–11.20</b>	<b>Insulin patch pumps: do we need the tubing's anymore?</b> <i>Prof. Martin Prázný</i>
<b>11.20–11.40</b>	<b>Artificial intelligence to diagnose diabetic retinopathy and other eye diseases - lessons learned from a national screening programme</b> <i>Dr Jan Šoupal</i>
<b>11.40–12.00</b>	<b>Modern technologies in children diabetes may prevent late complications in the adult age</b> <i>Prof. Zdeněk Šumník</i>  <b>Discussion</b>

---

<b>12.10–12:40</b>	<b>Industry-sponsored symposium (Not included in the main event CME/CPD Credit) – see page 23</b>
--------------------	---

---

<b>12.45–13.15</b>	<b>Session VIII: Short oral presentations and abstract awards</b> <i>Chairpersons: Prof. Jan Škrha, Prof. Martin Prázný</i>
<b>12.45–13.00</b>	<b>Comparison of autologous cell therapy with conservative treatment in people with chronic limb-threatening ischemia and diabetes. A randomized controlled trial</b> <i>Assoc. Prof. Michal Dubský</i>
<b>13.00–13.15</b>	<b>Metabolic syndrome prevalence in women with gestational diabetes and its association with T2DM genetic risk score</b> <i>Prof. Kateřina Kaňková</i>

---

<b>13.15–13.30</b>	<b>General assembly and closing of the meeting</b>  <b>Announcement of the next annual meeting</b>  <b>End of the conference</b> <i>Prof. Jan Škrha, Dr Baruch Itzhak</i>
--------------------	--

---

<b>13.30–14.30</b>	<b>Lunch and farewell</b>
--------------------	---------------------------
