

# Stroke

*Scientific Editor:* Martin M Brown

- |     |   |  |  |
|-----|---|--|--|
| v   | Preface   |  |  |
|     | <i>Martin M Brown</i>                                   |  |  |
| 275 | The impact of stroke                                    |  |  |
|     | <i>Charles D A Wolfe</i>                                |  |  |
| 287 | Measuring outcome                                       |  |  |
|     | <i>Alan Tennant</i>                                     |  |  |
| 296 | Pathology of small vessel stroke                        |  |  |
|     | <i>G Alistair Lammie</i>                                |  |  |
| 307 | Animal models   |  |  |
|     | <i>Daniel L Small and</i><br><i>Alastair M Buchan</i>   |  |  |
| 318 | Diagnosis of stroke with advanced<br>CT and MR imaging  |  |  |
|     | <i>H R Jäger</i>  |  |  |
| 334 | MR spectroscopy in stroke                               |  |  |
|     | <i>Dawn E Saunders</i>                                  |  |  |
| 346 | Ultrasound of the carotid and<br>vertebral arteries     |  |  |
|     | <i>Paul S Sidhu</i>                                     |  |  |
| 367 | MR angiography  |  |  |
|     | <i>Andrew G Clifton</i>                                 |  |  |
| 373 | Transcranial Doppler ultrasound                         |  |  |
|     | <i>Hugh S Markus</i>                                    |  |  |
| 389 | Thrombolysis  |  |  |
|     | <i>Kennedy R Lees</i>                                   |  |  |
| 401 | Neuroprotection   |  |  |
|     | <i>Kennedy R Lees</i>                                   |  |  |
| 413 | Aspirin or heparin in acute stroke                      |  |  |
|     | <i>Anthony C Pereira and</i><br><i>Martin M Brown</i>   |  |  |
| 422 | Optimising homeostasis                                  |  |  |
|     | <i>Philip M W Bath</i>                                  |  |  |
| 436 | Organisation of acute stroke care                       |  |  |
|     | <i>Peter Langhorne</i>                                  |  |  |
| 444 | Surgical treatment of intracerebral<br>haemorrhage      |  |  |
|     | <i>M Shahid Siddique and</i><br><i>A David Mendelow</i> |  |  |
| 457 | Swallowing and prevention of<br>complications           |  |  |
|     | <i>Paul A O'Neill</i>                                   |  |  |
| 466 | Nutrition after stroke                                  |  |  |
|     | <i>Martin Dennis</i>                                    |  |  |
| 476 | Management of spasticity in stroke                      |  |  |
|     | <i>Bipin B Bhakta</i>                                   |  |  |
| 486 | Predicting outcome in acute stroke                      |  |  |
|     | <i>S P Stone, S J Alder and</i><br><i>J R F Gladman</i> |  |  |
| 495 | Improving long-term rehabilitation                      |  |  |
|     | <i>John R F Gladman</i>                                 |  |  |
| 501 | Anticoagulants  |  |  |
|     | <i>Graham S Venables</i>                                |  |  |
| 510 | Prevention of ischaemic stroke –<br>antiplatelets       |  |  |
|     | <i>Dominick J H McCabe and</i><br><i>Martin M Brown</i> |  |  |
| 526 | Who should have carotid surgery or<br>angioplasty?      |  |  |
|     | <i>P M Rothwell</i>                                     |  |  |
| 539 | Making carotid surgery safer                            |  |  |
|     | <i>A Ross Naylor</i>                                    |  |  |
| 549 | Carotid angioplasty and stenting                        |  |  |
|     | <i>P A Gaines</i>                                       |  |  |
| 557 | Cost-effectiveness of stroke<br>prevention              |  |  |
|     | <i>Shah Ebrahim</i>                                     |  |  |
| 571 | Index   |  |  |
